Dear Rudy & Erid:

"Sendings"

Hello there, and thank you for writing another eye opener of a letter: "Documentry"

I guess at times I get lost as to where I am, and that there are much bigger problems at hand to deal with out there than my own situation. please forgive me and thank you tremendously - so for the "pull up" for that's what it was..

I'm worried about Angela, but... My hands are tied and after evaluating my entire situation and see'ed that life sometimes deals blows we may not understand in time, it's in God's hands and if one is a follower of our lord then it's Good hands they are in indeed. huh?

But..... what kinda friend would I be if I didnt reach out to anybody I possibly can to seek help, and I'm sorry if I seemed Grubby? but honestly... I just wanted a army of support to be dropped, a million of offers of transportation and 10 millions of prayers.... sometimes we get lost in it... I dont know.. "Hope"?

Again, you both are my teachers now ^{Hs}.. you continue to open my eyes, expand my mind and I'm so grateful of you two people - Sheesh..
Your stuck with a Gator!!!

I'm doing fine people, and have finally been Approved for a transfer, do you know where brother Shawn Stiller is located? I do pray to see him soon, and that will be a blessing.. I plan to eat all his food-up ^{Hs Hs}
For real!! I'll probably cry when and if I see him, he'll probably cry as well, thinking of his loss of food. "Sheesh"

worried as my end? Nope, I have Christ, I gave my complete heart & soul to Jesus, he Died on the cross for my sins and I'll walk tall, stand proud →

and if I must get into another stabbing because of my lord christ "So be it"... I'll Die with the love of God on my lips...

But dont think it will be easy " I'll fight once agied for the lord has a plan for me and ill not allow Satans to try to send his demons to hurt me, and fight I will. indeed !!! Screaming my love for christ with each Blow. ^{HA} praise God.

I do ask you all for a favor please " I need to put somebody on my emergency contact, in case Im hurt and dont make it " please brothers & sisters " Dont Allow me to be placed into the prison Grave here in D.C. " I know it dont matter " but ill be behind that razor-wire forever " my body will " I want to rest and know that my body was free !!

The only person I can ask is Mr. William Cullum, but I dont want to bother Mr. William with this request and you three are my only friends I know of in this world. please think about it..

Of course, i dont plan on Die' " I want to pesster you all for years to come and show up one day on a Harley Davidsons and kick Satans Butt the entire way ... For sure !! praise God.

now, this is what Ive been learning my friends " Studying my butt off.. Sheesh.

Be careful of what you think !!

We all know that as much time you spend in the word, the more power we have, we will get out of the word as much as we put into it. especially the promise that the amount of thought and study we devote to the word will determine the amount of virtue and knowledge that will come back to us.. (Thank you christ)

for most of my life I never thought about what I was thinking at all, I simply acted on my first thought and that was placed there by Satana, controlling my entire life to his wants, not mine. I had no revelation that Satana could inject thoughts into my mind, and much of these thoughts was lies or just plain nonsense. "Totally so" Satana was controlling my entire being because he had all my thoughts to his whim..

Even as a Christian now, I have troubles. Because I must learn to control my thoughts, I must think about positive and productive things to keep Satana at bay. He hates that he lost a warrior in his sick scheme of plans.. he's mad at me and shoots at me 24-7.. but by thinking positive, I overcome his hateful ways and am free of his negativity!

Now I must think about what I'm thinking, and people for a Gator 😊 that's a job ^{Ha} but as I do so, I see that most of my problems come from negative thinking. Through study, I've also learned that "your mind plays an important role in your victory" because with a rotten thought pattern.. we can't possibly win, not at all...

Now, this alone does not get us to heaven, not at all, it clears the road, the only way to salvation is accepting the blood of Jesus, placing his love into your heart and asking him into your soul.. loving him as your true creator and following him and his precious ways. "Amen"?

See, Satana knows our weakness, knows what insecurities we get bothered by the most, he'll shoot at us, play tricks and at some point "Drill you crazy" .. we can't eat that, we must stop these thoughts and pray, reach out to a brother or sister in our army and ask for help if need and grow stronger as we clear our thoughts of ~~Satan~~ Satana's "crap" process he puts into our paths... the and only the will we grow and be able to step forth and overcome

his thinking, and that will be our way to freedom:
and Jesus loves this... "Thank you lord"

We all must renew our minds by his word, study and set
our thoughts free, buy the holy word this is how you
obtain victory and enjoy Gods plan, because without
the word, the evil one blocks all thoughts with
his poop thoughts and no salvation is possible with
the Devil Dictating our thought pattern. (prais God)

If we stop and think about what were thinking about
folks, we will locate the problems, and freedom is just
around the corner.. I promis you, Jesus promis you!

OK, off to something funny, I wasnt going to tell
nobody, but I told 3 people so far and you know I got
to run my Gator trap... so I had a dream, I went
to visit brother William Cullum and we rode his horses
and pickling strawberries ^{Hehe}? the horse he
allowed me to ride. Blinked both his eyes at me and
~~asked~~ asked "Know what that means?" I said "No"

he blinked one eye at me and said "One of these"
which I thought was weird. I got to get on his
back to go to Mr. William and the horse turned
and licked me ^{oo} and then Goosed me!!

I looked under him and it was a male horse ^{HA}
Mr. William came riding up and asked "whats wrong"?
I told him I didnt like his horse no more. ^{LOL}

Everytime I think of this Dream it makes me laugh,
and it's one of them that was full of Peter's.. Sheesh..

I'll never look at a horses the same again..

I know horses can talk ^{oo} look at Mr Edd, but
Do horses Lick? Sheesh now I have the
Scary clown syndrome ^{LOL}

Hey, was one of you able to forward
them letters? to Alstralia to Sis Allisaw
