Dear brother Jommie,

Greetings in Jesus' name! I pray your work for His Kingdom is blessed and being established day in, day out.

There appears to be good news as President Trump is vowing clean up of the horrors of life destruction, draconian sentences, decades in prison for allegations that are not crimes to begin with. All for ~~the~~ sake of massive "prisoner bond scheme". These atrocities would make Adolf Hitler blush. ~~Yes~~ Yes. This is a wash all across the land of the free. We must prayerfully encourage ending such evil. [LIES have been destroying innocent people for decades!]

It seems the President is SHOCKED by what he is learning about "prisons for BIG unjust enrichment \$\$\$"; the evil that has destroyed millions of lives during the last 50 years. May our Lord bless a massive CLEAN UP!

-★- I pray your spring, now progressing into summer is truly a blessing for you and yours at Forney, et al. We have a merciful God.

Nope! These elephants are not here in southern Indiana. And of course I did not photograph them.

Enjoy! ☺

Tommy, I hope nothing like this storm has been coming your way. It could really make for a bad hair day. Been there, done that. ^{is}

I've been enjoying a class about operating a horse ranch. A younger horseman caught up in this has been devoting a lot of effort for teaching others about his experiences and how that can prepare us for working with horses for ourselves and others. A welcome break from the gulag and monotony.

Let us be thankful - eucharistia ^{is}

I pray you've been blessed by my written conversation of 16 May; perhaps our letters will cross in-the-mail. There have been numerous, for unexplainable reasons.

As I'm in my 10th year in this isolation gulag it is a blessing learning from family and friends of how things are outside of this foul circumstance. This is a condemned previous death row, condemned at about the same time they executed Timothy McVeigh who was held in cell #39 according to the rumor mill. No one who's not seen it would believe what's going on right here on Amerikka. ^{is}

Thunderstorms all last night, 11:00am EDT, they've let up for a while. It is cool so I can write without sticking to the paper. ^{is} More and more proof and exposure showing NONE of this "bogus" federal concentration camps system is legitimate. All treason against "The People", the true "beneficiaries" of the Public Trust. Wow! This is going to make waves as all is exposed!

Contemporary writings are EXPOSING the total corruption by the public employees/trustees. People learn the game and the LIES cannot stand.

3/ We the People must learn to share responsibility for ^{TEA} the fall into corruption. The important factor is "consent (assent) of the governed". People have allowed the trustees to violate our lives, liberty and pursuit of happiness. An example: People "sign" a Driver's License, contracting away an array of protections of law, i.e., Constitutions, state and federal; protections of statutes, "consenting" to be governed by the broad contract overruling many rights in lieu of specific performance under contract. This waiver of protections of law is common, i.e. participating in "signing" state and federal standard taxation forms. Or even "signing" papers while under arrest and being jailed. All of these "signatures" assume liability/debts making one a "debtor". A "debtor" cannot state a claim upon which relief may be granted. One, i.e. cannot claim liberty. Got cha!! rules!!! [This is why Wm Rhenquist was quoted in Virginia Beach paper, at the Amer. Bar Conv. as saying, "we don't have anyone in federal prison who hasn't volunteered to be there". (1994, Mar).] Consent/assent!!!

When one is called or dragged into a federal court, or Buck Act state court it is NOT about violation of Law. It is about "charges" on a "bill" — no case until the live one answers to the call — Then he/she has been bound by "consent-acceptance" for settling the "bill". The failure for settling or receiving an acquittal as set-off results in "assessment/sentence" for money judgment or imprisonment or both. The "debtor" by deception is burned at the commercial stake! No. 1 taxation scheme as "prisoner bonds" yield \$\$trillions\$\$ over the years.

The United States of America, long gone! ^{TEA}

their flag no flies over Communist states of America since the so-called New Deal (Communist coup d'etat). LIED to from their earliest age (TV, pub. Schools, etc.) this people all too often have no clue how deceived they are. Will we wake up? Will we come

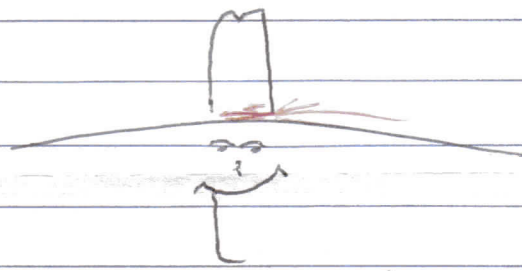

out of the ether? Of necessity the question must be answered. And will be unstoppable! ~~no~~

The prayers of our faithful avail so much we can be sure our faithful work in the faith will bless us; (Romans 8:28) blessings unto the Kingdom of God. Jesus, the Christ can never lose. He has already won!

"The First Freedom", June 2018, continues revealing truth not seen on lame stream sources; pray TRUTH is brilliant, enlightening many and casting out darkness.

You, and all of our dear friends are in my heart and prayers. Our victory certain is before us!

With Love of Christ,
your servant brother,
