Honorable Judge Lipman  
167 N. Main Street  
9<sup>th</sup> Floor  
Memphis, Tennessee 38103

I am Clete Webster, mother of Michael W. Parsons, and mother-in-law of PATRICIA 'Pat' Parsons.

My son and Pat dated for two years and they have now been married for thirty years.

Pat worked at Walmart for six years to pay for her college education. She worked for LSI for over twenty-four years as an Electrical Engineering Designer.

Pat is a hard worker at her job. She also loves animals of all kinds. She raised Cats, Dogs, Chickens, Ducks, Turkeys, a Donkey, and Horses. I used capital letters for these since she does have names for them all.

I feel that Pat was misled by people who did not have her best interest at heart. I am praying that Pat can be given a chance to keep her distance from those persons. Also, that she be allowed to work at her same profession. She did well all these years and loved her job, as well as her friends there.

Very respectfully,

Ms. Clete Webster

RE: Pat Parsons / Character Reference

Your Honor,

Please allow me to introduce myself, my name is Dan Miller and I am the Chief Operations Officer for Logical Systems, LLC. I have worked with and managed Pat Parsons for over 25 years.

In all her years of working under my supervision she has never had an incident where we have had to take any kind of disciplinary action as she has always been a consistent and dependable employee. She has had a long history of helping others learn and grow through her involvement with no negative engagements with people.

I can only say that from my experience and knowledge of Pat, she has always been known to be a kind person who loves animals and would suffer herself if she thought she needed to ensure their safety. She has been under the influence of other persons and has found herself in this situation that she must now deal with after making poor decisions. I would not be surprised if she has been influenced from all sides to make decisions and statements that are not in her own best interest, but in the interest of protecting her animals.

We ask for reasonable understanding as you consider her fair and proper consequences.

Sincerely and Respectfully,

Dan E. Miller

RE: Pat Parsons Character Reference

To Whom It May Concern,

I have known and worked with Pat Parsons since March of 2006, and in that time, I feel that I have come to know her very well. Pat is a very proficient electrical designer, a dependable and loyal employee, and an honest, hardworking person. She is someone that genuinely cares for other people and loves her animals at her farm.

Pat has been very trustworthy in the years that I have worked with her, and she is also a very trusting person. I understand that Pat plead guilty to the charges brought against her, but I believe that she found herself in that situation because she trusted her husband Mike and did not understand that he was involved with a plot that was against the law.

I still believe Pat to be a good person who placed her trust in the wrong people, and I would not hesitate to have her as an employee again after the legal proceedings are complete.

Sincerely,

RE: Pat Parsons

Your Honor;

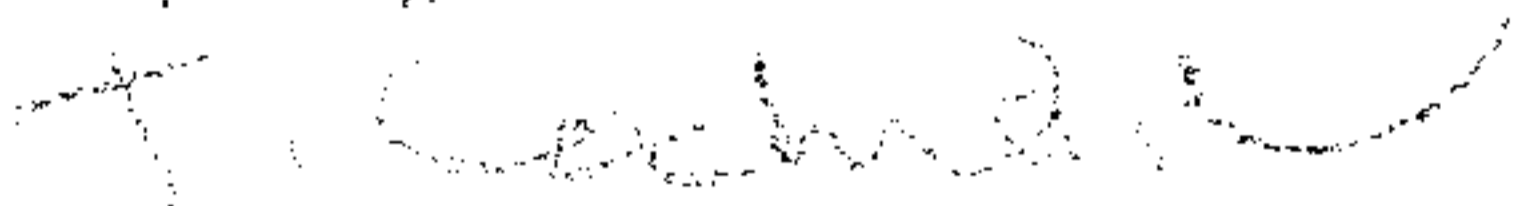

My name is Terry Cochran. Pat Parsons has worked for me for the past 25 years and has always been a dependable and reliable worker. She began with the LSI in 1993, and has grown to be a well-respected Electrical Designer. The company relies on her to handle many challenging tasks; she accomplishes them with minimal direction.

I know Pat to be a good person. During her husband's incarceration, she has been in a desperate financial state taking care of the property and numerous animals that her husband purchased and raised. She has done everything in her power to take care of this property and these animals while maintaining her job with no offers of help from her husband. I believe that Pat pled guilty due to a lack of finances to challenge the charges which has resulted in her imminent incarceration.

Pat has suffered years of mental stress, manipulation, and verbal abuse by her husband. I believe that the years of this abuse contributed to the terrible decision she made. Pat is an intelligent woman, as her work shows; however, the mental abuse suffered by her over the many years of her marriage and the terrible decision she ultimately made, is classic symptoms of battered woman's syndrome.

I believe that this should be taken into consideration when considering her sentence for this decision and I sincerely hope that you will be as lenient as possible.

Respectfully,

Character Reference

Your Honor,

My name is Mark Anderson. I have known and worked with Pat Parsons for 24 years. I know that Pat has pleaded guilty to the charges that she failed to notify the proper authorities of a plot to kidnap a sheriff and break her husband Mike Parsons out of jail. Pat has made some bad decisions the last few years in her personal life. Unfortunately she chose to love a person (Mike Parsons) that does not worry about the consequences.

She has been under tremendous stress because her husband is incarcerated and has no help at home to assist with her 80 acre farm.

She has worked full time and done excellent work as an electrical designer on many of my projects. At the end of each day she returned to her farm to care for her many animals.

I can say that in the 24 years that I have known and worked with Pat that she is a decent hardworking and trustworthy person. I believe that she did what her husband requested without considering the implications. I feel confident that this will not happen again.

Sincerely

*Mark P. Anderson*

Character Reference

Your Honor,

My name is Charles D Garner. I have worked with Pat Parsons for 12 years. I know that Pat has pleaded guilty to the charges at hand. Pat has made some bad choices and decisions the last few years in her personal life but I feel that she was persuaded by her husband who had no regard for the stress he inflicted on her.

Pat has always been at work every day and tried very hard to be productive member of our team. She filled shoes that are not easily replaced.

I have enjoyed working with Pat the last 12 years. I believe she has made decisions solely on Mike's persuasion. I think she is a good person and poses no threat to anyone.

Sincerely

*Charles D Garner*

I have known Pat Parsons for 3 years. She has always been a hardworking, professional person focused on doing a complete job. Her work has been respected inside Logical Systems as well as with individual customers. Pat was always the first person at work and rarely took days off. Pat has a kind heart taking care of many different kinds of animals. Pat has been deeply conflicted over events in her personal life over the last year. I believe Pat to have a good heart tries to do the right thing.
