I, Chief Justice Zsuzsanna Hegedus-Holland of the Universal Supreme Court of the Tsilhqot'in, the first international aboriginal court, the highest court in North America of the independent, sovereign country of the Chilcotin, currently held hostage and political prisoner against my will by Canada do solemnly swear and say that the truth is as follows, and whereupon by information and belief, I do verily believe it to be true:

I, Chief Justice of the Universal Supreme Court have been duly appointed to serve as Chief Justice of the Universal Supreme Court of the Tsilhqot'in [USCT] by the Chilcotin National Congress in 2015 and am not "self-appointed" or "self-proclaimed" as some try to misrepresent, in an effort to attack and discredit my authority, the legitimacy of the Universal Supreme Court and the validity of the new country of the Chilcotin, mainly by those who are engaging in corruption or criminal activity and fear the scrutiny of true justice.

2.) Furthermore, no person, court or country has the right or competency to make a determination as to the legitimacy of my appointment, the legitimacy of the Universal Supreme Court or the legitimacy of the Chilcotin. No person, court or country has the right or authority to meddle into the affairs of the Chilcotin Montevideo Convention on the Rights and Duties of State (hereafter referred to as the "MCRDS") Articles #1 & 3.

"The state as a person of international law should possess the following qualifications: (a) a permanent population; (b) a defined territory; (c) government; and (d) capacity to enter into relations with the other states."

"The political existence of the state is independent of recognition by the other states. Even before recognition, the state has the right to defend its integrity and independence, to provide for its conservation and prosperity and consequently to organize itself as it sees fit, to legislate upon its interests, administer its services, and to define the jurisdiction and competence of its courts.

The exercise of these rights has no other limitation than the exercise of the rights of other states according to international law."

As the new country of the Chilcotin meets the above criteria it is an undisputable fact that the new country of the Chilcotin exists. See "Declaration of a New Country Called the Chilcotin

on Sovereign Tsilhqot'in Territory" signed by Grand Chief Stanley Stump Sr. found at www.universalsupremecourt.org

3) One of my many colleagues, Patricia Parsons who retaining full diplomatic immunity at all times material, was also appointed to serve as Chilcotin Minister of Agriculture and being the wife of Chilcotin Ambassador to the USA and Associate Chief Justice, Michael Parsons, is a diplomat and dignitary of the Tsilhqot'in Nation and the country of the Chilcotin, currently residing at the Chilcotin Embassy in Tennessee. Article 37(1) of the Vienna Convention on Diplomatic Relations (VCDR) says:

"The members of the family of a diplomatic agent forming part of his household shall, if they are not nationals of the receiving State, enjoy the privileges and immunities specified in articles 29 to 36."

4) Both diplomats Patricia Parsons and Michael Parsons and the Chilcotin Embassy are protected under the Vienna Convention on Diplomatic Relations (hereafter referred to as the VCDR), upon announcement since January 2017 as per official application to initiate foreign relations at the US State Department with the additional exception of diplomat, Chilcotin Ambassador to the USA and Associate Chief Justice Michael Parsons's announcement to the US courts occurring January 2016, thereby conferring diplomatic immunity to both Patricia Parsons and Michael Parsons as far back as January 2016. Article 39(1) of the VCDR says:

"Every person entitled to privileges and immunities shall enjoy them from the moment he enters the territory of the receiving State on proceeding to take up his post or, if already in its

territory from the moment when his appointment is notified to the Ministry for Foreign Affairs or such other ministry as may be agreed.

5.) As Chief Justice of the Universal Supreme Court, I have the rights and obligations invested in me to further the interests of the Tsilhqot'in Nation governed by the Chilcotin National Congress, to uphold the Constitution of the Tsilhqot'in Nation and individual human rights, administer true justice, to protect the sovereignty and independence of the new country of the Chilcotin and as such, I not only have the right to engage our country's law enforcement and peace keepers but the duty to protect members/citizens and embassies of our nation who are under attack by foreign and domestic assailants. Although the new country of the Chilcotin is a peaceful, law abiding country, not provoking confrontations, the Chilcotin has the inherent right to protection and freedom from declarations of war, (MCRDS Article 3, such as exemplified by, 2015 Prime Minister Justin Trudeau's jailing Tsilhqot'in Attorney General, R. Charles Bryfoyle then continued ~~prosecution~~ ^{prosecution} him in 2016, by Tennessee Judges Peeler and Walker jailing Chilcotin Ambassador and USCT, Associate Chief Justice, Michael Parsons in 2016, continuing to prosecute him to this day, by Prime Minister Justin Trudeau's jailing me April 2017, continuing to prosecute me to this day, as well as by various USA and British Columbia judges, by Federal Bureau of Investigation ["FBI"] and Royal Canadian Mounted Police ["RCMP"] agencies and Canadian and USA representatives, by the British Columbia Ministry of Children and Family Development ["MCFD"] kidnapped Tsilhqot'in aboriginal children for monetary gain or child trafficking or by the BC government stealing the Chilcotin's

Page 4 of 19

natural resources. On April 28, 29, 2017, Canadian Private Investigators while interrogating me, admitted on record that Canada is in a "cold war" with the country of the Chilcotin. Any opposition or attack to the new country of the Chilcotin's sovereignty and independence is in essence a declaration of war on the Chilcotin.

6.) However, at no point in time had diplomat Patricia Parsons and I ever been involved in any sort of kidnapping plot whatsoever; such false accusations and erroneous statements are nothing more than fabrications and baseless gross misrepresentations without any merit or fact. Diplomat Patricia Parsons and I have at all times, material acted lawfully and in good faith, within the scope of our duties.

7.) At all times material diplomat Patricia Parsons relied on, trusted in, complied with my directions, requests, orders and instructions which as directed by a higher court of law she was obliged to uphold because my directions, requests, orders and instructions were always lawful, safe and in the best interest of national security for all parties. Due to the fact diplomat Patricia Parsons was not privy to the nature of the operations which FBI "Confidential Human Source, (CHS)", ~~and~~ "Chilcotin Commander & Chief", Eugene B. Thacker III and I were engaged in, I take full responsibility for the actions of diplomat Patricia Parsons at all times material.

3.) At no time material did diplomat Patricia Parsons owe any duty to inform the FBI of anything on or off Chilcotin Embassy property. When diplomat Patricia Parsons questioned the truthfulness of FBI "Confidential Human Source's" and "Chilcotin Commander and Chief's"

Eugene B. Thacker III's, aka Gene, (hereafter referred to as "Mr. Thacker") statements, I reassured her that nothing illegal was going on and alluded to the fact we, (Mr. Thacker and I) were trying to save her husband's life, as Ambassador and ACT Michael Parsons's life was in grave danger again.

7.) At no point in time did diplomat Patricia Parsons or I have any idea that Mr. Thacker and/or his associates were recording our telephone calls, nor did diplomat Patricia Parsons or I ever give our consent to being recorded and monitored and surely neither diplomat Patricia Parsons or I ever consent to Mr. Thacker or his associates turning said recordings over to the FBI or any other agency. On the contrary, Mr. Thacker reassured me multiple times of privacy and confidentiality which was also written into the contract dated February 19, 2017, entitled "Chilcotin Contract Between the Chilcotin (Tsilhqot'in) Nation and Hookem and Bookem Elite Fugitive Recovery, LLC" signed with Mr. Thacker and his company, Hookem and Bookem Elite Fugitive Recovery, LLC as the "Confidentiality Agreement," as drafted by Mr. Thacker. Mr. Thacker's actions and the actions of the FBI are conclusive proof of FBI's misconduct in abusing surveillance powers, then committing perjury on affidavit numerous times stating that consent to recordings and monitoring was given by diplomat Patricia Parsons and I when it was not, implicitly or otherwise given and the affiants who deposed such are held to the strict proof thereof.

8.) Previously said actions of Mr. Eugene B. Thacker III are fraudulent, deceptive, a heinous betrayal of trust, confidence and integrity,

treasonous, a breach of contract, a breach of trust and indictable under the War Crimes Act.

1.) At all times material, Mr. Thacker was provided ample opportunity to understand and acquaint himself with Chilcotin law and the Constitution of the Tsilhqot'in Nation which was noticed to him prior to his signing Chilcotin contracts, via e-mails and www.universalsupremecourt.org website whereupon it was incumbent upon him to do due diligence. When Mr. Thacker agreed to his appointment and prior to that being employed by the country of the Chilcotin, Mr. Thacker agreed to sections 2(3)(4), 3(3)(5)(17)(20)(21) of the Constitution of the Tsilhqot'in Nation which declares paramountcy of Chilcotin law and supremacy of Universal Supreme Court orders to that of the United States of America's laws and courts.

2.) At the point in time Mr. Thacker signed various contracts with the Tsilhqot'in Nation and the country of the Chilcotin, Mr. Thacker knew or should have known the authority of the Universal Supreme Court supercedes the authority of the FBI or any other USA government agency or court.

3.) At the point in time Mr. Thacker signed various contracts with the Tsilhqot'in Nation and the country of the Chilcotin, Mr. Thacker knew or should have known the sovereign and independent country of the Chilcotin pre-existed Canada and the USA and is still technically not a part of Canada ~~and the USA~~ because the Tsilhqot'in people never signed a treaty with Canada, therefore the Chilcotin need not secede from Canada, only assert its authority and status as a

legitimate country, with a legitimate international court with legitimate orders, indictments and arrest warrants, confirmed by the Supreme Court of Canada 2014 decision, Tsilhqot'in Nation v. British Columbia acknowledging the Tsilhqot'in people's right to title and the B.C. Supreme Court decision, Toosey Indian Band v. West Fraser Ltd, 1995 acknowledging Tsilhqot'in sovereignty and borders of the Chilcotin as far back as the 1800's.

4.) It is plain and obvious that Mr. Thacker's previously stated actions of informing the FBI of the Chilcotin's classified and confidential mission, constitute a serious security breach and violation of not only Chilcotin law but international law such as the VCDR and the MCRDS whereupon criminal charges must be brought.

5.) It was Mr. Thacker who repeatedly stated the mission had an element of risk and danger which he reassured me he was "fine" with and as a law enforcement officer it was "part of the job", which I relied on and is evidenced by the many apparently recorded conversations I had with Mr. Thacker, which now must be produced and disclosed.

6.) During a telephone conversation I had with Mr. Thacker at one point, Mr. Thacker asked me if I wanted him to kill the people being arrested as it would be easier for him to cross the border while travelling to the Chilcotin without them, to which I exclaimed "No!" They are being brought to justice!" Such statements by Mr. Thacker show a decided lack of understanding and a level of incompetency as to the nature of the mission Mr. Thacker and his company, Hookem

at Bookem Elite Franchise Recovery Services LLC was hired today. If Mr. Thacker thought he was involved in a kidnapping plot, he was sadly mistaken and misinformed. Also, if Mr. Thacker was plotting to commit kidnapping, he was the only one, as diplomat Patricia Parsons and I did not consent to kidnapping or any illegal activity. On the contrary, I reassured diplomat Patricia Parsons, who relied solely on my knowledge of the mission, as I was acting as "chargé d'affaires ad interim" in accordance with Article 19 of the VCDR, that what was going on was not only legal but honourable in that the life of Ambassador and Associate Chief Justice Michael Parsons was being saved and criminals such as Judge Walker and Sheriff Kapperman were being brought to justice. Such emergency measures had to be taken because the US State Department, US Department of Justice and FBI all failed to, or refused to, or neglected to do their job.

17) Clearly after 10 months of my not being charged with a bogus conspiracy to commit kidnapping charge, then a person such as diplomat Patricia Parsons ought not to have been charged with such false charges because diplomat Patricia Parsons was never privy to the nature or details of the operation Mr. Thacker and I were involved with to wit, execution of arrest warrants and saving the life of Chilcotin Ambassador and Associate Chief Justice Michael Parsons, diplomat Patricia Parsons never signed a contract to hire Mr. Thacker & his company to execute previously stated arrest warrants and rescue, nor had any knowledge of such, diplomat Patricia Parsons never solicited the employ of Mr. Thacker & his company, diplomat Patricia Parsons, never knew details of or

negotiated payment for services agreed upon by me and Mr. Thacker diplomat Patricia Parsons never knew the plane and corvette were only to be held in trust as security and returned when payment was rendered in full and not a deposit for services, all of which is immaterial under the VCDR which provides diplomat Patricia Parsons with diplomatic immunity or deportation back to the sending state of the Chilcotin for adjudication of said charges.

8.) The proceedings of this here case file #06512:17CR20248-001 in the US District Court for the Western District of Tennessee have clearly been illegal, biased and an enormous miscarriage of justice.

9.) When on February 16, 2017 the FBI were contacted by Mr. Thacker who then showed the FBI, USCT indictments and arrest warrants for Joseph Walker, Kurt Kapperman and 6 Chilcotin members, subsequently for William Peeler Paine & Cullen, the FBI had a duty and obligations to assist Mr. Thacker in the execution of those orders in accordance with the new Chilcotin laws which come into effect when invoked. As of January 12, 2017 when the FBI were informed by Chilcotin Ambassador and Associate Chief Justice Michael Parsons of his ambassadorship and judgeship it was incumbent upon the FBI to do due diligence with respect to the authority of the USCT and the new country of the Chilcotin so that by February 16, 2017, the FBI knew or should have known the FBI had a duty to assist with the execution of USCT indictments and arrest warrants because failure to do so is/was an obstruction of justice.

20.) At no point in time does the FBI have the authority or competency to deny the legitimacy of the new country of the Chilcotin or the legitimacy of the Universal Supreme Court and its universal jurisdiction when matters or cases are attorned to it; especially since neither President Obama, President Trump, Prime Minister J. Trudeau, the UN or many other worldwide embassies objected to the universal jurisdiction of the Universal Supreme Court and the Constitution of the Tsilhqot'in Nation when invoked internationally.

21.) Article 4(2) of the VCDR says:

"The receiving State is not obliged to give reasons to the Sending State for a refusal of agreement."

But a "refusal" they must give. The Chilcotin has received no such "refusal of agreement" to date. As the Chilcotin, in good faith and due diligence submitted application to the US State Department in January 2017 with respect to initiating foreign relations and acceptance of the Chilcotin's proposed Ambassador to the USA, his wife and proposed Chilcotin embassy. Absent a "refusal of agreement" shows either acceptance of the Ambassador, his family and the Chilcotin embassy or it shows an intentional refusal to communicate with the Chilcotin in order to sanitize or excuse hostile and aggressive war crime attacks against the Chilcotin and its diplomats. The Chilcotin has waited for a response from the US State Department and President Trump for over a year with respect to said application. In accordance with Article 4(1) of the VCDR

"The sending State must make certain that the agreement of the receiving State has been given for the person it proposes to accredit as head of the

mission to that State."

As recently as January 25, 2018 the Chilcotin contacted the US State Department with respect to the status of the Chilcotin's application. At first a person named "Joe" told me he didn't know anything about the Chilcotin's application, then afterwards told me the country of the Chilcotin has not been recognized and then hung up before I had a chance to request a written response to our application with respect to our proposed Ambassador and Chilcotin embassy as recognition with respect to the Chilcotin being a new country was not required nor requested via the application.

It seems like the US State Department is discriminating against the Chilcotin by not responding to its application in a timely manner as it would to other countries or is not responding at all which Article 4 (c) seems to imply must be satisfied. Articles 13 (1) & 18 speak against discriminatory practices by saying:

"... shall be applied in a uniform manner."

"The procedure to be observed in each State for the reception of heads of mission shall be uniform in respect of each class."

Yet, it is argued that the President's absence of a refusal is actually acceptance of the aforesaid Chilcotin application. In either event neither scenario is justification for the USA's jailing Chilcotin diplomats, denying their rights to diplomatic immunity by citing false standards of recognition that do not exist under the MCRDS sections 1 & 3, using that as an excuse to contravene other laws

such as the MCRDS section 10 & 11.

"The primary interest of states is the conservation of peace. Differences of any nature which arise between them should be settled by recognized pacific methods."

"The contracting states definitely establish as the rule of their conduct the precise obligation not to recognize territorial acquisitions or special advantages which have been obtained by force whether this consists in the employment of arms, in threatening diplomatic representations, or in any other effective coercive measure. The territory of a state is inviolable and may not be the object of military occupation nor of other measures of force imposed by another state directly or indirectly or for any motive whatever even temporarily."

2.) Therefore recognition need not be given by a receiving state to invoke provisions of the VCDR with respect to the rights of diplomatic immunity only objection to an announced ambassador or embassy, which so far has not happened by either President Obama or President Trump. Thus the actions of the FBI in threatening, attacking, arresting, charging, prosecuting, detaining Chilcotin diplomats, as well as using illegal search warrants to raid, break into and steal confidential documents and electronic data from the Chilcotin Embassy in Tennessee was unlawful and indictable under the Crimes of Humanity & War Crimes Act. The wording of the VCDR in Article 2 was not intended to give license to States to violate the MCRDS Articles 10
[Page 13 of 19]

§ 11.

"The establishment of diplomatic relations between States, and of permanent diplomatic missions, takes place by mutual consent."

Article 5 of the VCDR concurs that a diplomat head of mission may be a diplomat "to more than one State" "unless there is express objection by any of the receiving States." Thus a diplomat's diplomatic immunities must be upheld upon announcement, not upon a false standard of country recognition because a receiving State does not know whether a particular diplomat is a diplomat of another State simultaneously.

3.) During unlawful interrogation of me on April 29, 2017 Canadian Private Investigators stated on record, "Everything you've done would be fine IF you were a real country." By international standards the Chilcotin is a "real country," so as per RCMP Major Crimes Unit, Division E, private investigator's own admissions we, Chilcotin leaders have acted lawfully and within reason at all times.

4.) At no point in time does the USA via the State Department, the US Department of Justice or FBI have license to contravene and violate international laws such as the MCRDS & VCDR by raiding the Chilcotin Embassy to the USA, stealing classified Chilcotin documents, computers, electronic devices owned by the Chilcotin and its members, nor does the US State Department, the US Department of Justice & FBI have license to contravene, violate the

the VCDR & MCRDS by arresting diplomat Patricia Parsons, prosecute diplomat Patricia Parsons or detain diplomat Patricia Parsons.

25.) As rightful owner & heir of the Council on Foreign Relations and Council for a Livable World, I call upon and instruct and order the Council on Foreign Relations and Council for a Livable World to intervene immediately in this here case, in Nebraska District Court Case # 4:17CR-038 and Williams Lake, Chilcotin (formerly BC) court file # 33443, as per prior USCT orders and ~~my~~^{my} further instructions, orders.

16.) At no point in time was diplomat Patricia Parsons charged with or indicted with a crime, nor can she be as she has diplomatic immunity under the VCDR, but her lawyer, Attorney Jeffrey Jones provided diplomat Patricia Parsons with false information which diplomat Patricia Parsons relied on pleading guilty to something she didn't do. Pleading guilty to false information is meaningless. Mr. Jones and Mr. Thacker, in collusion with the US Department of Justice and the FBI had engaged in harassment and terrorizing of diplomat Patricia Parsons with impunity. The Tennessee courts have no jurisdiction over diplomat Patricia Parsons and any orders or proceedings made in this case # 06512:17CR 20243-001 is fraudulent, a hoax, illegitimate, a scam, scandalous and vexatious, and just plain shameful and disgraceful, a federal crime committed by those who participated in such RT(C) crimes.

17.) At no point in time did the US Department of State or US State

Department have license to or permission to contravene, violate international laws of the VCDR by withholding protection to diplomat Patricia Parsons, stating that the reason they do so is because the President has "not recognized" the new country of the Chilcotin which statement is fallacious on its face and wrong, President Trump has also not opposed or denounced the new country of the Chilcotin either and at some point in time the US State Department, US Department of Justice and FBI in collusion with the RCMP and Canada have to stop holding the new country of the Chilcotin hostage by omitting to inform President Trump of the Chilcotin's year old application to initiate foreign relations, without being in danger of war crimes violations.

8.) The MCRNS clearly & specifically states that recognition of the new country of the Chilcotin is not required from the President of the USA and the recognition of Chilcotin Ambassador and Associate Chief Justice, Michael Parsons, according to the VCDR is automatic. Thus in order to advantage the USA's economy via a billion dollar forest contract, the Chilcotin, in good faith was willing to apply and begin foreign relations with the USA. However that billion dollar forest contract has been stalled awaiting the President's decision to approve the Chilcotin's application to initiate foreign relations. Awaited also was the President's agreement of announced Chilcotin diplomats Ambassador and Associate Chief Justice, Michael Parsons and his wife, diplomat and Chilcotin Minister of Agriculture Patricia Parsons. However if no denial by the President or opposition by the President of the USA has been voiced for a whole year, by virtue of the President's silence Ambassador Michael Parsons's ambassador-

3

ship has been sustained, carried, consented to and approved. Likewise, the same pertains to diplomat Patricia Parsons. One year is ample and reasonable time to give the President opportunity to denounce or oppose a declared ambassador. One year is probably longer than other nations and countries have had to wait for a response from the President of the USA. The USA can not hold the entire nation of the Chilcotin hostage with deniable plausibility tactics as an excuse to attack Chilcotin diplomats and Chilcotin Embassies without being at risk of being indicted for war crimes. The dilemma the US State Department now has to contend with is the fact that the US State Department failed to uphold protections for announced Chilcotin Ambassador & Associate Chief Justice, Michael Parsons and his wife, diplomat Patricia Parsons in contravention of the VCDR for a whole year and permitted the US Department of Justice and FBI to terrorize, torture & violate Chilcotin diplomats Patricia Parsons ~~and~~ and Chilcotin Ambassador & Associate Chief Justice Michael Parsons as well as raid Chilcotin Embassy, therefore who will compensate for said atrocities to said Chilcotin diplomats and what judgments will need to be forthcoming for those who perpetrated said international crimes?

9.) By the USA State Department's, the Department of Justice's and the FBI's collusion and conspiracy with Canada in attempting to discredit and destroy the new country of the Chilcotin a constitutional crisis has been created both in Canada and especially in the USA. These unprovoked acts of terrorism and hostile aggression of war towards the peaceful and law abiding country of the Chilcotin is proof of prima facie, material evidence of the dysfunction, abuse of powers, heinous crimes and violations against

the Constitution for/of the United States of America and against "we the people" by the US State Department, by the US Department of Justice and the FBI. Therefore, the US State Department, the US Department of Justice & the FBI have to be brought to answer for the crimes they have perpetrated on "we the people" by creating a constitutional crisis.

3d.) No legal formal opposition or objection has been made to the "Declaration of a New Country Called the Chilcotin Upon Sovereign Tsilhqot'in Territory," the Universal Supreme Court Act, the Constitution of the Tsilhqot'in Nation and map of Chilcotin borders by the Tsilhqot'in National Government (TNG) Society, by Prime Minister Justin Trudeau, by Canada or British Columbia, by President Obama, by the US State Department, by the US Department of Justice and the FBI, by the UN and by numerous embassies worldwide since its inception and service of documents, starting with TNG society in 2015, which did not object to the Chilcotin National Congress headed by Grand Chief Stanley Stump Sr., as the true ruling governing body of the Chilcotin, the Tsilhqot'in nation & Tsilhqot'in people, as per sections 6, 7, 8 of the Constitution of the Tsilhqot'in Nation. Thus, absent any formal challenge, as long as people elect to affirm their cases to the Universal Supreme Court to be heard, tried and adjudicated, the Universal Supreme Court is a legitimate valid court due to the authority conferred upon it by the Chilcotin National Congress (CNC) and the vote of confidence "we the people" agree the Universal Supreme Court retains, as an alternative legitimate court system.

AFFIDAVIT

I, Chief Justice Zsuzsanna Hegedus-Holland of the Universal Supreme Court of the Tsilhqot'in, the first international aborigin court, the highest court in North America of the independent, sovereign country of the Chilcotin, currently held hostage and political prisoner by Canada against my will, do solemnly swear and say that the truth is as follows, and whereupon by information and belief, I do verily believe it to be true:

I, Chief Justice of the Universal Supreme Court have been duly appointed to serve as Chief Justice of the Universal Supreme Court of the Tsilhqot'in by the Chilcotin National Congress in 2015 and am not "self-appointed" or "self-proclaimed" as some try to misrepresent, in an effort to attack and discredit my authority, the legitimacy of the Universal Supreme Court and the validity of the new country of the Chilcotin; by those who are engaging in criminal activity and fear the scrutiny of true justice. [See attached as "Exhibit 1," a true copy of my appointment to the bench.]

2) Furthermore, no person, court or country has the right or competency to make a determination as to the legitimacy of my appointment, the legitimacy of the Universal Supreme Court, or the legitimacy of the new country of the Chilcotin, consequently the US District Court for the District of Nebraska is not a court of competent jurisdiction to determine the legitimacy of my appointment, the legitimacy of the Universal Supreme Court, or the legitimacy of the new country of the Chilcotin, according to the Montevideo Convention on the Rights and Duties of States (hereafter referred to as the "MCRDS") Article 1 #3 of the MCRDS says:

"The state as a person of international law should possess the following qualifications: (a) a permanent population; (b) a defined territory; (c) government; and (d) capacity to enter into relations with other states."

"The political existence of the state is independent of recognition by the other states. Even before recognition the state has the right to defend its integrity and independence, to provide for its conservation and prosperity, and consequently to organize itself as it sees fit, to legislate upon its interests, administer its services, and to define the jurisdiction and competence of its courts."

The exercise of these rights has no other limitation than the exercise of the rights of other states according to international law."

2.) Furthermore, no person, court or country has the right or competency to make a determination as to the legitimacy of my appointment, the legitimacy of the Universal Supreme Court, or the legitimacy of the new country of the Chilcotin, consequently the US District Court for the District of Nebraska is not a court of competent jurisdiction to determine the legitimacy of my appointment, the legitimacy of the Universal Supreme Court, or the legitimacy of the new country of the Chilcotin, according to the Montevideo Convention on the Rights and Duties of States (hereafter referred to as the "MCROS", Article 1 & 3 of the MCROS says:

"The state as a person of international law should possess the following qualifications: (a) a permanent population; (b) a defined territory; (c) government; and (d) capacity to enter into relations with other states."

"The political existence of the state is independent of recognition by the other states. Even before recognition the state has the right to defend its integrity and independence, to provide for its conservation and prosperity, and consequently to organize itself as it sees fit, to legislate upon its interests, administer its services, and to define the jurisdiction and competence of its courts.

The exercise of these rights has no other limitation than the exercise of the rights of other states according to international law."

As the new country of the Chilcotin meets the above criteria, it is an undisputable fact that the new country of the Chilcotin exists. See "Declaration of a New Country Called the Chilcotin on Sovereign Tsilhqot'in Territory" signed by Grand Chief Stanley Stump Sr. found at www.universalsupremecourt.org

3.) Equally, the US District Court for the District of Nebraska does not have the right in law or otherwise to meddle into the affairs of the new country of the Chilcotin according to the MCRDS Article 8

"No state has the right to intervene in the internal or external affairs of another."

or proceed against an ambassador awaiting recognition by the President of the USA as per VCDR Article 2 § 4(1) (2) state.

"The establishment of diplomatic relations between States, and of permanent diplomatic missions, takes place by mutual consent."

"The sending State must make certain that the agreement of the receiving State has been given for the person it proposes to accredit as head of the mission to that State."

"The receiving State is not obliged to give reasons to the sending State for a refusal of agreement."

implying art 4(2) that a refusal of agreement must occur before
(Para 3 of 48)

VCOR immunities and protections are withdrawn or withheld. With due diligence the Chilcotin complied with Article 40 of the VCOR by sending the President of the USA via the US State Department notice and application with respect to Chilcotin Ambassador & Associate Chief Justice Michael Parsons and his wife, diplomat Patricia Parsons, January 2017. As of yet, no response from the President has been forthcoming. Article 39 of the VCOR elaborates,

"Every person entitled to privileges and immunities shall enjoy them from the moment he enters the territory of the receiving State on proceeding to take up his post or, if already in its territory, from the moment when his appointment is notified to the Ministry of Foreign Affairs or such other ministry as may be agreed." (Emphasis added.)

Chilcotin Ambassador & Associate Chief Justice Michael Parsons and his wife diplomat Patricia Parsons were "already in its (USA's) territory at "the moment when his appointment is (was) notified." Therefore the specific language of Article 39(1) supercedes the general terms laid out in Article 40 in order to prevent irreparable harm that could come to future potential Ambassadors and their families who are awaiting acceptance of agreement if diplomatic immunities are not upheld and enforced "at the moment when his appointment is notified." Article 39(1) clearly distinguishes those "already in its territory" begin enjoying "privileges and immunities" from "the moment when his appointment is notified."

4) The US District Court for the District of Nebraska erred by falsely and illegally arresting, falsely and illegally detaining, falsely and illegally charging and prosecuting my colleague, appointed Chilean Ambassador and Associate Chief Justice Michael Parsons, a diplomat of the Chilean with diplomatic immunities under the Vienna Convention on Diplomatic Relations (VCDR), Articles 29, 31(1)

"The person of a diplomatic agent shall be inviolable. He shall not be liable to any form of arrest or detention. The receiving State shall treat him with due respect and shall take all appropriate steps to prevent any attack on his person, freedom or dignity."

"A diplomatic agent shall enjoy immunity from the criminal jurisdiction of the receiving State. He shall also enjoy immunity from its civil and administrative jurisdiction, except in the case of:"

Article 13(1) of the VCDR states:

"The head of the mission is considered as having taken up his functions in the receiving State either when he has presented his credentials or when he has notified his arrival and a true copy of his credentials has been presented to the Ministry for Foreign Affairs of the receiving State, or such other ministry as may be agreed, in accordance with the practice prevailing in the receiving State which shall be applied in a uniform manner." (Emphasis

to wit, without discrimination and with equal treatment other States receive.

2.) The illegal arrest warrants issued by Tennessee and Nebraska between January 2016 to date are in verity kidnapping and hostage taking of a diplomat due to Chilcotin Ambassador & Associate Chief Justice Michael Parsons diplomatic immunities and prior exonerations and acquittals, are indictable under the War Crimes Act. Subsequent illegal prosecuting and torturing, terrorizing and Judge Walker's conspiracy to attempt to murder diplomat Chilcotin Ambassador and Associate Chief Justice Michael Parsons 2016, are also indictable crimes under the War Crimes Act, committed by the FBI in collusion with the US Department of Justice in particular the courts of Tennessee and Nebraska. These proceedings are in and of themselves prima facie evidence and proof of FBI, Department of Justice misconduct, impropriety, abuse of power and obstruction of justice, creating a constitutional crisis in the USA by failure to uphold the rule of law.

2.) The FBI, Department of Justice (hereafter the "DOJ"), in particular the US District Court for the District of Nebraska and the US State Department have been duly noticed and informed from January, 2016 and thereafter of the sovereignty, independence and authority of the country of the Chilcotin and subsequent to such knowledge, with full intent, showing bad faith and malice of forethought, the FBI, DOJ, US State Department and the US District Court for the District of Nebraska conspired to continue to prosecute diplomat Chilcotin Ambassador and Associate Chief Justice, Michael Parsons in

violation and contravention of international laws such as the Vienna Convention on Diplomatic Relations (VCDR) and the Montevideo Convention on Rights and Duties of State (MCRDS) and the Constitution of/for the United States of America as well as the Constitution of the Tsilhqot'in Nation with impunity and total disregard for the rule of law thereby creating a constitutional crisis; the FBI, DOJ, & US State Department have failed to uphold the Constitution for/of the United States of America and, the rule of law, engaging in criminal activity, and corruption for which remedy must be sought by indictment under the War Crimes Act.

3.) At no point in time, since being appointed as Chilcotin Ambassador to the USA and Associate Chief Justice of the Universal Supreme Court bench January 2016 had diplomat Chilcotin Ambassador & Associate Chief Justice Michael Parsons waived his rights to diplomatic immunity provided to him by the VCDR, nor had the sending state of the Chilcotin waived Ambassador & Associate Chief Justice Michael Parsons's immunity from jurisdiction as provided by Article 32 of the VCDR.

7.) At no point in time was diplomat Chilcotin Ambassador & Associate Chief Justice ever a "felon," let alone a "felon in possession of weapons," as per USCT rulings of exoneration with respect to prior Tennessee wrongful convictions in 2015 and acquittals with respect to subsequent wrongful accusations in 2016. The USA is obliged to uphold USCT judgments under the full faith and credit doctrine and as mandamus from a higher court as well as under the Canadian War Crimes Act 12(1).

10.) At no point in time was diplomat Chilcotin Ambassador & Associate Chief Justice Michael Parsons involved in a conspiracy to commit kidnapping, proof of which is found in recorded conversations I had with appointed "Chilcotin Commander & Chief" or FBI "Confidential Human Source" Eugene B. Thacker III aka "Gene" (hereafter referred to as "Mr. Thacker") whereat Mr. Thacker admits "Ambassador Parsons won't know anything about anything until it happens," referring to Chilcotin law enforcement rescue mission and arrests.

11.) At no point in time was I involved with "conspiring to commit kidnapping" or "consulting to commit kidnapping" because legitimate indictments and arrest warrants issued from the legitimate Universal Supreme Court from the legitimate country of the Chilcotin can not be misconstrued as "kidnapping." The only "kidnapping" done according to the Canadian War Crimes Act 12(1), was by Canada and the USA against me and against my colleagues diplomat Ambassador and Associate Chief Justice Michael Parsons and his wife Chilcotin Minister of Agriculture Patricia Parsons. Whereas USCT issued arrest warrants and indictments are lawful Tennessee and Nebraska State arrest warrants and indictments as well as federal arrest warrants and indictments are not lawful. The reason for the difference is that Ambassador Parsons's case has been adjudicated by the Universal Supreme Court while the accused's cases in Tennessee and Nebraska have not been adjudicated by the Universal Supreme Court; all coming under the jurisdiction of the Universal Supreme Court of the Tsilhqot'in, the first international aboriginal court and the highest court of North America. Likewise, I have also been exonerated and acquitted by the Universal Supreme Court rendering my arrest and

detention illegal and unlawful as well. However, the USCT issued arrest warrants and indictments have never been executed and ruled upon, therefore USCT issued arrest warrants and indictments are still out-standing.

2.) The actions of Mr. Thacker in divulging classified and confidential Chilcotin information to the FBI on February 16, 2017 have been fraudulent, deceptive, a heinous betrayal of trust and since Mr. Thacker's appointment as Chilcotin Commander and Chief, treasonous against the Tsilhqot'in Nation and the ~~the~~ country of the Chilcotin, a serious breach of contract, breach of trust as well as crimes of war, obstruction of justice, in violation of the VCOR, the MCRDS and Chilcotin law.

3.) At all times material from February 16, 2017, FBI "Confidential Human Source" & "Chilcotin Commander & Chief" Mr. Eugene B. Thacker III and his company, Hook'em & Book'em Elite Fugitive Recovery LLC, cell # 504-717-9120 or 504-799-7880 was provided ample opportunity to understand and acquaint himself with Chilcotin law and the Constitution of the Tsilhqot'in Nation, which was noticed to him prior to signing Chilcotin contracts via e-mail and USCT web site www.universalsupremecourt.org, whereupon it was incumbent upon Mr. Thacker to do, due diligence. When Mr. Thacker agreed to his appointment and prior to that being employed by the country of the Chilcotin, Mr. Thacker thereby agreed, and gave his consent to sections 2(3)(4), 3(3)(5)(7)(20)(21) of the Constitution of the Tsilhqot'in Nation which declares paramountcy of Chilcotin law and supremacy of Universal Supreme Court orders to that of the United States of America's laws and courts.

4.) At all times material, from February 16, 2017 and prior when the FBI was noticed by Mr. Thacker about USCT arrest warrants and indictments the FBI was provided ample opportunity to understand and acquaint themselves with and do due diligence with respect to Chilcotin law and the Constitution of the Tsilhqot'in Nation and USCT paramourty and jurisdiction whereupon it was incumbent and an obligation of the FBI to assist Mr. Thacker in enforcing and executing USCT orders and arrest warrants under sections 2(3)(4)3(3)(5)(7)(20)(21) of the Constitution of the Tsilhqot'in Nation creating a Constitutional crisis by failing to neglecting to or refusing to uphold the rule of law.

5.) At all times material, from January 12, 2016, the Department of Justice, the USA courts and in particular Judges Walker and Peeler of Tennessee have been noticed of the Universal Supreme Court's authority and jurisdiction under the Constitution of the Tsilhqot'in Nation and the absence of jurisdiction of any US courts over diplomat, Ambassador & Associate Chief Justice Michael Parsons, due to his diplomatic immunities, acquittals and exonerations. Likewise, it was incumbent and a duty of the court to inform themselves of the legitimacy of the Universal Supreme Court and the paramourty of the Constitution of the Tsilhqot'in Nation and subsequent Declarations of independence from the country of the Chilcotin which the DOJ failed to do citing spurious claims by the Tsilhqot'in National Government society (here after referred to as "TNG society" who speak for Canada as they are owned, operated and funded by Canada, not the hereditary Tsilhqot'in people or chiefs. The Chilcotin National Congress (CNC), headed by Grand Chief Stanley Stump Sr., has been in existance long before the TNG society. When CNC ratified the Constitution

of the Tsilhqot'in Nation, March 2015, the TNG society was not opposed and is still not opposed or objected to by the TNG society to this day. The Chilcotin National Congress was the first and only government of the Chilcotin to produce a Constitution, which has been accepted by the Tsilhqot'in people. Reasonable time has expired for the TNG society to oppose or object to said Constitution of the Tsilhqot'in Nation, legally or otherwise. In 2016 TNG attempted to usurp CNC authority without legal and lawful premise to do so, by signing the Nenquay Deni Accord. Immediately, the Universal Supreme Court overturned said fallacious Nenquay Deni Accord, and the Chilcotin National Congress opposed said fraudulent document. In 2015 the Universal Supreme Court issued orders dismantling the TNG society which backed by Canadian bribery and assault continues to operate illegally in violation of the Constitution of the Tsilhqot'in Nation and contempt of court. Therefore, 6 TNG society federal chiefs have been indicted for charges ranging from treason to other national crimes against the Chilcotin. Citings upholding the TNG society by the DOJ, Judges Walker & Peeler, et al, are fallacious, erroneous on its face, an international cover up to aid and abet Judges Walker's & Peeler's and subsequent judges's agreeing with their misconduct crimes, complicity, misleading and fabricated misinformation, creating a constitutional crisis in failing to, neglecting to or refusing to uphold the rule of law.

6.) At all times material, from December 2016 onward, I had made several attempts to contact the US State Department or US Department of State by either e-mail, telephone or application on behalf of the new country of the Chilcotin to initiate foreign relations and announce diplomat Chilcotin Ambassador & Associate Chief Justice, Michael Parsons's ambassadorship. I had informed the US

State Department that diplomat Chilcotin Ambassador & Associate Chief Justice, Michael Parsons's diplomatic immunities have been violated by Judges Walker & Peeler and reminded that it was their duty under the VCDR to protect announced diplomats whether recognized by the President of the USA or not, as they may be ambassadors to other States as well. VCDR Articles 5(1) & 6 says:

"The sending State may, after it has given due notification to the receiving States concerned, accredit a head of mission or assign any member of the diplomatic staff, as the case may be, to more than one State, unless there is express objection by any of the receiving States."

"Two or more States may accredit the same person as head of mission to another State, unless objection is offered by the receiving State."

Nevertheless, the US State Department failed to, neglected to or refused to protect diplomat Ambassador & Associate Chief Justice, Michael Parsons as per international law requiring them to do so, such as the VCDR, thereby creating a constitutional crisis and an international scandal. The US State Department cited spurious claims saying, "Until the President recognizes your country, Mr. Parsons is not in our registry therefore does not have diplomatic immunity," which is contrary to the VCDR at Article 39(1) which says:

"Every person entitled to privileges and immunities shall enjoy them from the moment he enters the territory of

the receiving State on proceeding to take up his post or, if already in its territory, from the moment when his appointment is notified to the Ministry for Foreign Affairs or such other ministry as may be agreed."

Article 40(1) of the VCDR also says:

"If a diplomatic agent passes through or is in the territory of a third State, which has granted him a passport visa if such visa was necessary, while proceeding to take up or to return to his post, or when returning to his own country, the third State shall accord him inviolability and such other immunities as may be required to ensure his transit or return. The same shall apply in the case of any members of his family enjoying privileges or immunities who are accompanying the diplomatic agent, or travelling separately to join him or to return to their country."

On January 12th 2017, diplomat Chilcotin Ambassador & Associate Chief Justice Michael Parsons was travelling back to the Chilcotin to attend a Chilcotin National Congress meeting when a number of FBI agents pointed machine guns to his head while in a pilot's lounge, arresting and detaining Ambassador Parsons; the State Department failing to intervene. Thereafter, Ambassador Parsons was tortured and abused, all in the knowledge of the State Department, as I had alerted the US State Department's Diplomatic Security Office of the illegal actions taken by the FBI against diplomat Chilcotin Ambassador & Associate Chief Justice Michael

Parsons. The person I spoke with at Diplomatic Security was willing at once to assist with the release of Ambassador Parsons who was at that time illegally detained at Holdrege Correctional Facility in Nebraska however they ~~just~~ needed to obtain clearance from a superior who denied the clearance and stopped the Security Department from doing their job. Thus, the US State Department refused to, neglected to, and/or failed to do their duty to protect diplomat Chilcotin Ambassador & Associate Chief Justice, Michael Parsons in accordance to international law, VCDR.

Additionally, I had spoken to "Joe" at the office of the Secretary of State on January 25, 2018, inquiring about the status of the Chilcotin's application to President Trump with respect to the Chilcotin initiating foreign relations with the USA, at which time Joe informed me he didn't know the status of the application but later was able to say before hanging up on me, "The President hasn't recognized the country of the Chilcotin." Either the US State Department has failed to provide the President of the USA with the Chilcotin National Congress's application in violation of their own mandate and Article 39(1) of the VCDR or has obtained a response from the President with respect to such application but has failed to return such response to the Chilcotin National Congress, suppressing said response whereat Article 9(1) demands a response be notified to the sending State if the head of a mission is a "persona non grata." Article 9(1) says:

"The receiving State may at any time and without having to explain its decision notify the sending State that the head of the mission or any member

of the diplomatic staff of the mission is *persona non grata* ..."

Whereupon notification to the sending state is mandatory.

7.) The MCRDS specifically denies recognition by the President or anyone else is a precursor to the validity of a new country. Article 3 of the MCRDS says:

"The political existence of the State is independent of recognition by other states. Even before recognition the state has the right to defend its integrity and independence to provide for its conservation and prosperity, and consequently to organize itself as it sees fit, to legislate upon its interests, administer its services, and to define the jurisdiction and competence of its courts. The exercise of these rights has no other limitation than the exercise of the rights of other states according to international law."

Further more, Article 7 says:

"The recognition of a state may be express or tacit. The latter results from any act which implies the intention of recognizing the new state."

President Trump's decision or recognition of the new country of the Chilcotin is welcomed but not needed. The existence of the new country of the Chilcotin is a fact regardless of the President's

decision or recognition. However, President Trump's recognition of the new country of the Chilcotin and diplomat Chilcotin Ambassador & Associate Chief Justice, Michael Parsons's ambassadorship would result in bilateral trade between the Chilcotin & the USA worth billions of dollars for each country. The decision to appoint diplomat Ambassador & Associate Chief Justice, Michael Parsons belongs to the sending state of the Chilcotin, according to the VCDR. The absence of objection or approval from the receiving state of the USA does not alter the sending state's appointment of diplomat Ambassador & Associate Chief Justice, Michael Parsons. The decision to confer diplomatic immunity upon Ambassador & Associate Chief Justice, Michael Parsons belongs to the Chilcotin via the Chilcotin National Congress members who repeatedly noticed the Tennessee and Nebraska courts to wit, the Grand Chief, the Chilcotin Minister of Justice and myself. Ignoring such announcements not only shows bad faith but also shows violation of the VCDR and War Crimes Act. Silence from the President with respect to diplomat Chilcotin Ambassador & Associate Chief Justice Michael Parson does not give the USA license to breach the rights of a diplomat and abuse him and his family. Once a diplomat has been announced, the receiving state of the USA via the President may disapprove or object to the person sent by the sending state, which in this case is the Chilcotin but no such objection or denial has been forthcoming from President Trump for a full year, therefore by virtue of the absence of objection under 900 of the VCDR and Article 7 of the MCROS which allows for "tacit" recognition, diplomat Ambassador & Associate Chief Justice, Michael Parsons's ambassadorship has been consented to, sustained, carried, confirmed and approved by President Trump, ipso facto.

One year is a sample and reasonable amount of time to await a President's explicit objections, thereby no valid excuse or license exists for Plaintiff USA to continue to contravene and violate Article 11 of the MCRDS, perpetuating the crimes committed against the Chilcotin, the Chilcotin's Embassy in Tennessee and in particular against diplomat Ambassador & Associate Chief Justice, Michael Parsons & his wife, diplomat, Chilcotin Minister of Agriculture, Patricia Parsons.

18.) Tacit recognition of the new country of the Chilcotin has also come in the form of silence from the UN who was asked by e-mail to respond to Grand Chief Stanley Stump Sr.'s "Declaration of a New Country Called the Chilcotin on Sovereign Tsilhqot'in Territory," within a specified time frame if the UN objected to the existence of the new country of the Chilcotin. The UN made no objections, therefore consented to said ~~Chilcotin~~ Chilcotin Declaration of Independence. Likewise, many embassies of the world were served the same documents without even one objection, including Canada and the USA, therefore consented to said ~~new~~ "Declaration of a New Country Called the Chilcotin on Sovereign Tsilhqot'in Territory." Besides acknowledgements of title from the Supreme Court of Canada in *Tsilhqot'in Nation v. British Columbia*, 2014 and BC Supreme Court's, *Toosey Indian Band v. West Fraser Ltd.*, 1995 acknowledging Chilcotin borders and sovereignty dating back to the 1800's, British Columbia gave evidence to and tacit recognition of the Chilcotin's sovereignty and independence in an unprecedented and most profound manner by attempting to bribe 6 federal chiefs from the TNG society to purport to sign the Chilcotin's sovereignty over to BC by signing the Nengway Deni Accord. This is the most remarkable proof and evidence of Chilcotin sovereignty and independence and recognition of that fact simply

because if the Chilcotin would not be sovereign, there would not ^{have} been a need for former BC Premier Christy Clark to have bribed TNG society members to purportedly sign the Nenquay Deni Accord in an effort to make it appear as if they have signed Chilcotin sovereignty away.

9.) Long after I served the US State Department with the Chilcotin's application to initiate foreign relations between the Chilcotin and the USA on or ~~at~~ about April 28, 2017, the FBI in admitted collusion and conspiracy with the DOJ and RCMP raided the Chilcotin's Embassy to the USA in Tennessee, breaking down doors, stealing computers and other electronic devices, stealing classified Chilcotin documents and other property of the Chilcotin in violation of the VCDR Article 30(1)(2); an outright targetted attack against the Chilcotin, indictable under the War Crimes Act

"The private residence of a diplomatic agent shall enjoy the same inviolability and protection as the premises of the mission."

"His papers, correspondence and except as provided in paragraph 3 of article 31, his property, shall likewise enjoy inviolability."

Likewise, the Canadian RCMP Major Crimes Unit Division E illegally and falsely "arrested" or kidnapped me and stole my briefcase full of classified and confidential Chilcotin documents, as well as my computer. The FBI also on illegal "search warrants" raided diplomat Ambassador and Associate Chief Justice, Michael Parsons's Chilcotin transport plane on March 22, 2017

seizing Chilcotin property. VCDR Articles 22 (1)(2)(3), 24, 27(2)(3) state:

"The premises of the mission shall be inviolable. The agents of the receiving State may not enter them, except with the consent of the head of the mission."

"The receiving State is under a special duty to take all appropriate steps to protect the premises of the mission against any intrusion or damage and to prevent any disturbance of the peace of the mission or impairment of its dignity."

"The premises of the mission, their furnishings and other property thereon and the means of transport of the mission shall be immune from search, requisition, attachment or execution."

"The archives and documents of the mission shall be inviolable at any time and wherever they may be."

"The official correspondence of the mission shall be inviolable. Official correspondence ~~of the mission~~ means all correspondence relating to the mission and its function."

"The diplomatic bag shall not be opened or detained."

10.) A year after Judge Walker and the Tennessee courts were notified of Chilcotin Ambassador & Associate Chief Justice, Michael Parsons's ambassadorship and judgeship, the FBI in collusion and conspiracy with Judge

Walker, kidnapped and terrorized, humiliated and tortured diplomat Chilcotin Ambassador & Associate Chief Justice Michael Parsons on January 12, 2017 and thereafter until the present. Besides pointing machine guns to his head during illegal arrest on January 12, 2017, he was maligned for his position as ambassador & justice, he was stripped naked and hogtied, he was put in isolation for extended periods of time, starved, suffering incessantly at the hands of the Plaintiff USA. Despite Ambassador Parsons's prior USCT exoneration and acquittal of false charges and false convictions and Ambassador Parsons's diplomatic immunities, Judge Walker in full knowledge of lack of jurisdiction over Ambassador & Associate Chief Justice Parsons issued "failure to appear" illegal arrest warrants against Ambassador Parsons in violation of the VCDR articles 29, 31, 39 and in contravention of the War Crimes Act, indictable for war crimes.

21.) I have reviewed FBI interviews with Mr. Steve Sweat dated 02/07/2017 file #266S-ME-7446719 by Michael D. Saltsman & Kenneth J. Cardelli as well as interview dated 04/18/2017 by Czaplowski Monte R. whereat Mr. Sweat confirms, "Parsons was also scheduled to attend this 2nd meeting but did not arrive as previously planned" proving Ambassador & ACT Parsons was carrying on the business of the Chilcotin nation and not "fleeing." Ambassador Parsons was in compliance with the VCDR and USCT international orders by not appearing before Judge Walker's court in Tennessee because Judge Walker had no jurisdiction over diplomat Chilcotin Ambassador and ACTJ, Michael Parsons. The said documents are proof of DOJ and FBI's committing War Crimes which is an abuse of power against the sovereign and independent country of the Chilcotin in contravention of the International War Crimes Act,

by terrorizing, threatening, intimidating, harassing those engaged in the legitimate business of the country of the Chilcotin such as Mr. Sweat, Mr. Blough and Mr. Vanover were doing. On January 12, 2017 the FBI and DOJ were successful at deterring a billion dollar forestry contract which would have benefitted many Americans.

22.) The previously said documents are prima facie evidence and material proof of FBI and DOJ meddling into a foreign nation's affairs and economic attacks, assaults on the sovereign, independent aboriginal country of the Chilcotin without cause or provocation in contravention of the MCRDS and the United Nations Declaration on the Rights of Indigenous People (UNDRIP).

23.) The previously said documents are proof of FBI and DOJ working contrary to the USA citizen's best economic interests by destroying and obstructing an ongoing billion dollar forestry trade deal with the new country of the Chilcotin which would have employed many US citizens and increased US national revenue, in contravention of the MCRDS and the UNDRIP.

24.) The previously said documents are proof of the fact that the FBI and DOJ illegally arrested, illegally charged, illegally prosecuted and detained a foreign diplomat with diplomatic immunity, Ambassador & Associate Chief Justice, Michael Parsons in contravention of the VCDR, MCRDS & UNDRIP who was travelling to a CNC business meeting and not fleeing.

25.) Documents dated 03/22/17 Case ID # 2665-OM-2144340 photographer "Lenz" pages 1-7, defective and illegal search warrant dated 13th Day of
[Page 21 of 48]

January 2016(?) In the County Court of Furnas County, Nebraska, Affidavit and Application For Issuance of a Search Warrant dated 13th day of January 2017, In the County Court of Furnas County, Nebraska, FBI file #2665-ME-7446719, 2665-NO-2137076 dated 03/27/2017 and 03/23/2017 Notice of Impoundment by K. Kapperman dated 01/31/17 and Application for a Search Warrant, Case No. 4:17MJ3029 by FBI SA Monte R. Czaplowski dated Mar. 20/17, In The United States District Court for the District of Nebraska, is proof Sheriff K. Kapperman and the FBI engaged in theft and break and entry of Chilcotin property because the plane and everything in the plane belonged and still belongs to the country of the Chilcotin which Sheriff Kapperman acknowledged belongs to the Tsilhqot'in Nation and the country of the Chilcotin, at Furnas County Sheriff's Office Supplemental Report dated 03/13/2017, case #17010156, "As I walked around the wing of the plane I noticed that there was a notice taped to the side of the airplane just above the step that you would use to step up on the wing to enter the plane. I photographed the notice. The notice states, NO TRESPASSING PERMITTED TO UNAUTHORIZED PERSONS PROPERTY OF THE COUNTRY OF THE CHILCOTIN VIOLATORS WILL BE PROSECUTED, By the Honourable Grand Chief Stanley Stump Sr." Yet despite VCDR Article 22 which says:

"The premises of the mission, their furnishings and other property thereon and the means of transport of the mission shall be immune from search, requisition, attachment or execution."

K. Kapperman and FBI agents admitted entry, search, requisition, attachment & execution of Chilcotin transport and Chilcotin property or belongings
[Page 22 of 48]

still illegally held by the FBI.

6.) We are not "anti-government" because we "are the government" as per correction of Sgt. Mitch Jones's ill choice of words at FBI file # 266S-OM-2144340 dated 05-09-2017 by Czaplowski Monte R. The CNC and USCT are governments and courts respectively which are "anti-corruption," not "anti-government."

7.) CNC and USCT members had nothing to do with FBI's and Mr. Thacker's concocted "kidnapping plot" or other suggestions of theirs which is a crime for them to suggest.

8.) The only people involved with a "kidnapping plot" was Mr. Thacker & the FBI. If USCT duly authorized and commissioned arrest warrants are going to be misconstrued as "kidnapping," then every USA arrest warrant must also be deemed as kidnapping. All people who are indicted and arrested via USCT indictments and arrest warrants have a right to appear before a justice within 24 hours of arrest, right to legal representation, right to access family and lawyer by telephone, right to a speedy trial and right to bail/bond proceedings. If the aforesaid process is going to be deemed as "kidnapping" then every judge and the DOJ is involved with "kidnapping" as well.

9.) The length of time I allowed Mr. Thacker to execute rescue of Ambassador Parsons and arrest warrants shows the efforts made to achieve safety of the mission. I repeatedly told Mr. Thacker to stop the mission if it is not feasible, but if it is feasible, it must be carried out in as peaceful manner as possible, evidenced by the many telephone

conversations between Mr. Thacker and I which apparently and unbeknown to me at the time, were recorded by Mr. Thacker and/or the FBI and/or their associates.

30.) At no point in time had I any idea Eugene B. Thacker III was recording our conversations, nor did I give my consent to such or to turn such recordings over to the FBI or any other agency and as such must be struck, if not struck, then the entire daily recordings and text messages from February 16 - April 28, 2017 must be produced otherwise the FBI will be engaging in a coverup, by suppressing material evidences.

31.) I have reviewed FBI documents with file #2665-NO-2137076^{entry} date 03/30/2017 by Michael Van Aelstyn and Robyn J. Conn. Said documents show that Mr. Robert Kovacic of Northbridge Services Group "failed to report" to FBI the fact that his services as potential Chilcotin law enforcement were solicited by the new country of the Chilcotin. But because Mr. Kovacic knew and understood the legitimacy of the independent, sovereign country of the Chilcotin, even to the point of writing a proposal asking for \$1 million to "train" Chilcotin law enforcement and purchase "equipment" for them is proof of the Chilcotin nation operating as an independent sovereign country prior to Mr. Thacker's involvement. A copy of Mr. Kovacic's proposal has been in the hands of the FBI at least since April 28, 2017 when my "diplomatic bag" or brief case and computer had been stolen from me, however Mr. Kovacic has not been charged with "failing to report" to the FBI due to the fact that the FBI knows and understands the legitimacy of the independence and sovereignty of the new country of the Chilcotin. By contrast the FBI & DOJ falsely charged diplomat Patricia Parsons

Page 24 of 48

with "failure to report" as an outright attack on the Chilcotin nation and country.

32.) Further evidence of the operation of the new country of the Chilcotin which has been in the hands of the FBI since at least April 28, 2017 is as follows:

a.) The Constitution of the Tsilhqot'in Nation was ratified on March 15, 2015 along with the Universal Supreme Court Act at which time the CNC appointed me as the Chief Justice of the Universal Supreme Court of the Tsilhqot'in. As Chief Justice of the USCT I began adjudicating cases, issuing orders and Reasons for Judgment under my authority immediately.

b.) In accordance with the Supreme Court of Canada's decision, 2014, Tsilhqot'in Nation v. British Columbia regarding title acknowledged to belong to the Tsilhqot'in people, subsequent to the ratification of the Tsilhqot'in Constitution, the Chilcotin National Congress started to abrogate BC provincial laws and replacing that with Chilcotin laws with respect to forestry and Tsilhqot'in child protection, etc. Approximately 300 Tsilhqot'in youth and children were ordered to be returned to the care and control of the newly created Tsilhqot'in Youth & Children's Ministry by the Universal Supreme Court assisted by the Lillooet Statlin Police in 2015.

c.) Also, in 2015 the Universal Supreme Court in conjunction with the Chilcotin National Congress notices, ordered PM Justin Trudeau and Canada to remove the RCMP, BC judiciary and

Crown counsel off of Tsilhqot'in Territory, as Canada was illegally occupying and unlawfully operating on Tsilhqot'in soil. In defiance PM J. Trudeau doubled Canada's law enforcement in Williams Lake area, ignoring extensive correspondence from Grand Chief Stanley Stump Sr. and Chilcotin Attorney General, R. Charles Bryfooge.

d.) Similarly, the CNC issued letters to the mining sectors, forest sectors and other natural resource sectors such as BC Hydro, etc., as well as demands on Canada to turn over taxes, stumpage fees, child protection funds which went ignored by Canada and BC and PM Justin Trudeau who refused all request to negotiate a peaceful resolution.

e.) By ~~late~~ late 2015, USCT overturned illegal detention of Chilcotin AG, R. Charles Bryfooge, still BC and Canada would not comply. Chilcotin AG, R. Charles Bryfooge was jailed for 3 weeks by BC for his work for the Tsilhqot'in Nation in violation of the War Crimes Act.

f.) Also late 2015 the Universal Supreme Court ordered the dismantling of TNG society set up, funded and controlled by Canada who overlooked TNG society members's ongoing misappropriation of \$1 million per month per each of 6 reserves.

g.) Early 2016, former BC Premier Christy Clark bribes TNG society members to engage in treason by signing the Nengray Deni Accord, immediately opposed by the Chilcotin National Congress and overturned by the Universal Supreme Court of the Tsilhqot'in.

This desperate action of former Premier Clark shows she acknowledged the Tsilhqot'in Territory actually is an independent, sovereign nation and never technically part of BC or Canada.

h.) Also, early 2016 diplomat Chilcotin Ambassador & Associate Chief Justice, Michael Parsons who was on his way to the Chilcotin to carry on his work for the Tsilhqot'in people was jailed by Judges Walker and Peeler despite awareness of USCT orders of exoneration and acquittals with respect to Ambassador Parsons. Judge Walker was responsible for starving Ambassador Parsons and attempting to murder him which resulted in an assault causing bodily harm, to wit, 3 broken ribs and a head laceration. The Universal Supreme Court prepared indictments and arrest warrants.

i.) By mid 2016 I was exonerated from Canada's bogus charges against me for saving Shyla Billy's life, ~~my~~ niece of Grand Chief Stanley Stump Sr. As a consequence of PM Justin Trudeau's failures and refusals to address Chilcotin issues, the "Declaration of a New Country Called the Chilcotin, on Sovereign Tsilhqot'in Territory" was signed and served on the UN, PM Trudeau and President Obama without any objection whatsoever, thereby consenting to such.

j.) Latter half of 2016 my colleagues and I tried to recruit Chilcotin law enforcement personnel, negotiate timber harvesting contracts and continued USCT deliberations and advancement of ENC authority.

k.) On January 12, 2017 FBI operatives capture and jail Ambassador and ACTJ, M. Parsons citing fraudulent arrest warrants issued

by Judge Walker.

l.) On February 16, 2017 I hired Eugene B. Thacker III and his company, Hookem & Bookem Elite Fugitive Recovery Agency to enforce Chilcotin law and USCT orders on behalf of the country of the Chilcotin.

m.) On April 28, 2017 while finishing a case from P.E.I., I was captured and jailed by Canada's RCMP in violation of my diplomatic immunities and despite prior USCT exonerations and acquittals. Since my illegal arrest on April 28, 2017 I have been humiliated, tortured, detained, terrorized and almost murdered by Canada to the present.

33.) It is my belief that the USA and Canada should be sanctioned by the UN for their unprovoked War Crimes, attacks, assaults against the Chilcotin.

4.) At FBI file #266S-OM-2144340, Investigated on 05/09/17 by Czaplowski Monte R. Affidavit in Support of a Search Warrant by Michael D. Saltzman, The United States District Court for the Western District of Tennessee Attachment "c" unsworn, the words "anti-government group and the group Sovereign Citizens" were just terms the FBI made up and are fictitious labels with no basis of fact. "Sovereign citizens Extremism" does not apply. FBI file #266S-NO-2137076 Investigated on 02/21/17 by Kevin Charles Miller, New Orleans, LA and file #4:17MS3029, 4:17MS3059 Affidavit in Support of a Search Warrant, The United States District Court for the District of Nebraska, Czaplowski, Monte R.

35.) The accusation of "a kidnapping plot" is an invention of the FBI with no basis in fact. On the telephone to Mr. Thacker I said, "The FBI kidnapped Ambassador Parsons!" when Ambassador of ACT Michael Parsons was being extradited back to Tennessee, to which Mr. Thacker responded, "Don't say that too loud."

36.) There is no evidence Mr. Thacker contacted the FBI on February 16, 2017 with respect to "reporting to authorities." A recording is not proof of alerting the FBI, as the FBI could have stolen such recordings.

37.) It is highly suspect that if Mr. Thacker did alert the FBI on Feb. 16, 2017, then why would the FBI wait 2 weeks to contact the RCMP on March 1, 2017 unless the FBI were really not contacted by Mr. Thacker on February 16, 2017 and the FBI has fabricated evidence as Mr. Thacker initially seriously agreed to executing "the contract" or on the other hand the FBI knew there was no real threat or danger.

38.) There is no evidence the RCMP were contacted on March 1, 2017 either because a week previous to April 28, 2017 the RCMP were still looking for me in Williams Lake.

39.) FBI documents admit there is no kidnapping plot mentioned in any of the Chilcotin documents and contract which use the terms "indictment and arrest warrant."

40.) There is no evidence to prove the person from Colorado in the black F-150 was an undercover FBI agent.

- 41.) At all times material the plan to execute "the contract" never involved 2 groups of 15 men but 3 groups of 10 men.
- 42.) Although, initially the Chilcotin's plane was to be used for transporting the arrested accused and Ambassador Parsons with another pilot flying the plane and not Ambassador Parsons, back to the Chilcotin and not to "Canada" plans changed early on so that it was agreed that the plane was not to be used at all for transporting the rescued and accused to the Chilcotin but the plane was to be flown to Louisiana by a 3rd party and held there as collateral until payment in full was received by Mr. Thacker & company, subsequently at which point in time the plane was to be returned back to the Chilcotin Nation as contemplated by the "2nd Amended Contract" or "2nd Amendment to Paragraph 2 of Chilcotin Contract Between the Chilcotin (Tsilhqot'in) Nation and Hook'em and Book'em Elite Fugitive Recovery LLC, dated March 2nd, 2017, as previously referred to which reflects the sum total of \$250,000.⁰⁰ USD, with no deposit amount, in the new "2nd Amended Contract" or "the Contract" voiding "Amendment to Paragraph 2 of Chilcotin Contract Between the Chilcotin (Tsilhqot'in) Nation and Hook'em & Book'em Elite Fugitive Recovery, LLC.
- 3.) FBI disclosure is missing a copy or reference to draft of 3rd or "another new contract" between the Chilcotin and Mr. Thacker and his company awaiting signatures and approval by both parties. Also missing in FBI disclosure are indictments and arrest warrants e-mailed to Mr. Thacker on April 26, 2017 with respect to Judges Paine & Peeler. Although, I intended to send indictments and arrest warrants against Federal Court Judges in Nebraska as well, Mr. Thacker said, "Too
[Page 30 of 48]

much, not right now."

4.) If the FBI and RCMP really were not alerted by Mr. Thacker on February 16 2017 until maybe much later, then the FBI and RCMP have perjured themselves, created false evidence, betrayed their public trust and engaged in conspiracy ~~and~~ terrorism and war crimes, resulting in a serious Constitutional crisis.

5.) At all times material I relied on Mr. Thacker's expert advice and recommendations as to the feasibility and methods of execution of the operation "the contract".

6.) At Furnas County Sheriff's Office Supplemental Report date 01/13/2017 case # 17010156 "Mr. Weverka advised me that Parsons wasn't a bad guy and told me that I needed to look him up on the internet, that he had his own web page," shows that Mr. Weverka understood Ambassador #ACT Michael Parsons was not a criminal. Due to the fact Mr. Weverka repeatedly spoke to authorities in Nebraska and had increasing consternation regarding the events shows that he really didn't know what was going on nor had he committed a misprision of a felony, as there was no felony.

7.) Todd Weverka did not know about a "fugitive plot" because there was no "fugitive plot" to know about. Mr. Weverka was also falsely accused and falsely arrested in another effort by the FBI to create an illusion of wrong doing by an innocent citizen of their own country, a kin to how communist countries typically used to frame their citizens.

8.) I have reviewed The United States District Court for the Western District

of Tennessee, Attachment "C" - Affidavit in Support of a Search Warrant by Michael D. Saltsman, Special Agent, FBI dated April 2017 and note the following errors.

g) At the time Mr. Saltsman swore the previously stated document, the US State Department had ample notice of property 444 Huahes Road, Brighton Tennessee 38011 was declared Chilcotin Embassy to USA property and not a "residence" only as Mr. Saltsman so falsely declares under oath at p. 15, para. 25 who knew or should have known the same, resulting in an illegal search warrant and illegal seizure of Chilcotin Embassy ~~documents~~ documents, computers and illegal break and entry of Chilcotin Embassy doors and damage to Chilcotin Embassy property in contravention of the VCDR.

a) In the previously stated document at P. 3 para. 6 Mr. Saltsman erred because the international Universal Supreme Court is not a "Sovereign Citizen Extremism," also the new country of the Chilcotin is not an "Indian reservation" nor is part of "British Columbia, Canada." Mr. Saltsman here displays poor investigation skills and misleading misinformation. Further, Ambassador & ACT, Michael Parsons, had been exonerated and acquitted by the Universal Supreme Court, therefore Mr. Saltsman makes a bold face lie when he refers to Ambassador & ACT, Michael Parsons as a "felon in possession of a firearm."

i) In the previously stated document at P. 4, para. 8, the phone #901-353-6453 is one of the phone numbers registered at the State Department as the Chilcotin Embassy's phone number, and para. 8, 9 confirms accused were being brought to justice just the same way

USA law enforcement "kidnaps" everyone else they arrest.

52.) In the previously stated document, Mr. Saltsman commits perjury everytime he states my telephone calls with either Mr. Thacker or diplomat Patricia Parsons were a "consensually monitored call" at para. 11, p. 6; para. 14, p. 7; para. 15, p. 8; para. 17 & 18, p. 9 which simply is not true as neither I nor my colleague diplomat Patricia Parsons ever agreed to being assaulted by FBI or Mr. Thacker's and associates's illegal recordings and FBI or Mr. Thacker's and associates's illegal surveillance of any kind.

53.) The quote in the previously stated document at para. 20, p. 11, states "Parsons then stated, 'So it's not gonna hurt anything then to share with Pat, you know, what you're doing so that that way she can have some kind of insight and a little bit of knowledge and comfort about there there might be, you know, possibilities in ~~the~~ different directions..'" is proof that even by April 2017, diplomat Patricia Parsons and Ambassador Parsons did not know what was going on or what Mr. Thacker and I were doing in February and March. I deny ever telling diplomat Patricia Parsons anything more than the Chilcotin has its own "police force".

54.) In the previously stated document at para. 23, p. 14 shows Mr. Saltsman is either incompetent and does not understand terms such as "Ambassador of the Chilcotin Nation Parsons" and "diplomatic immunity" or he is purposely obtusating and denying the truth, in other words, lying and committing perjury under oath.

55.) It is highly suspect why the FBI's primary informant, CHS, Mr. Thacker
[Page 33 of 48]

is silent, without producing any affidavited statements.

6.) Search and Seizure Warrant, Case No. 17-SW-80, Attachment "B" List of Items to be seized is further proof of USA's war crimes perpetrated on the Chilcotin's Embassy at Tennessee.

7.) There is no such thing as a USCTN. The search warrant executed on or about April 28, 2017 on Chilcotin Embassy soil was defective on its face and illegal by USA law giving further evidence of FBI crimes which they need to be indicted and arrested for. It is plain and obvious Mr. Saltsman does not know what he is doing.

8.) I have received document, "The United States District Court for the District of Nebraska - Affidavit in Support of a Search Warrant by Monte R. Czaplewski, Special Agent, Federal Bureau of Investigation, minus p.15 which is missing.

9.) Mr. Czaplewski errs at p. 4, para. 10 of previously stated document because I am not "self-proclaimed Chief Justice of the USCTN." I am duly appointed Chief Justice of the USCT, see p. 1 attached to this here affidavit is a true copy of my appointment dated Mar. 15, 2015 as "Exhibit #1".

10.) At previously stated document, Mr. Czaplewski commits perjury on pgs. 7, para. 14; 6, para 13; 5, para. 12 by claiming "consensually recorded conversations" which is a lie. At para. 13 Mr. Czaplewski further commits perjury, telling a bold face lie by taking a statement out of context, interjecting his interpolations, to make the statement mean something
[Page 34 of 48]

very different than what was actually stated, indicated by the words left out in the following quote, "Whoa, yeah, ok, yeah... I agree with that and... basically he told I should go pick him (Sheriff) up," referring to Ambassador Parsons's personal belongings and computer. This is a sad attempt at fabricating and tampering with evidence showing dishonesty and deceptive practices engaged in by Mr. Czaplowski.

1.) No evidence exists that Mr. Thacker told "Weverka the entire plan," and if he said "arrest warrants" would be served, he (Mr. Thacker) was correct and legal. At previously stated document p. 8, para. 18 Mr. Weverka said, "No, I don't know if you are or you aren't because in reality he did not know or was part of the mission to execute "the contract," Mr. Weverka offered to assist with the plane only. To assist law enforcement personnel by providing their address is not a crime, which Mr. Weverka had done. The FBI is grasping at straws by making innocent law abiding citizens appear as criminals.

2.) At previously stated document p. 9, para. 18 "the plot to arrest the Sheriff" is not a "plot," it is simply law enforcement.

3.) At previously stated document p. 9, para. 18 "The Sheriff asked if the USCTM planned to shoot or kidnap the Sheriff..." is a false and deceptive statement which Mr. Czaplowski is held to the strict proof thereof. The only people who wanted to shoot or kidnap anyone was the FBI and Mr. Thacker.

4.) At previously stated document p. 11, para. 21 Mr. Weverka shows

good sense of judgment and should be compensated for the attacks perpetrated on him by the FBI who needs to be brought to justice for their crimes and deceptive practices against Ambassador & ACTJ Parsons, his wife, diplomat Patricia Parsons as well as the Chilcotin nation.

65.) On March 22, 2017 the United States District Court for the District of Nebraska who issued Federal Search Warrants and Mr. Czaplewski, by entering into the Chilcotin's transport plane and seizing Chilcotin belongings had committed violations of the UCDR Articles 22(3)

66.) Search warrant to the Sheriff of Furnas County to search a 1964 Piper pa 28-140 Fixed Wing Single Engine, White and Blue in colour with obscured wing #N6403W aircraft, located in the north aircraft hangar at the Arapahoe Airport, Arapahoe Furnas County, Nebraska was defective on its face as it had a date of 13th day of January, 2016 making it out of time to execute as more than "10 days" had passed when executed on January 13, 2017 proving a crime by USA law had been committed by Sheriff Kurt Kapperman.

7.) Suspecting one is being monitored by the FBI is not the same as giving the FBI, Mr. Thacker or his associates or anybody else, consent to being monitored. No consent was ever given to anybody by me or my colleagues to being monitored. Also, responding "Yes" to Ambassador & ACTJ, Michael Parsons's questions or statements can not be in any way shape or form misconstrued to mean I consented to being monitored. Further, the "Confidentiality Agreement" at the end of "the contract" as drafted by Mr. Thacker was breached by Mr. Thacker.

8.) I assisted in the acquisition of the Chilcotin's transport plane and although the previously described 1964 Piper aircraft was jointly invested in by Mr. Steve Sweat and Ambassador Parsons at approximately 50/50 investment shares on the original price of the plane on behalf of the Chilcotin National Congress. The investments of Mr. Sweat and Ambassador Parsons was and still is to be reimbursed to them in due course. At the time of Ambassador Parsons's capture on January 12, 2017 the airplane was being flown to the Chilcotin for registration in the Chilcotin. All the luggage and property in the plane belonged to the country of the Chilcotin as well. In the interim Ambassador Parsons was named the primary owner/operator of the plane and Mr. Sweat, the lien holder. I had authority and was able to grant use of everything in the plane to Mr. Thacker because the Chilcotin owned the plane and everything in the plane. I ordered Ambassador Parsons to bring the equipment found on the plane for the benefit of our law enforcement. Therefore, subsequent to hiring Mr. Thacker as Chilcotin Commander & Chief, head of CLEA & CNSCD I gave him permission to bring all the equipment with him for his use, before flying the plane to New Orleans, United States Department of Justice Federal Bureau of Investigation Receipt for Property Received/Returned/Released/Seized on 3-22-2017 by Philip J. Lenz is proof of unlawful seizure and theft of diplomatic property and illegal entry of diplomatic transport in contravention of the VCDR.

9.) FBT disclosure missing Chilcotin Forestry Contract Appointment of Mr. Steve Sweat as Chilcotin Minister of Forests as well as Appointment of diplomat Chilcotin Minister of Agriculture, Patricia Parsons and appointment of Mr. Eugene B. Thacker III as Chilcotin Commander & Chief. The Chilcotin Forestry Contract references CLEA & CNSCD involv-

--	--

ment with protecting our Chilcotin loggers.

20.) During a telephone conversation I had with Mr. Thacker at one point, I explained to him how Canada and the USA are in a "cold war" against the country of the Chilcotin to which he answered, "Soon it will be a hot war." These proceedings are now proof of a hot war not only against the country of the Chilcotin and American Cherokee Indians ~~and the~~ ~~USA~~ such as Ambassador Parsons, but all Native American Indians in the USA and 1st nations, aboriginal, indigenous people of Canada.

21.) Mr. Thacker's original rescue plan of Ambassador Parsons involved handing USCT release orders to the Furnas County jailer, which I agreed with.

22.) It is plain and simple to see that the USCT and Chilcotin law as "Host Nation" is above Canadian and American court rulings and Canadian and American laws as they are declared to be "Guest Nations" according to the Constitution of the Tsilhaot'in Nation which concept remains unchallenged to this day therefore tacit consent has been given by all.

23.) I have reviewed In the United States Court of Appeals for the 8th Circuit Response of the United States to Defendant's Interlocutory Appeal.

24.) In reference to the previously stated document, Mr. Robert C. Stuart does not have the competency, the authority or the jurisdiction to

deem "the Country of the Chilcotin" as a "sovereign citizen arguments dressed up in other clothing" but he does seem to possess a healthy dose of huberis. Mr. Stuart errs in fact and law by stating, "There is no basis under statute or case law allowing an interlocutory appeal on these facts" because Chilcotin law is not under any USA "statute or case law," as per the Constitution of the Tsilhqot'in Nation which declares Chilcotin law above US law pursuant to sections 2(3)(4), 3(2) (3)(5)(11)(16)(17) (20)(21)(22) via the Host Nation v. Guest Nation concepts, as well as the Universal Supreme Court Act section 6 declaring the Universal Supreme Court, the highest court in North America, which no one in the USA, Canada or beyond has challenged, including the President of the USA.

5.) It will be interesting to hear CNC and in particular Grand Chief Stanley Stomp Sr.'s response to Mr. Stuart's assertion that the "Country of Chilcotin" is "based on frivolous claims of sovereignty" which is an oxymoron in itself, with respect to the previously stated document. It is also interesting to note how careful Mr. Stuart is in not mentioning the fact that the Supreme Court of Canada in 2014, found that it was appropriate to recognize the Tsilhqot'in Nation's right to title and that the Tsilhqot'in Nation had the right to abrogate BC law and replace it with Tsilhqot'in law in an unprecedented landmark title case.

6) In reference to the previously stated document, "Claims of diplomatic status" does not need "to be supported by a showing that the United States, specifically the Department of State, has recognized such status." Article 7 of the VCDR says:

[Page 39 of 48]

"Subject to the provisions of articles 5, 8, 9 & 11, the sending State may freely appoint the members of the Staff of the mission. In the case of military, naval or air attachés, the receiving State may require their names to be submitted beforehand, for its approval."

Therefore, although it is true that "military, naval or air attachés" may be required to be required to be approved beforehand by the receiving state, "members of the Staff of the mission" may be "freely appointed". Prior acceptance by "the Department of State" having "recognized such status" is incorrect, with which I have an issue herein and do verily challenge. As stated before, it is only by the denial of diplomatic status by the President of the USA that a diplomat can be "recalled" or his "functions" are "terminated" upon "notification" to "the sending State," Article 9, VCDR. As noted earlier, no such express "notification" was given since the 1st time Ambassador Parsons's ambassadorship was notified to the Tipton County Court in Tennessee January 12, 2016 to this day. If there will be a future "notification" under Article 9 by the USA President, it still can not be applied retroactively as Ambassador Parsons was acting in his official capacity as Chilcotin Ambassador to the USA & ACT between January 2016 to the present, by consent of the USA Presidents, as established earlier. Article 39 of the VCDR says as soon as a diplomat is declared by a sending state, absent any denial or refusal from the USA President, the USA is obliged to uphold the status of the diplomat until further notice has been provided by the President of the USA via the State Department to the sending state that the sending state be provided an opportunity to remedy the situation. At no point in time does "the United States" have the right to declare,

"recognition by the Department of State is necessary to establish diplomatic status" which is contrary to the letter of the law and intent of the VCDR which the USA is signatory of and which 2004 4th Circuit Court decision is challenged as being in error and violation of international law. Clearly the reason the VCDR was written the way it was was to prevent atrocities from happening such as the current atrocity against the Chilcotin by the USA and Canada. Logically speaking it, and it is not, but if the 4th Circuit Court decision was correct and the USA could violate Chilcotin Ambassador & ACT, Michael Parsons's diplomatic immunities until his diplomatic immunities have been recognized by the US President then upon that so called "recognition by the USA President" who will compensate Ambassador Parsons's 2 years of assaults? To what amount of compensation is he entitled to for those assaults? And do other new diplomats have to fear similar fates? Yet, it is without a doubt, no other announced diplomat has been so mistreated by the USA as has Chilcotin Ambassador & ACT, Michael Parsons has been ill treated and discriminated against and for the sake of true and equitable justice deserving, along with Chilcotin National Congress members and the new country of the Chilcotin, precedent setting compensatory damages to restore proper harmonious foreign relations.

7.) Mr. Stuart in collusion and conspiracy with the State Department, the FBI and the DOJ have attempted to hold the new country of the Chilcotin hostage by receiving an application on behalf of the USA President from the Chilcotin to initiate foreign relations and then presumably refusing to provide such to the USA President as is their duty and mandate, claiming contrary to international law & the VCDR that until the USA

Page 41 of 487

President recognizes a diplomat, the State Department will not recognize a diplomat's status. Subsequently, the aforesaid then collude with and conspire with the Canadian RCMP to steal and seize my diplomatic briefcase full of classified Chilcotin documents and proof of service of application sent from the Chilcotin to the USA Department of State.

78.) In conflict with the previously stated 4th Circuit Court quote, but equally as faulty is, "In the United States, recognition by the Department of State is necessary to establish diplomatic status" *United States v. Al-Hamdi*, 356 F.3d 564, 573 (4th Circuit Court, 2004)

79.) Since my illegal detention and capture, I have been disallowed to review any case law such as *United States v. Lumumba*, 741 F.2d 12, 15 (2d Cir. 1984) aff'd, 794 F.2d 806 (2d Cir. 1986); *Mazengo v. Mzenqi*, 542 F.Supp.2d 96, 99-100 (D.D.C. 2008) & *The Schooner Exh v. McFadden*, 11 US. 116, 138 (1812) as to what extent they do or do not apply to this here case but in *Lumumba* erroneous rulings made in error must be overturned to come into conformity with the plain letter of the law.

80.) I have reviewed, The United States District Court for the District of Nebraska, Affidavit in Support of a Search Warrant by Monte R. Czaplowski, Special Agent, Federal Bureau of Investigation (minus p. 14) and note that Mr. Czaplowski's actions in seeking, obtaining and executing an illegal search warrant, as well as falsely accusing and prosecuting diplomats, p. 3, para. 6 in contravention of the VCDR also constitutes indictable offences under the War Crimes Act.

31.) At previously stated documents p. 3, para. 8 again Mr. Czaplowski errs in equating "Sovereign Citizen Extremism" with the "Universal Supreme Court." Further, FBI's definition of "Sovereign Citizen Extremism as anti-government extremists who believe that even though they physically reside in this country, they are separate or "sovereign" from the United States" can be extended to include such as Wash., D.C. perhaps London, Hong Kong and the Vatican which by the FBI's definition are all "Sovereign Citizen Extremists."

32.) Mr. Czaplowski further perjures himself in the previously stated document at p. 5, para. 9 when he says, "The Sheriff has not conducted any search of the plane" when clearly Sheriff Kapperman admits at Furnas County Sheriff's Office Supplemental Report dated 01/13/2017 that "On Jan. 13, 2017 I applied for a search warrant for the aircraft," and at Search Warrant dated 13th Day of January 2016, In the County Court of Furnas County, Nebraska and Affidavit and Application for Issuance of a Search Warrant dated 13th day of January 2017 which says, "Therefore, you are commanded to search a 1964 Piper pa 28-140 Fixed Wing Single Engine, White and Blue in colour, with obscured wing number N6403W aircraft, located in the north aircraft hangar at the Arapahoe Airport, Arapahoe, Furnas County, Nebraska for the collection of any and all forensic evidence including but not limited to fingerprint, DNA and hair follicle, any and all flight plans, ownership papers of the aircraft and any and all evidence of any other crime."

33.) At previously stated document P. 5, para 10 I absolutely deny ever having "asked" Mr. Thacker to "kidnap" anyone and hold Mr. Czaplowski accountable to the strict proof thereof. I never used the word "kidnapping"

Page 43 of 44

once either verbally or in writing to refer to USCT arrest warrants and indictments. The term "kidnapping" is a non-sequeter concocted by the FBI and Mr. Thacker regarding USCT indictments and arrest warrants.

34.) At previously stated document p. 6, para. 13, I told Mr. Thacker he could have the equipment in our Chilcotin plane which included firearms, which I told Mr. Thacker law enforcement in the Chilcotin are permitted to carry.

35.) At previously stated document p. 6, para. 12 is a misleading statement and false statement, "... Pat Parsons would provide Parsons's vehicles as a down payment and the aircraft was to be used by the CTS for collateral until the full payment is received," because as per the 2nd Amendment to "the contract" there was no deposit payment involved. At no time was the Ford Ranger part of the payment of "the contract".

36.) At previously stated document p. 7, para. 15 Mr. Czaplewski misleads by saying a motorcycle was also provided Mr. Thacker and his associates and hold Mr. Czaplewski to the strict proof thereof.

37.) At previously stated document p. 7, para. 16 Mr. Czaplewski admits there were "numerous" phone calls between me and Mr. Thacker which is true. Thus the FBI must now produce transcripts of all of the "numerous" said phone calls and text messages in their entirety in order to avoid covering up the truth and creating a false record, false interpretation. If the FBI fails to produce all the

recordings which were illegally taken, then it is proof the FBI is attempting to cover up the truth and frame innocent people as well as destroy a fledgling nation, the country of the Chilotin. The fact that the FBI has not produced said recordings by now shows bad faith, deceptive practices and engagement in criminal behaviour or war crimes because not once does the FBI mention how many times I instructed Mr. Thacker to conduct the mission in as safe and peaceful a manner as possible and if it is not feasible then don't do it. Again, none of the phone calls I had with Mr. Thacker were "consensually recorded conversations".

38.) I was correct when I called Judge Joseph Walker "a rogue judge" because he does not abide by the rule of law and abuses his powers hurting innocent people which is why he needs to be brought to answer for the charges laid against him and justice be served. Yes, it was J. Walker's choice to disregard a higher court's mandamus and act contrary to a higher court's orders that has gotten him into trouble.

39.) At previously stated document p. 8, para. 17 I had no knowledge Mr. Thacker was planning to "forge an order" of any kind, nor did I have any knowledge Mr. Thacker was planning to "impersonate a law enforcement officer from Tipton County Sheriff's Office," but left strategic planning to Mr. Thacker who I thought was an expert at law enforcement, consistent with my many statements to Mr. Thacker. Paragraph 17 shows I always opted for nonviolent means wherever possible. The strategies to execute "the contract" were all Mr. Thacker's ideas. When I stated Federal Court Judges should be indicted and arrested as well, Mr. Thacker said they have enough to do already with

Page 45 of 48

the additional Paine/Peeler indictments and arrest warrants.

10.) At previously stated document p. 8, para. 18, which is reflected in "the contract," I offered protection to Mr. Thacker~~3~~ and his company from false charges based on diplomatic immunities and USCT higher authority, not freedom from "crimes committed" as the only "crimes committed" were by the US DOJ & FBI and possibly State Department etc.

11.) I note, not disclosed, yet in my brief case at the time the RCMP in collusion with the FBI stole my documents is the BC travel plan and directions I provided to Mr. Thacker. On this document it clearly states how the accused were to be transported to the Statlimx Police Station awaiting their trial, and the Chilcotin plane was not to be used for transportation. Non-disclosure by the FBI proves spoliation and suppression of evidence as well as perjury, abuse of process and falsifying records.

12.) Also, not disclosed is the Paine/Peeler, TNG society indictments and arrest warrants, as well as text messages from April 26, 2017 which I sent to Mr. Thacker because it was plain and obvious Mr. Thacker was having difficulty executing the mission, where at I directed him to choose 1 of 3 options:

1.) continue to try to execute "the contract,"

2.) execute only arrest warrants, saving rescue for later, or

3.) abort both rescue and arrest warrants of phase "A" proceeding to phase "B".

Later that day I received a phone call from Mr. Thacker advising he will continue trying to execute "the contract".

93.) I have seen illicit "orders" from accused Judge Joseph Walker dated January 8, 2018. However, I am not going to entertain hostage takers and rogue terrorist groups who refuse to abide by the US Constitution, who continue to commit crimes and hostile attacks on the country of the Chilcotin and Chilcotin leaders. There is an outstanding warrant for Mr. Walker with now additional charges, since his last indictment. Mr. Walker will have the opportunity to plead however he wishes in my court.

94.) Attached hereto at "Exhibit 1" pgs 2-3 is USCT order dismissing this here case and USCT order pgs 4-5 dismissing case #06512: 17CR20243-001-17
