

New World Order – Jesus Christ Part 1

The problem is not that I have the desire to just make my cause an attack against Mormonism. My concepts and understandings, might be much deeper than that, as if I tell my whole story based on logic and experience, it is really not a story against just one group of people or a single church group but a story against the bigger picture; the picture of a complete take over and the canceling of all of our god given rights as described and given to us, by Jesus Christ; and which concepts were hence forth expressed and guaranteed to us in the original Magna Carta. The plan of Satan from beginning was to cancel the Common Law as it was based on the teachings of Jesus Christ and to replace it with the Law of Satan called Statutory Law/Law or the law of Corporations. The founding fathers spent a lot of time expressing these overall concepts, putting them in writing in all of the State Constitutions, and the new Federal Constitution to protect the future of this country and the rights of free men, to make sure that the newly created government would honor the Common Law (see 7th Amend. and the right of Habeas Corpus).

Thus, all lawful process that was done before the Civil War with the people, was known as "Common Law". This is the only venue that the original states ever had. Therefore, when they created a new Treaty called the Constitution for the United States of America; it was in fact a Common Law Treaty. This new Treaty carved out a new territory from within the Virginia Republic/Common Wealth, that was to be called the "District of Columbia" (see Art 1, Sec 8 Clause 17). So in all reality this Treaty created a new entity/government that had a specific defined territory, with defined and very limited powers, that were specifically expressed, and no other powers were authorized, and this concept was further protected by the 10th Amendment, under the concept of the separation of powers. Thus Able Lincoln took this Common Law Treaty and totally re-wrote it and made it into corporate Bylaws, of his new fraudulent Corporation, hereinafter called the United States, and this new fraudulent Constitution become known as the Constitution of the United States or the U.S. Constitution. Now this new corporate entity could not use Common Law as it was based on satins law (see Erie Rail Road v. U.S.) and was only venue in Statutory Law (Law of the Ocean). Note here that any Amendment beyond the 10th Amendment does not exist in the real organic Constitution. This means that there is no 11th, 12th, 13 or even a 14th Amendment. Have you ever read the 14th Amendment. Were the framers of the original de jure constitution so illiterate as to have forgotten to put in a citizenship clause? Maybe it was because this Common Law Treaty was authorizing the creation of a statutory war zone venue and it did not need to have any citizenship! Anyway, right after the text covers the concept about being born and/or naturalized, the text next focus on the fact that you can not challenge the debt. What debt? It would seem to me that this whole phony amendment was written to allow the Tallmendians to borrow and put all there newly created corporate citizens into debt. The Bible states that if you go into debt you will wake up a slave on a plantation; without land.

Then Abe had his Carpet Baggers create a new document called the "U.S. Styles Manual and section 33.3 (interesting number?) specifically states that a name that is in all Capitals is a "Vivid Personification" which is described as a non living entity, with no birthright to God. This is a new form of Government of Satan by Satan for Satan and it is in all reality a new type of Government, that has canceled every bodies birthright to any God. Can you imagine, you no longer are by law considered and

living and breathing man? What kind evil is this? This can not be a good concept. This explains how they have enslaved us and taken away our rights.

Now we have so called patriots who run around and attempt to use the U.CC and terms such as Allodia Title. Even these concepts came about after the time of the Civil War. If you want to honor the real law; the Law of God, you must learn to be a real breathing man on the land, using the de jure Law, that was in place before the Civil War. You can not go before Satan and ask him to give you your rights as you are not even a living creature.

It is my opinion that all schemes from Deomon acrary to Communism were all created by the same entities and these entities are Tallmedian in origin. When Moses came down from the Mountain with the Ten Commandments, he noticed that his so called people had divided up into two different camps. He saw a few good people and the rest were melting down the Gold to make idols and they at this time were again worshipping a religion that was an abomination to God that is known now as Free Masonry.

So in all reality the very re-creation of each and every country on this planet was now created through just one group of individuals that I have named Tallmedians. A Tallmedian is a Jewish Person who worships the Talmud. Yes, in my opinion there are good and Bad Jews. The Jew's who worship the Talmud and believe in its words are the Satan really the Satan Worshipers. So when I hear one of them say, we are God's chosen people, I wonder who they have chosen as their God and who chose them. In scripture it is said that you will know them by their works; this is a totally true statement! When did Mexico become incorporated in this very same "Able Scheme" of Incorporation. Would you believe in 1941. What was it that Adolf Hitler did? He created a new Corporation called Germany Incorporated as he burned down the Reichstag and brought his new Corporate Entity to life, that was named the Third Reich. In the Jewish faith you are Jewish only if your mother is Jewish, and I noted that Mr. Hitler's mother and Grand Mother were both Jewish. This means that Hitler was Jewish. I also know in Russia, Stalin and Lenin were both Jewish.

So when I hear Mr. Bush Sr. say things words like; "we must have the new world order"; and I hear the tape of the old Jewish Singer in 1939 named Spike Jones, singing about Hitler's' "New World Order" (pht), I know exactly what they are all refereeing to. They are referring to this concept whereas we cancel the law of God and the Common Law to make everybody a citizen of a new Corporate type of Government. These different corporate take over's have happened in almost every country in the world and they all have different names and the scheme and stock holders are the same. Why should these Tallmedian based countries, now pretend that they are all sovereign countries, when in fact they are all owned by the same group of people, and all of the people that now live in all of these incorporated Statutory Venues are non living Chattel Property (see U.S. Styles manual). These Tallmendians have infiltrated most of the churches and they make sure that the people remain ignorant. They even teach the people the correct way to pray to cancel there god and birth rights. If a person prays wrong or has already had his sole pledged to Satan even through trickery, who are they praying to when they get on their knees and address the person that they refer to as their Heavenly Father.

Remember, I was raised up to know that Communist are totally evil; as my father had joined the Christian Anti- Communist Crusade. He literally taught me to hate all Communists and even all persons who claim to be communist. But, as I learned a few things, I can to understand, that there is no movement or campaign anywhere that gets created unless someone is backing financially back it. So, one day I told my father that in my opinion Communism is just a scheme that was created by the

Talmedians to seize and steal the wealth of a people, and to keep them all enslaved against the concepts of moral good (I gave those who believe in the Talmud this name Talmedians). So in all reality it is just another new deal to incorporate all of the citizens on earth, so that their birthrights can be stolen and to further make them chattel property slaves.

Then, I stated; "who created the concept of Communism", and of course it was Karl Marx who wrote a book called the communist manifesto; and I was told that Mr. Marx was a Jewish Rabbi. Was Anton Levi also Jewish? Yes;, and he created the Church of Satan. It is my understanding the almost every different group seems to have ties to these Tallmedian created groups. I know in my heart that all of these groups that have a variety of different names were all created and are now controlled by these Tallmedians, and are really promoting the evil of Satan. Some of them are as follows: Shinners, Elks, Masons, Skull and Bones, Illuminate, Rebecca's and Rosecutions. All of these groups each have a oath and affirmation that you must swear to, in the name of God, as you promise to allow your throat to be cut from ear to ear if you betray the brotherhood. My father-in-law who was a very devote member of the Latter Day Saints used to do Tempe work almost every day five days a week as he was the most devoted member of this church I have even known. One day he told me that when he was studying his temple ordinances a fiend of his who was a Free Mason helped him learn his lines as the ceremony had almost the exact same wording. I know that Joseph Smith was a member of the Masonic Lodge and was a 33 degree Mason and thus he had learned these same said oaths and covenants in the Masonic Temple.

These oaths and covenants are very important. You are authorizing yourself to be put to death (Blood Atonement), if you turn on your brother. Most all of these Tallmedian created groups practice this concept. As, I was raised in this church I was told that Joseph Smith had brought back and restored God's true Gospel. If this concept is true, logically it would mean that the Masons were in fact originally the true church of God. Of course Masons will tell you that being a Mason is not being a member of a church, as the Masons say they are not a church, and then they will wink at you and say; "we are the church."

So what I'm attempting to say here is that everything that we now know and see all around us and all of these different organizations all in my opinion have the same roots.

I believe that it is very important for them to have us make oaths and covenants, so that that can cancel our birthright to god and do to us what they want to do. I can remember when they told Mohammad Ali to step forward, and raise his right hand and swear the oath and he refused; then he was not allowed to go and die for his demon acrary; as he had not sworn in.

I was told that Jesus Christ was a Jewish Rabbi, and his teachings created Christianity. It is my opinion that the main message of Jesus Christ, is a message that says that we are going to run things in a way that is different than what the Tallmedians have presented to us. Maybe Jesus Christ was the rebel of his day as he brought forth the truth and the correct law and concepts, and this really upset the entire Tallmedian system. I'm sure that he had read and studied the Talmud before he went out and taught against it. They labeled him a heretic and did a Blood Atonement on him now called a Crucifixion. One thing that I noticed as I studied each of the different created groups and their theology, (that have been created by the Tallmedians), is that they always put the concept of "Blood Atonement" into and each and every newly created organization.

When Jesus Christ stated "bring the children unto me", this was a statement that said bring all of the living children unto me, not just the Tallmedians. Note that the Talmud teaches that all of the children who are not part of their group are just animals with no rights. Note this is the same concepts that the communist say and teach to justify killing anything that gets in their way, as they say that all of the people are just matter in motion and there is no God. So when Jesus Christ kicked over the tables in the Temple, he was telling these Tallmdeians to get out of this sacred area with their commerce and vending.

As Lenin and Stalin were both Jewish, not one Synigod was ever shut down during their rain of terror against Christians; just all of the churches that were promoting Christianity. Now no one talks about the 66 million Christians that were murdered as they still don't seem to even be worth mentioning.

Anyway as I was raised a Mormon I was taught and told that we were the lost tribe of Israel and that I was in fact Jewish. I was even given the Jewish name of David.

So as you can see I have incorporated some concepts that go back over 200 years into what I now think is the truth.
