Dear Mr. Cullum

6-12-18

I do not know how I ended up on your radar but I do appreciate how Christ in you has comforted me in my severe trial. I am in a secret prison run by criminals who should be incarcerated. When men unmoor themselves from the righteousness of God any wicked act can be justified as "good". So it is with this place. Men in a rapid foot race to hell think they are pleasing God. Paul lived this out but repented. These units will eventually implode upon themselves as did the Third Reich. The God they reject is not ~~not~~ alleviated out of existence just because He pains the conscience. He reigns supreme and uses the godly and ungodly alike to accomplish His intentions. What a mighty God we serve! For those who know Him they can even see His majesty in goats. For those who do not no amount of signs or wonders can impress them.

I have been a Christian 42 years. I can attest to the faithfulness of God. My joy regardless of circumstances has always remained full. How easy it is to rejoice in a love larger than all wickedness. I do not like the fiery furnace wickedness has cast me into but I am in it because of my integrity for Christ and have discovered He is here with me in the midst. I will exit without being burned or the smell of smoke upon me. I have been given two mantles for my life's work prophetically from God now about 33 years ago. One is the Joseph mantle and one the Bridegroom. Both are symbiotic and both necessary to prepare the bride for His return. None of what wicked men have done to me has annulled these promises. They have only been used by God to perfect me for the work of the ministry. Very soon now these promises are to be revealed to this world. When it occurs be assured that your portion of the prophet's reward will find you. Thank again for being a minister of Christ towards me. May the God of peace, wisdom, and joy fill your spirit with His presence. The greatest prize of all.

Blessings
