Dear Mr. Jensen,

I'm writing on behalf of Jeffrey Weinhaus, a political prisoner located in eastern Missouri. On September 11th 2012, he was shot four times in the presence of FBI agents. These FBI did nothing to arrest the troopers who shot him despite the fact that the initial reports and depositions revealed that Mr. Weinhaus made no attempt to draw his weapon nor did the FBI even see a weapon on him. We would appreciate you looking into this and bringing justice to Jeffrey Weinhaus in his situation. We ask that you bring charges against the troopers and the prosecuting attorney in the Missouri court system for wrongfully imprisoning this man for well over 1,900 days. Please check out his web page FreeJeffNow.com for more details about his case. During trial they placed a shock collar on Jeffrey which if they pushed the button would have made Jeffrey pee and defecate himself. That is no way to treat a defendant at trial.

Thank you very much,
Rudy Davis
