IN RE: **Charles Dyer v Jim Farris Case# CIV-16-941-C**

Dear Judge Jones,

I am sending this letter in regards to the above mentioned case. I am familiar with the case, the evidence that has been presented in this case and the lack of due process given it in the Oklahoma state courts. Up to this point, the Oklahoma judicial system has violated both federal law as well as their own state laws concerning procedures and facts in regards to this case. This complete disregard of due process is exactly what the Fifth Amendment of the U.S. Constitution is designed to prohibit.

There are many of us out here who have followed this case closely and or attended his trials personally. If a citizen not versed in law can easily see that Mr. Dyer was not convicted on evidence against him but on the vindictiveness and perjury of a bitter ex-wife then why are the courts unable to see this? It is clear, that Mr. Dyer was convicted because the state was able to convince a jury using the perjured testimony of a woman who lied to law enforcement more than once claiming Charles was harassing her so his bond would be revoked. These lies were proven to be false allegations so why have the other lies been sustained? Has our justice system come to a point that hearsay and bitterness are grounds to take a man's freedom away instead of actual facts and evidence?

I submit this letter as a request for justice in a time where this term has become lost in our legal system. Justice that Mr. Dyer can be set free or that he can be granted a new trial, a trial in a county not corrupted or tainted, a county where he can have a fair trial and the due process he is entitled. I ask that this court will actually review this case in its entirety and provide him that opportunity for freedom or full due process.

Mr. Dyer served his country for 12 years as a U.S. Marine. A man who volunteered to put his very life on the line defending this country and the very protections the U.S. Constitution provides. A man who has never been in trouble with the law and served our country honorably and with honors.

To this point, Mr. Dyer has been told by the state courts that he will spend the rest of his life in prison and that he has been wrong in his appeals. However, neither the state of Oklahoma nor the state courts have ever explained why Mr. Dyer is wrong in either his factual assertions or legal arguments. They have simply closed their eyes to truth and justice, blindly upholding his conviction. These actions cannot be allowed to stand unchallenged.

Please review the case in its entirety and give it your full attention when rendering your recommendation. I'm confident that you would agree that it would be a travesty and complete failure of justice to continue to allow an innocent man to spend the rest of his left in prison on the account of not giving a case the time and attention that it deserves.

Thank you for your time and consideration.

Respectfully,
