Peace and blessings Jeff,

My name is Rudy Davis and I run a small Christian prison ministry in Texas at <http://www.YearOfJubile.com>. I am in communication with both Yorie and Scott. Do you have the rights to the film "Death and Taxes"? Are you opposed to allowing me to upload this film on youtube and pointing back to your website <http://www.taoslandandfilm.com> as the source and owner? I only ask as I think this film could do a great deal in raising awareness about political prisoners Scott and Yorie that have spent the last 35 years in prison.

Thank you for your consideration.
Because of Jesus Christ,
Rudy Davis

Dear Rudy & Erin,

I feel like Jeff will permit you to do as requested. So far as I know, he does own the rights to the documentary. I recently had a copy of the article I wrote sent to him. He never responded. So, who knows???

Thank you for informing me and thinking of S & I. Take care....

Yorie

It looks like you've already pirated the movie on YouTube. Not too happy about your dishonesty. Perhaps I should just show up at your house and steal stuff.

Sincerely

I (Rudy) called Jeff at (575) 770-2685 and told Jeff that I did not appreciate being called a thief and that the link on YearOfJubile.com POINTED to a youtube video uploaded on a channel named Marty SchoenFeld at <https://www.youtube.com/watch?v=ev02YBXL1u0>. I then went about to tell Jeff Jackson that I will __NOT__ be sending Jeff a birthday card and that Jeff has been forever removed from my Christmas card list. Before I got around to telling Jeff all of this, Jeff hung up on me. I then sent the following email back to Yorie Von Kahl. Jeff's phone # and address are publicly available at his website.

From Rudy to Yorie...

Peace Yorie,

Jeff and I had a big argument. Someone (I have no idea who) put the video on youtube for free and I simply point to it from yearofjubile. I do not host the video but just POINT to it.

Anyways, Jeff sent me the following message back...

From Jeff Jackson,,

It looks like you've already pirated the movie on YouTube. Not too happy about your dishonesty. Perhaps I should just show up at your house and steal stuff.

Sincerely

Jeff Jackson

I (Rudy) called Jeff and told him how the cow eats the cabbage. Suffice it to say that I cant get along with Jeff. If he had of been a bit more polite, I would have tried to be his biggest promoter. I am sorry Yorie. I too have a temper. I am sorry and pray the Lord still can work a miracle.

In Christ Jesus,

Rudy

At this point, I modified the website YearOfJubile to not point to the Marty Schoenfeld youtube video. I do encourage anyone who has the money to watch the movie Death and Taxes to educate yourself about the Gordon Kahl story and to write an encouraging letter to both Scott Faul and Yorie Von Kahl, both of whom have spent 35 years in prison.

Yorie, FYI BELOW

It's none of my business what Jeff charges for his film but what set me off is being called a thief... Jeff just assumed it was me (Rudy) that put it for free on youtube but the channel name is Marty Schoenfeld. I strongly object to being called a thief when I had no idea who Marty Schoenfeld or Jeff Jackson are prior to May 12, 2018. I reached out to Jeff in peace and for him to call me a thief was strongly objectionable.
