Greetings and God bless you Rudy thank you so much for getting the story out to the people listening. can you take some kind of screen shot of the video and tell me what kind of hits or comments were said. i want to know whos saying what and is any one else willing to help me. i want any and everyone to know what happened to me in that cell and how iam forever disfigured. do you know any lawyers who would take this case how can we stop this from happening again? i want to fully expose these people i need help. can send you more of my stories. that go on in here like today my cell was robbed of all my deodorant and soap and now i have nothing. i told the guards and nothing was done. it gets worse then that. do you want more stories? and what else can you do for me I am not a habitual criminal i just made one wrong mistake which iam paying for already not be abused left lame and disabled forever. i have lots of paper work proveing all my claims as well as witnesses nothing i say to you is made up or exaggerated and god is my witness. Is there any one listening to me?
