①

July 1-2018

Hello Mrs. Erin and Mr. Rudy.

July is here. It is hot in these cells.

Still I can imagine swimming in some cool water. Whew! Hope and pray all is well and good with you both. Best wishes for a safe, healthy and happy 4th of July. We're much to celebrate. God Almighty is truly good to us all.

I received a money receipt today from book keeping. They credit 25⁰⁰ to my account from you. Thank you very much for this wonderful gift! It shall go far, as money in here is like ten times the value out there. I'll be able to get hygiene items and writing supplies. Truly does help with the over head. Thanks!

I hope to be able to call you this coming Friday or Saturday. Depend on if the phone is working and how long the line is. It is 30 to a phone. I'll aim for morning, about 10 a.m. Kinda quiet here. The time zone different. So, I'll go for 11 a.m. here. If not Friday, then Sat.

Hope mother photo reached you and that you have received my letters. I realize some won't entertain the notion that a Lt. on the Sheriff dept. would be so misguided to deliberately set some one up to go to prison. But Lt. Andrew Peak did. His bias

(2)

and prejudice toward me. After he found out I was release from prison. Actually blinded him so bad. He misuse his appointment of the case for personal gains and rig it so bad. That I am on death row due to his lies. He selected who he thought he could get away with his lies. He got his promotion pay raise, and lots of awards for so call solving a homicide and putting me away. But the absolute truth is, Chance Norris. The toddler who he says told him every thing. Was 3 at the time. he talk to him and when the crime supposedly happen 2 1/2! The fact that he believe the child was in mobile, Does not make it so, and in this case. all the adult in the child life, dispute his lies. Even though both parents was in prison. The mother call him in Chicago. Was inform to both that the grand mother illness and poverty couldn't handle all 3 kids. She inform both. that Chance was moving to Chicago until they got out. This was June of 2011 The other grand mother from Chicago, come by bus and pick him up. Transferred him back with her. The alleged killing, Lt. Peak claim happen at his grand mother house. Who 30, 40 plus years ago. My dad was married to her mom, Dad died in 1981. Was

(3)

married to her in the 70's. Regan Norris was the legal guardian and had full custody of all kid children of Jason (her son) and his wife Tiffany Norris. They did divorce, but at the time both was incarcerated, she pass on custody, guardianship to the other grand mother. FAX a document so she could receive medical bill pay for. He had to have treatment several times in the 6 month he lived in Chicago.

Dozens of people on both ends could and can testify that he lived there. From photographs, medical records, affidavits if I had some body to gather up statements, on both ends. Well, Lt. Peak made up the story. Feed it to the child. After dozens of sweets, toys, (bribes) the toddler agreed to repeat what he told him to say. Then the police went to all the officials like child care expert. Inform from that the child had supposedly witnessed a brutal killing, which he didn't say supposedly. He went around falsely claiming it gospel. Told the coroner, who change time and date and location of the body. No forensic evidence supported the claim at the grand mother house. Other than, the cops trick a dog to sit down where they claim the killing

happen, and pointed out a tree that had axe mark that was 10-12-15 plus yrs. old. But where the body was actually discovered. Plenty of D.N.A. evidence existed. Only clothes, hair etc. did not match me at all. None of it. So, the cops and D.A. ask the jury to disregard the direct evidence and go with their manufacture evidence, which now, that they know the child was not in mobile. They circle the wagon, covering for the cop. He went to the Sheriff. to the D.A. and to the grand jury. Out of his mouth, stated Chance Morris inform him of the killing, how the body was cut up, hung up on a tree, and taken parts away in my vehicle. Now that the real, absolute truth that Chance Morris was not even in the county, or even the whole state of Ala. That he was only about 2 1/2 yrs. old. Coach and feed the lies by the Lt. They all trying to put a front on that I was in prison, that I am a monster. That I deserve death from what I done before. Well, God's gonna bring people into my life. They will help regenerate me. Volunteers on both location. Chicago and mobile. The lies they told the jury won't stand

(5)

very much longer. Amen! Please call my appeal attorney, Ms. Rachel Judge for full disclosure and details of all the proper names and places like the grandmother name in Chicago. First is Mitchell, but I don't know her. Never talk to her in my life. Saw her in court one time. That is it. Her church address, hospital etc. I don't know.

I can provide my where about and all the people who knew where I was. Which the P.A. / cop theory was Monday nite - Sept. 5, 2011, between 7 and 11 p.m. Joshua Duncan and I was in a fight. Never happen. He was 23, 24 yrs. old. I was 53, I'll be 60 in a few wks. Done almost 7 yrs. here cause of the Lt. Peak lies. He is worst than the Lt. in the D.J. Simon trial. and Lt. Mark Ferrason? Went to prison for lying on D.J. The mobile Lt. Peak, got promoted, pay rise, awards. They P.A. office, and Sheriff Dept. celebrated drinking and such at sending me to death row. They are sick, some of them abuse their position for crooked means.

I do deeply appreciate your willingness to help. Mrs. Judge # 334-269-1803. My

pending appeal should come through this year. Any time now. They are gonna reverse this corrupt verdict. And the real truth shall come out in my next trial. My innocent is clear to that truth. They completely made up the killing, all the facts are false and they manufacture date, time, place, witness. None of it is true at all. I am 100% innocent. Some realize it now, but refuse to step up, who want to lose their job for telling the truth? Who am I to any body? D.A. claim I am filthy scum, a horrible monster that society duty to kill. The doctor she got to falsify his report to the jury, Been arrested 4 times for drugs since he lied to the jury. Lost his Dr. license and facing prison time. Last I heard, he was in rehab trying to get the judge to probate him instead of prison. Still he lied big time at trial against me. The results was untrue. He made them up for the D.A., Claiming I was a sociopath. Treated people like objects, That I had no feelings. I love people, I love God, and he flat out lied!

It is time for ^{mail} ~~gate~~ pick up. So, I'll close for now. Hope to talk to you end of this week. God bless. Happen 4th of July, Peace, later On Dennis

P.S. Mr. Rudy, It is early, about 3 A.M. It was p.m. call for guys who take medicine not mail pick up. So, want to explain some of the reasons why I think the jury found me guilty when I am not.

For starter, like I mention, the Lt. Peck, went around lying to lots of officials, some bought it hook, line and sinker. He show case, window dress it all up with my prior prison and case from 1979. So I can understand why some of the decent, good personel in totu dept. accepted and help to convicted me.

Still can't go by appearance or the theory people make up. Not without factual proof that support and sustantiate absolute truth. And he wasn't able to manufacture his lies that well. Sure plenty of people wanted to believe him, so they did, but any body with a open mind, and a honest heart for the truth. Will not. When they learn the facts, and it is factual that Chance Morris was not in mobile AIA. During June of 2011 until late Nov. 2011. So, how could a toddler, be taken to a location, and him point out a tree and a living/dinning room spot and say. This is the exact location the killing happen. He was a baby, just a

(8)

mere toddler. The Lt. Coach him, and feed him lies. It is a miracle that he did not put any of Joshua blood at the grand mother house. Guess he could not get any. But he did set up false evidence. Put a knife on my bed room head board of my bed. He changed my mother's Holy Bible off my front sit and took a tool knife out of my tool box. Took photos of the knife on my front car sit. And Mr. Rudy, I've had hundreds of people to ride in my vehicle. all seem the Bible, and to just ~~had~~ ^{HAVE} a knife either on my bed, or on my car sit. Could cause me to lose liberty, freedom, go back to a 2 life sentence in prison. That alone would be enough to violate my parole. In which I had a petition hearing for a pardon coming up in 4 months. a goal I had been working toward for over 30 plus yrs. Make no sense what so ever!! I don't keep a knife in here. I had 3 set of dishes out in society, my own, mother's and grand mother's. I'll be 80 soon. In all my life: I NEVER STAB no body. I was write up once in prison and found not guilty, the Sgt. testify I did not stab him, that he cut his self. but my point is. I don't need or use knives for

9) weapons. It's just from me. Like with the
jail house lie. After hundreds of officials
over 4 1/2 yrs in jail. Thousands of letters,
phone calls, visits. Never once did I
ever claim or state nothing but innocent.
To the judge in personal talks, to
all the police, family, friends, neighbors,
church members, yet, this one 5 time
loser, who testifies by time to get a
reduce sentence. Comes to my trial,
and says he talk to me one time and
I told him I did it. Totally untrue,
complete lie. Instead of the mandatory
life sentence for 122 hits of dope, and
97,000⁰⁰ in cash, he got 30 months for
lying for the police on me. He was suppose
to be in the same wedge at jail. Talk to
me, got out - on bond, white out, got
more drug charges, got back in jail, and
when the new P.A. Jennifer Wright got
appointed P.A. over my case - (the other
one got promoted to a judge) and Mrs.
sent 2 dozen to death row in almost
20 yrs. NEVER NOT ONE Death Row
conviction. Has she not used switches.
They pick out some body, tell from what
they want to hear, and the person
goes back into the jail. Regardless if
the accursed admit it or not. They
return and tell from yes, tell from what

10) They want to hear. If they will repeat it on the stand. It is their get out of jail free ticket. Many are so far gone on dope and such lost people. That D.A., police knows they'll pick them up again, but because it works for them to have some body lie to the jury. Conviction to train justify the small lies. They already convince that the person guilty. So they help it along. They don't see it has corruption. They see it as fixing problems, helping society. So what if they bend a few rules. They still consider themselves good officials. Whatever means justifying their end, with my case, they ask people to lie. Lt. Peak went to dozens of my own family members, neighbors, friends, claiming I was killing people in secret. That he knew I kill Joshua, claim I kill my bro-in-law. (Who wasn't kill, but had a heart attack) died of natural causes. Still he character assassinate me so bad, then the judge and P.A. climb on board, and they hoodwink the jury into believing a lie. They spent over a million dollar, few thousand the judge gave my defense. Went into the appointed lawyer pocket. They call no expert. Promise to do over a dozen. Call less than 10% of all those line up waiting to be call into the court room. Then out side

subpoena to be there. After trial, the lawyer dismiss them. Family members, people who had first hand knowledge of my where about, of Joshua, of the 3 children where about. The lawyers help and work for the D.A. and police, and judge, way more than they did me. I wrote up the lawyer letter not coming to visit me for 9 months. My trial was 4 months away, they saw me a few times, and claim they was gonna prove the police a liar, that I did not have the burden of innocent on my shoulder. but that P.A. had guilt on them. Both said due to my pers. If I ~~had~~ took the witness stand, I'd be found guilty, that due to my being 25 1/2 yrs. in prison, I would course have to lose the case. That they would win it. I did not do it. When I realize they was selling me out, when it come the defense turn, I wrote the judge, stating the lawyer and I had a major conflict, an issue of trust, respect and case style. That I wanted to testify and he refuse to let me change my mind. I had said no like they order me to, but once I realize they did not have my best

interest at heart. I tried to stop the injustice and crookedness, but fail ~~change~~ to do so. But my lawyer did me wrong. What worst, I allow them too. I should of NEVER allow them to be Judas lawyers to me, I'll not ever recommend them to any body. Not even a traff ticket.

I hope to cover what ever you need me to via phone. Be nice if it was a camera recording too, but it is a start. Maybe you can put the record on the web-site. Some body in Chicago, mobile, will hear it, and step up to help exonerate me. The verdict is corrupt to high heaven. I can use all the help your able to sparehead my way in gaining volunteers to rally up and gather up all the necessary evidence to show my innocent. The absolute truth support my innocent. Just not me claiming it, but the real factual facts of the case it self. It proves I had no involvement, that no killing happen around me. Not my house Regina house, none of it ever happen. They made it all up. Sure they clutter the whole case with lots of lies, but still they can't change the real true truth!! Talk with you later on. Thanks for all your help! God bless. Sincerely Dennis Hicks
