Meine Lieb Bruder Betül,

So pleased to receive your "Trote Weichnetten" Karte! My grandfather used to greet us with Trote Weichnetten when we would gather at his home on Weichnetten Nacht. A long time ago! In Trote ch. 2 reminds us of events we celebrate for our Savior's birth.

Every Christmas eve we, as children, would participate in a Christmas program for the whole congregation of St. Peter's Lutheran Church in Groene, Iowa. The climate in the Iowa is very similar to central Germany. Those were winter nights. ☺

I long since had to separate from The American Lutheran Church as over 30 years ago the Bishop and leaders in St. Paul, Minnesota were advocating for ordination of homosexuals for ministry. Martin Luther would never even imagine advocate for such a prayer sin. My father nor grandfather would neither. ☹

I enclose "A REAL GIFT OF CHRISTMAS" from Our Daily Bread Ministries". I pray it blesses you and yours, Meine Bruder! ☺

I have a friend who has done business in Nürnberg. We've enjoyed discussion of the sites on the post-card you shared earlier. We also have enjoyed sharing the view behind the bus on the card shared earlier. I use that card as a marker in my Bible. Much thanks!

I pray you and yours are blessed with fond memories, and making more fine memories during this season.

Do you by chance snow ski? I truly love snow skiing. I can hardly believe so many seasons have passed. The Alps certainly look inviting.

I have your Nürnberg card on my bulletin Board, just above where I'm sitting. ^{is}

Our Bible accurately sets forth witness for events we are seeing in the world on news today. The best news is, despite all the fearful events, the victory is ours in Jesus Christ! ^{is} We've already been made a part of His Victory! Hallelu Yah! (Romans 8:28)

As the New Year unfolds we can thank our Lord Jesus for His ever presence and for the strength, guidance, and provision for walking in His Word and glorifying Him.

You are in ^{our} special heart and prayers now and as the days unfold — we, in Jesus Christ shall share in wonders beyond compare. It truly will be Deutschland Üben Alle der Welt! A new heaven and a new earth.

Frohe Weihnachten!

with Love of Christ
and Eucharistia,
Ihnen Bruder,
