Greetings Mr. Rudy & Ms. Erin:

My Father recives prays often in your names and (I know) he look's after his own, praise Jesus.

I dont understand what happen with that address to Terry Franklin, that was the last known address, but I now remember it was (115 Sway Parkway (East) on Royal Palm Bch (West))
Fl. 33411

But please dont worry about it my Brother, it's out of my hands and if she wanted to contact me, she can at any time.

Bless you for your effort & help in that matter sir, Thank you Brother.

I'm OK, and standing strong and nobody can be allowed to interfere with my belief and conviction in following Christ:

I'm safe and sound at this moment sir, I'm in a solo cell away from all hectic nonsense and going on's..

My friend here at Century C.I. had words with some Gang members over my situation & why I've Grown tired/sick of all Gang activity and why I gave up membership, from my understanding there was words and (Wesley Moore) was beat to death with a lock on a belt " they killed this (new) converted Brother.

I was sent a New's post By Brother (William Cullum) it stated about drugs, how he has a sex charge, all kind propaganda about this guy who got his life took for standing up for his Christian Brother.

2

They screamed Drugs - Drugs - Drugs, then stated, officials will not disclose how or why his Death was caused, (Natural or not) So I politely wrote a letter to explain why.

Also, I explained that he was 22-years old and his girlfriend at the time was 17 years old. Now his wife & (child's) mother... he was 38.

It left a nasty taste in my mouth Rudy how they post whatever they care to post Sir without facts, based on Allegations and no proof... (It's sick)

I tried to tell (WESS) to come to confirm that he was no longer safe because of our friendship Rudy. He did not listen:

Keep (Wessly Moore) in your prayers OK..

And would it be possible for you to help me locate his family? maybe on face book or something? I believe his family is from Okaloosa co. FLA.

His ID# was P20444

The web site of (NEWS) was (www.pnj.com/story) Maybe Pensacola FLA...?

I need to get my info to a family member of his, I need them to learn how/why this took place before there fill-up with lies Rudy... can you do this for me?

I've been locked up 13 years Sir, I not ever seen a face book or "snap chat" or whatever and would not have no idea how to find his family members.

But somebody in his family posted something right? please Sir, it would mean a lot to me & to his family I'm sure to get this information to his peeps.

3,

Also, (Omar Barnes) ~~XXXX~~ Who Did this was a murderer, who Decapitated two people before, he should not have legally been sleeping in an open dorm, next to Wessly Moore or me... people who are going home in a year or two and this sick individual was permitted to sleep in the next bunk to my friend -- that's crazy, we both complained to a Sgt. COX on June 1st to 5th, was told (get a knife or seek confinement)

We complained because this guy was crazy & made threats about us reading the bible at Wessly's bunk...

Anyways see what you can do, just advise his family that I need them to contact me ASAP regarding information pertaining to Wessly Moore. please.

And how are you & Erin doing? I do pray and keep you both in my thoughts. I'd love to see a card with my name on it ^{LOL} what must I do?

Bless her heart, she writes all the ^{time} ~~times~~ and I don't have no postage to forward her a response....
