Wow, where do I start?

How about that letter you sent me about Mr. XXX "Wow is all I can say and with somebody that is so young with a voice as strong as that is that message.

Not only did my eyes get opened wider, "Indeed," but so was my mind, and heart as well, and I shoot a 100 shot Salut to brother Mr. XXX. Thank you Sir for no Sugar at all !!

Yes, I'm joining the "real Christian army" I'll walk beside my brothers & sisters "back to back with swords in hand I'll Die proudly screaming the name of Jesus..

Faithful to Jesus till Death:

No, I see that this is no easy task, it's a Daily struggle for myself, "and each day I gain more knowledge to help me along this mission God has chosen for me, and lordy it's a struggle and I'd love to claim myself a (prisoner of war) to have that honor, "but no, I'm a prisoner of my past misjudgments and sightless ways that landed me in this spot, "but soon it will be over and I'll walk away after serving 19 years in this sinful place..

A better man? O-yeah, a loving, God fearing man and this part of my life will be forgotten completely and I'll walk in the footsteps of Christ and try to do a little better each day:

I want that voice that will carry far, "to reach the brothers & sisters who don't know and was taught that they are real Christians but are blinded by the coats of Sugar ^{LOL} that's applied to each sermon they ever heard.. It's time to remove all that Sugar and Give it to them raw - un cut... 100% real Jesus, "Str8 off the Grill !!!

They will listen, "because nothing that is preached is →

lord, not at all, that's my calling and it's true,, if
I have to walk around in bare feet,, if that is what
our lord wants of me, that's what he gets..

on 207
I cant sit and cry about all that I lost, no people,
Because what was it really? how was it obtained?
The most valuable stuff I had "lost" stolen was the most
important to me out of all,, my Bible and my phone
book with Rudy & Erins address... wow,, what more
do I need? I cant think of nothing... And I
feel that the lord will bless me with all that I need
when I need it!

What more could I ask for?
That letter from xxx really truly Got me the thinking cap
on and my good book opened and I investigated everything that
young man stated,, now is all I can say and I honestly
felt outa place and wrong when I try'd to get my few
friends to move away from the two, three couples that
were holding hands in church.. most would wonder
why Gator? why? well, it wouldnt last bad at
all if I wasent in a all male prison ^{oo} sheesh
Thats not supposedta happen, let alone not supposedta be
in no church I would want to go to, and the Real
Christians may not hate them types,, but dont shed
upon my God with that (Sogun) and keep all them
cookies in there own church,, and as Mr xxx
stated "I dont need no (Church) on Sunday to praise
my God" I praise & worship Daily,, everyday is
his day and everyday ill Defend his name to the
fullest people..

Bro. Will, Thank your Blessings Sir, and I'm traumatized by the pamphlet of Jesus Feet, "Gosh," that photo hit's home pretty good Sir.

Yes, please send me more. God yes, I have no way to reach out but through mail and sometimes I may be a little late because of no stamps, but it'll always be dropped by your mail box with a response OK.

I'm still in segregation and just learning I should be out of here in about two weeks to go to another prison, but mail will follow me OK. So do write.

I really didn't know Rudy has a web site ^{LOL} no kidding. Can you tell me if my letters are posted or what's on it Bro. I'm truly interested and I'm hoping some of my poems are on there, if not, please ask him about some of my poems I send him.

Do you know Shawn Stullor? That's how I met Rudy, a good friend of mine, but I just was reaching out to a friend (Rudy), never knew he had a website and could open so many doors. (What's it's name?)

See, that's how God works, I'm stuck in this cell from a vicious attack, had no voice or possible way to reach out, and there was Rudy, kinda standing there in full Glory, praise Jesus!!

It does not matter to me if my life is took now, I will shout to everybody my love to our creator and my Dedication, If God wants me home, that's his calling, If he need's me here to do his bidding, then this new life is his to do as he pleases!!

I believe that he has a big plan for me, and I want the entire world to know that there is life after Death. Jesus is real as we both know and every moment is planned by him. Simple →

Hello Betül Kizmaz

I thank you so much for taking the time to sit & drop me a line & find out how I'm doing

<God Bless you>

I'm doing good, and Lord knows how I wish I was with you in Germany ^{lol} yes, it would be a much happier place than this, I'm sure.

No, it was not an injustice that landed me in prison. My own actions did so, with much, much regret of my past, I hang my head in shame, but to tell you honestly, I had a lot of stolen belongings at my home, and here, if you can not give proof of where these items come from, they can give you Burglary charges, as in my case. (often) growing up, I'd not tell on nobody, but chose to take the charges and here I've been for almost 13 years now. I have about 5 more to go before I get out well, about 3 years and 6 months. So it's almost over on this end.

Yes, it's hard with no family and now I gave myself to our God. My old friends are (zilch) &

so I'm kinda left alone and at times it's very very sad on my part, but I keep struggling and going forward with life.

I'm 45 years old, white male, in very good shape now at 190 lbs at 6 foot and I work out everyday as much as possible with my new disabilities. Such as my left eye and nerve damage in my right leg, but I do it with our Lord Christ beside me.

well, you asked what you could do to help me? be my friend, reach out to me. I'm very lonely and I'm still locked up in this cell 23-hours a day and it truly gets so sad and I could use a friend about →

Now, I couldn't ask you for nothing I need, because I realize that to help me here would be extremely costly because of \$ Differents I guess? "Shoot" I'm trying to get a pair of shoes and a sweater to wear, maybe if you could ask Rudy to post that on line for me? That would be Great. But your 5 envelopes was beautiful and extremely helpful and God bless you. I'm allowed 10 # envelopes, 15 # pages of paper, 10 # photos and 20 # stamps in a envelope. of course you don't have to send that, but if possible (PLEASE) send me photos of Germany, (I'd really love that) Once I'm moved to another place (soon), I'll get a photo to send to you OK, and keep writing here because I'll get my mail even if I'm moved no problem, it'll follow me!!

I'm so thankful to you for writing me. I shed tears when the officer stopped at my cell door and slid mail under my door. I stood and looked at it, without touching it & couldn't believe it was for me "ME"? lol praise god!

Please tell me everything about you OK. I'm very interested to learn everything and no more small letters between US. Only big ones.

I know it's cold over there huh? Guess what? I have not ever seen snow in real life. It does not snow in Florida at all, but it's about 65 degrees now and Brrrrr, I'm freezing. of course it does snow in the northern United States, but I'm a Southern - Boy - cowboy hat's and big trucks and horses. No snow but one day I truly want to see and play in it. Make a snow man.

I'd have to dress good. better than I am now, they give us stuff to put on, but most all the good clothes you must purchase from the prison store.

and without family to help. It gets hard at times. I had everything I needed, but what I was beat & stabbed, I also was Robbed, even my shoes was took as I layed there... But, I forgive and leave it in God's hands!!

Yes, you asked about Gangs here? Very much, very bad on every Race. Blacks, whites, spanish... Do you have a lot of Nazis still in Germany? or is that bad to talk about? fill me in ok.

A lot of whites in USA prisos love Hitler, no Kidding, very much so, (Neo-nazis)... crazy I feel, and I try to get along with everybody -- I dont like people who Dont like somebody because of there skin, God made us all, and loves us all!! We should all forget the past and move forward!!

wow, I hope this letter realy reaches your hands, I still cant belive im sending a letter to Germany, wish I could fold myself up in the envelope and send myself, will you find me a place to live? lol

I'll swim once I get out lol leave this place and start over!!

You write back soon, I Love to drawle and write poems, my spelling's not the best, so I hope you can figure it out ok..

Be Good my friend and smile ☺ and thank you again for writing me. God bless you.

Always..

Rich Rich
