

Dear Rudy,

- Please express my gratitude for the people who put money on my books over the weekend. "\$50 Thompson 10-25" "\$60 no name 10-24" and "\$80 Turney 10-24"

As soon as I get my email back, I'm going to work with Jeremy Baker and Cat Bleish to try to ~~get~~ see the state for my open records file, the cheap way. If we get a little further into it and they stare wall us, then hopefully we will have enough money saved up by then to hire an attorney like RJ to help.

Those files will prove that the government KNEW I was innocent all along. We can already prove I'm innocent, but with those files we can stop the government from claiming they prosecuted me "by mistake" or "because they reasonably believed I was guilty."

This will get me out quicker. So thanks for the support.
