

1) by the night 28 September 2017, Thursday

dearest Therese,

God multiply His blessings for you! May your joy be filled for overflowing in our Lord Jesus, the Christ. It is a wonderful blessing enjoying your written conversations with me.

Forgive me for falling a bit behind! As we share here I make reference to mailings of Sept. 12; 16; 17; 23. It is inspiring receiving and reflecting on Tracts. It provides means, whereby I am able and sharing with others as I interact here and even greater with others across Amer (Heavenly) like (Kingdom) and around the Earth. It is all the Lord's, as we are all His; and, all is His; And, He knows the end from the beginning, all is for His good purpose. ☺

No matter who touches the subject, The Word (John 1:1, 14) has not, does not and will not change. The WARNING with absolute prejudice DOES NOT ^{tell} all of us to take "The Mark of the Beast" (Mark of Satan). For what fellowship do we have with Satan? (Mr. McArthur should not lead there.)

Yes, (not surprised) I did learn of Joel Osteen refusing to shelter victims of the hurricane and flooding who is father of liars? It was my "deception alert by Holy Spirit" that warned me of Osteen's false front already when his father perpetrated the LIES.

Someone gave me a Joel Osteen booklet - an outline of false doctrines. His prosperity message is mammon for all! Total LIE! It is a dark sided mammon chaser!

I have heard - (vague, unverifiable for me) that Dana and four others are safe and well. I pray thanksgiving. It is all in YHWH Messiah/ Jesus, the Christ's hands. There is our certain hope! It all is Yah! ☺

7

I am truly very thankful for the generosity that makes simple things like vitamins and band aid strips available, as well as pens, postage and condiments. No, I did NOT have this reception area for my office remodeling done yet. BLESS YOU sister Therese! Ha! Ha!

You mention the ten-month old boy at Maukato. The massive assault on children = VACCINES is a murderous assault on our children. I advocate against all such ~~to~~ assaults, for where children are not vaccinated SIDS deaths and autism nearly end.

No one should allow themselves to suffer vaccinations. I have NEVER taken a flu shot. The only vaccinations I have ever had were ~~tet~~ tetanus and small-pox. Diddos! avoid all injections!!!

With joy I am ~~en~~ reading "The Case for the Creator." Here we are NOT privy for who sent a book we receive. The mail label does not tell us. Yes, I would count it a blessing having the "Action Bible" for sharing pictures with my KJV/AV of The Bible. I will have room with thanksgiving.

The Nabeel Qureshi story is a moving story. It has been shared with others here. It is an example that shows how unaware we are of what our God has in mind as He unfurls time before us. This may well result in goodness that would not happen had not Nabeel's testimony had the death of the testator for a capstone of his life, and his solid commitment to God's will in his final tests and testimony this side of eternity. Moving! Job is one of my favorite books.

Our God knows the end from the beginning! We do not; but, we do know with confidence Him in whose hands the future is held.

Maria German, ^{Crny} Klock Deutsch (Little German), comes from family. We largely lost it, as during WWII people were persecuted for speaking German in public. We to only got grades to fit my goals.

③

usually B's, a few A's and some C's. My grand son, "straight A's" top gramp for sure. He's in top 4% of all students nationwide — Harvard has been soliciting him — never happened for simple ole' me... Ha Ha! 

As to German... Indo-German is the foundation of all of the languages on Europe and of English — but no one, not even German speakers could relate to that Indo-German language of antiquity. Languages are an interesting thing — thru peculiarities in use by carelessness and/or construct they are constantly changing.

About two weeks ago, our little great granddaughter Stella Jean took her mother, father and grandmother on mom's side to Newark, New Jersey by air, then to New York City to meet her maternal grand father. He is the Syrian Ambassador for the Philippines who arranged all — provided tickets and visited over that weekend. Little Stella was a "hit".  All enjoyed the trip.

Wow! had not heard about the new Caldera of Yellowstone shaking in — I was pleased for you that you are NOT counting on flying-away (pre-trick) before the fireworks. That is an unsustainable false interpretation of the word. I have others I cannot share that TRICK with. They are stuck in Disneyland. The word is Jesus, the Christ from Genesis through the end of the Revelation — no special passes.

The Canadians seem to have a contingency bent on destruction (John 10:10). And the silence about LGBTQ affirms more are bent on satisfying a human fringe than on obeying the word. Bad-hair-day-forth coming. I must share how I came to leave the American Lutheran church about 33 years ago!

4

I and my family were regular active members of Word of Life Lutheran Church on Kimball Avenue in Waterloo, Iowa.

My children were in grade school. Amy now 40 was about 9; Ryan Dean (1974-2000) was about 11. I had planned for picking them up mid-day as it was a Friday, parent-teacher conferences. My wife was a teacher so she had to conference all day into evening. When we arrived home, I grabbed the mail and we sat about fixing soup and sandwiches. As we lunched I read the ALC newsletter. In it, the Bishop was asking that the church retain "homosexuals" as ministers. He pointed out, his son, a homosexual should be allowed to be ordained. I was furious. Sodom and Gomorrah still ran true in my Bible. I went down to my home office and ran a few copies. After that I took Amy and Ryan and went straight to the church. I did not want to be subject to Sodom's lesson. When we arrived, Pastor was in his office. I showed him the horrid newsletter article and asked if he'd seen it. He took a couple minutes to read the article - I told him I wanted my name and my family's names removed from the membership - then that I was willing to help him and his family secure a home so they could move out of the church parsonage - and that I would be willing to address the congregation to see how many would seek to establish a congregation outside ALC. I gave him my car phone; home phone; and office phone numbers so he and his wife could call and let me know what help they wanted. ALC has married same sexes in their sanctuaries - There is "tolerance" for same sex members.

That same night I went to my folks re St. Peters in Greene, Iowa. God rest their souls they could not take a stand. This is how SIN spoils the whole pot of soup. I transferred accounts away from my business to avoid having a part in their evil. The \$ hundreds of fees do not tempt me.

5

It has been my recent privilege receiving e-mails and letters from brother Will. He is a very sincere servant of The Lord and reminds me of precious memories of growing up and sharing in farming and ranching all of my diversified life until this special assignment for our Lord's Kingdom. Will was right when he suggested discussion of his garden and harvests. I might not like to make comparison with the lack in here. None-the-less we must be thankful for manna at times.

Our dear fellow workers in The Kingdom, Erin and Rudy are a blessed example for all of us. They are in the front row as we pray with thanksgiving for our brethren and sisters who are so generous and share so much as the

Soldiers & Saints battle for righteousness in the glow of Jesus, the Christ's working for the glory of the Father — Halleluiah! In thanks for such dedication we have prayer partners all around the world. (Even on those hills under the sunset His redemption Victory is proclaimed!)

Dear sister we are working with your toasts and articles — caring and sharing. I love all the possibilities as we prayerfully thank ^{where} ~~was~~ all the seed blow and how many hearts are moved by them.

It was a joy today, as last night it was my ~~to~~ blessing learning our 8 year old granddaughter was getting her brand new KJV/AV Bible. Now her and her two older brothers all have their own written words as a guide in their young lives. The Lord is so good!

When her mother was about 12 I took our boys, her and her lifelong friend Angie for a night of worship at the Camp Meeting in Cedar Falls, Iowa. The girls, to this day, affirm they found The Lord that evening. It is, as it was ^{how} planned. ... The boys in their own time.

⑥ Ryan Dean went home with the Lord 7 January 2000, as these enemies ran him and Susan O'Brien off the cliff north of the truck stop near Postage, Wisconsin. It is so good having assurance the Lord was right there for him. Michael, now a school administrator, so blessed has a wonderful wife (Kate = Proverbs 31:10-31) and two blessed children, Allison (9) and Andrew (7).

The Lord gets rid of these pests, who've been so irritating and perhaps we can share in some rewarding reunions. More and more people are seeing through all of the FALSE IMPRISONMENT of people by those who have evil, greedy intent of their "father the devil" (Jn 8:44).

I truly fear for all Americans. The consequences for all the evil/sins that are being perpetrated on people in jails, prisons, holding centers, detention centers, hospital lock-ups, etc., are beyond comprehension. This is no less evil than the sins of Judah that resulted in the destruction and conquest by Babylon, etc.

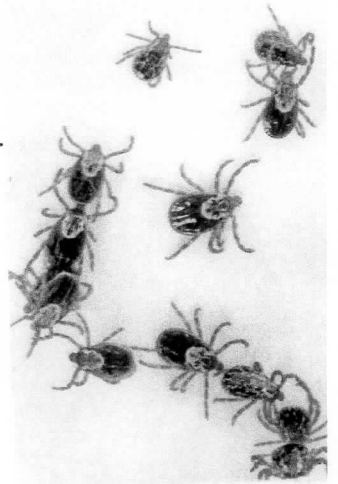

A pray for all who could turn from wicked ways and call on the name of God, for the prayers of a righteous man availeth much. Let us all sincerely pray!

with joy, Love of Christ,
your servant,
Rex-Russell-Dean

May your joy be full!!!

P.S. Do you have a mailing address for Keyser K. Givable?
