My dear brother Tommie,

So good to receive the cards! Clearly the message is one that must move mountains. All of God's people must be informed of the massive scale of selling innocent people into "bondage" all across America for several decades now. There can be no room for failure. The vile and wicked who enrich themselves on the misery of millions of people have a design for destruction of the entire country and enslavement of the survivors.

My our prayers be heard and the LORD's provision and protection stretch forth before us and our victory be sure. We are witnesses to the judgment of the LORD upon peoples who have turned their hearts from the LORD and are trying to get Jesus out of the hearts, minds and souls of generations. The powers of darkness have been too effective at deceiving them across this land. The study of such as Isaiah and Jeremiah a solic warning for this people in this 21st century. Our prayers none-the-less avail much!!!

God's enemies are frantic in their modus as the Light of the TRUTH shines ever brighter exposing them and their evil deeds and plans for their satanic One World Order. There is no room for lack of faith in the LORD and faint of heart. It is the heat of the battle and the LORD Jesus Christ who gave all, expects nothing less from His followers. We must do all to establish righteousness and stand firm until He returns.

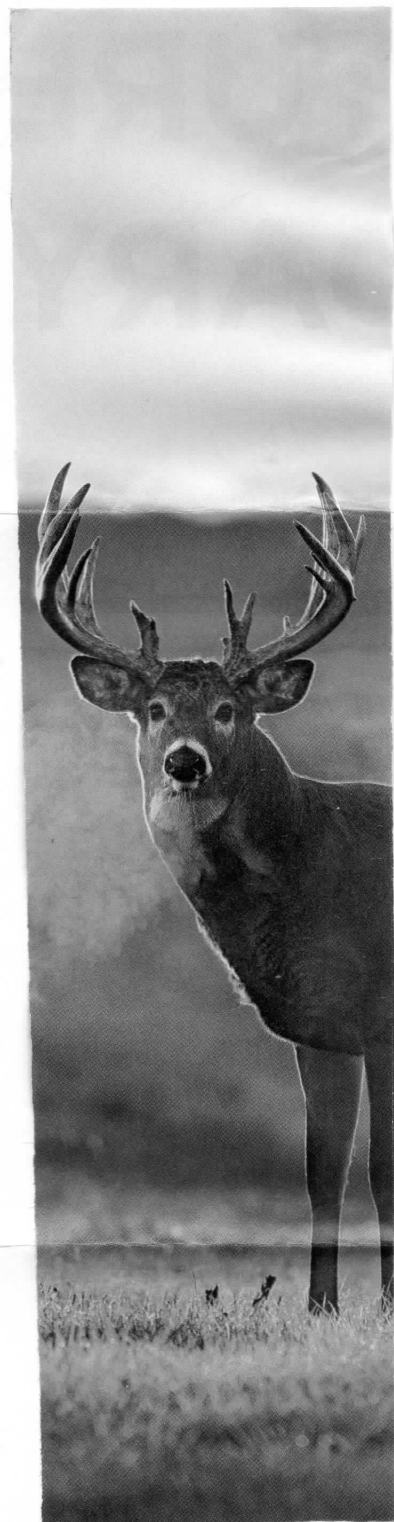

Only a stone-cold liar ever resorts to "censorship". The faint of heart powers of darkness are going crazy seeking control via theft of correspondence; censorship of books, magazines, e-mails, etc. A solic evidence of just how vulnerable their LIES are. If they were right it would not matter what people, especially prisoners had to say. It would not matter if we sent 500 lbs of mail out every day; received 500 lbs of mail every day [except where would we dispose of it?]; spent hours on a phone or on e-mails every day to anyone who would answer. It would not MAKE ONE BIT OF DIFFERENCE, if they had nothing to hide and were not afraid of their LIES, THEFTS, FALSE IMPRISONMENTS, etc. were not wrong!

This big guy is glad that I am here and he is out on the range. Just one "little" way that evil has touched myself and others. Many people do not think of what the LONG, unconscienable prison sentences mean to people. A man or woman who have been given their four score and ten by our Creator robbed of 20 - 30 - 40 - years life, that is "murder by imprisonment"! Myself, I can testify that I have spent [already] 1/3 of an ordinary life in prison for false claims of wrongs that NEVER happened and that were NEVER crimes, even if they had happened.

I look at fine servants of the LORD like Yori and see a horrid injustice where the victim of this out of control Potomac Mafia attacks some of the finest Americans murders some outright and then murders others by death by imprisonment. This is not an isolated incident! This is every day all across America. And NO ONE is safe. There are forces right out front that are accepted by masses, masses who do not realize THEY ARE NEXT! That is the plan.

Americans MUST wake up!!! We NOW have hundreds of concentration Kamps all across this land. Those and every kind of lockup that can be described. Millions of our people are labeled as "felons" and have been in prisons for an aray of allegations that should never have resulted in the arrest of anyone. [Consider please: "THE JUDAS GOATS", written by Michael Collins Piper, availabe via American Free Press]. John 10:10 has much to say about the prison and other forms of destruction that are currently being meted out on America and the world right now. This is no accident!!! ~~✍~~

Many have witnessed and WARNED and find themselves marginalized, murdered or imprisoned. Their families and friends threatened, sometimes robbed, injured or even murdered. Our son was murdered 7 January 2000, He was 25, an honor student and upstanding young man. He was to attend University of Iowa Law School in the

fall of 2000. We had an investigator, Blackhawk County Sheriff Deputy investigate the alleged accident near Portage, Wisconsin where the SUV Jeep that Ryan Dean was riding in with Suan O' Brian was ran off the cliff by two service vans. It was no accident! Yet, the two men in each van were never charged, even though their were several witnesses who came forward. They were detained within two hours after leaving the scene and never even issued a traffic citation. Later, judgment was entered against them for "wrongful death" but never any criminal process.

Ryan was very highly thought of at University of Iowa and well connected in the Republican Party, as well as well known in Iowa and the community, Waterloo, where he grew up. My friend Don Priebe, who worked for Garden of Memories in Waterloo helped my family with all of the arrangements. He, himself, went to Portage and recovered Ryan's body. He later related to our family that Ryan's was the second largest funeral ever serviced by the Garden of Memories at that time in their 73rd year.

Was he murdered to try to impede my efforts for clearing myself of the false process and imprisonment? Why else? When his younger brother and sister called me, I asked them to read the Book of Job as soon as they felt they could. Strong faith and the grace of God saw us all through that. 

On the day of Ryan's funeral, the University of Iowa flew the flags at half mast. At only 25, it was obvious that he had done nothing himself, with his excellent reputation that would bring such wrath on him. By the grace of God, our younger son was not in the SUV when it was destroyed. He had to bow out for basketball practice that weekend. Otherwise he would have gone on the ski trip with Ryan and Suan.

By the grace of GOD we will soon share again. May His blessings be yours today, tomorrow and forever!

Let us serve!
