

Dear Rudy & Eris:

Greetings from the Swamp: and it's Gator Swimming by to say hello and to let the whole world know that Jesus is the man.. he's the most real person that has ever walked this earth and if he can bring me back from the hell's of this earth I lived in.. Everybody can be saved and forgiven.. "That's real people"

First off.. praise the lord for the letters I received from people reaching out to me.. And for my brothers & sisters out of the U.S.A.. "I will be answering your letters soon.. but at this moment still, I'm locked up in solitary over being stabbed and please ya'll.. please pray for me.. this cell is getting old and wearing on my nerves now:

I've been in segregation now since 9-4-17, well over 60 days, no roommate and very little news from the outside, I'm just now (yesterday) learning of the last mass shooting that took place.. wow is all I can possibly say about that situation and may the lord look over the families as well as the shooters involved..

People.. the time is coming when the real soldiers of Christ's army must step forward to protect our own from the sick demons that satan will cast down.. are you prepared to face the lord's judgment?

Are you prepared to fight for Christ's name and to protect our children and loved ones?

I'll ask you this.. what about the ones who don't want our protection? our help or love.. what must we do?

We carry on our devotion to our lord and that separates the real from the fake people: yes it's hard to swallow and that cross may be heavy at times →

but our lord Jesus will Show and lead us Righteously  
On the right path.

I've been sitting here worried about Angela Kendrick, that's  
my future wife "lord I pray" God fearing, lord loving  
christian woman who has been forced to work two jobs  
now, one at a convenience store Gas station from 10 pm  
to 6 am, then in the afternoon's at the shoe store for  
lady's. Supporting two children and a house payment to  
boot... it's hard on her. "praise Jesus."

Im just learning among other things that she had  
a late night visitor, yes friends. The repo man  
has come and Repo'd her car while she was at work  
and now is forced to get a cab and or walk, most  
times the last couple of weeks, it's been both.

I gave up on All illegal activities at all, Satan can  
not put nothing in my path now to force me to return  
to anything ungodly my friends, that life is totally  
over for me. No more Gags, no more running  
Drugs and I'll gladly except another beating and  
more stabbings upon this body before I turn my  
back to our lord... (Simple)

without my extra support at home, things have gotten  
real hard for Angela, and I have no choice but  
to put our situation as Blast yell, to reach out  
to all my brothers & sisters to seek help in our  
problem.. If we dont get a car soon for Angela,  
This Angel may lose the house next. bills are  
piling up quickly and after reviewing the entire  
situation, I reach out to all my friends,  
all my real christians and soldiers out there  
and ask "please" if somebody can help us  
with a vehicle or means to obtain one with  
payments. Step forward..

please call (Angela Kendrick) 850-293-8025 the address is (1312 Sunrunner Road, Pensacola FL 32504..)

I will do anything to help.. admitting my Defeat in this situation with my hands tied is the most frustrating thing possible, Because when you truly love somebody, we don't want them to suffer at all in life and when they do and we can't help .. we cry.. I do people.. I'm a big (Mean looking) heavy bear and I'm crying as I write this..

It seems when we try to do good, Do, act better than yesterday.. Satan gets on his war path to throw all kinds of stuff our way, but we fight him with God's Glory and Army and he has no choice but to tuck tail and run Devil Run, because he'll get Gator bit !!!

Something told me to write Rudy & Erin this letter and explain my situation, Angela's situation and that was God's doing..

Please pray for us as we continue to keep you all in our prayers.

The more we strive in our lives for betterment, we put the face of Satan to the ground in Defeat and we shine in the eyes of our Lord.

I've come so far my friends, and nothing will have me fail in the quest of achieving glory in our Lord Christ.

Yes it's a battle.. for any new brother or sister just coming to this army of our Lord, please know it's a rough road up words.. nothing is easy.. but look at the life we lived before.. was that easy at all? shoot no.. but now at the end of the day I can say "Sheeeesh" and smile in the dark before I go to sleep.. before it was

4

Sheesh.. I hope nobody beats me to death while I sleep for what I dose to them today.. Ha praise Jesus..

Yes the lords path following in his footsteps is a much more Joyful Life than being lost my friends.. and I love you all, all my brothers & sisters, broken down and just starting a new life as me, or been a christed forever.. Shoot me a live please. I would like to get to know all of you from my prayers to yours..

Your brother and soldier in christ.

Rich
