

# **Common Law**

by David Roland Hinkson

**PROCESS AND VENUE:** The De facto or De jure Liener can only adjudicate this Common Law Lien in the Common Law Venue, as the De facto U.S. Supreme Court ruled in Erie Railroad v. Thompson, that the De facto U.S. Government and/or its Sub Corporations have no Common Law Venue, or legal process and are thus estopped completely from the Common Law Venue; thus the canceling of the Republic Form of De jure Government, violated our right of De jure Common Law Redress and Due Process, pursuant to Article Four Section Four; which guaranteed our right to a Republican Form of Government, pursuant to Article Four, Section Four, and the Seventh Amendment; and our right to conduct Common Law Jury processes in the Venue of the Common Law, in Violation of the Seventh Amendment.

Therefore, all Processes, must be preserved in and Venued in the Common Law. But, we note that we are now being forced, by Coercion to use a De facto Commercial Corporation Statutory Public Notary, or we are not allowed to file in the Recorder's Office. Note that the Republican form of Government as guaranteed by the de jure Constitution of the United States of America, was fraudulently allowed to sini die after the Civil War. Therefore, we are now forced to now use the De facto Notary, in order to make Public Notice, in the BLM Office and/or the Country Records Office. Therefore, we need to make the statement on all filed and/or recorded documents, that by using a Common Law Lien, or Recording of this Document, in a De facto Venue, in no way appoints an attorney in facto or a holder in due course.

**ATTACHED VENUE:** When a Republican Form of Government is Venued in Common Law, creates any Contract and/or Treaty or other legal instrument, the created Treaty Contract or Instruments is only and still Venued in the Same original Venue, as its maker; in Common Law. Therefore the De jure Republic States created the De jure Venue and its Constitution for the United States of America; and the De facto Corporate By-Law now known as the De facto U.S. or United States Constitution, and this new De facto U.S. Government Corporation changed and/or created a new Venue known as Statutory Civil Law and this new World Order Scheme Violated now known as the De facto U.S. Constitution and this new De facto U.S. Government changed and/or his Oath of Office pursuant to the De facto U.S. Constitution and the De jure Constitution for the United States of American and was Treason.

**MOTION ESTOPLED:** No De facto Motion, can be filed pursuant to this Common Law Lien, as Motions are all Venued only in the De facto Civil Corporate Statutory Court or her Venue; therefore only Writs can be used in any De jure Common Law Venue setting.

**DE JURE CITIZEN:** Is a Citizen of a Republican State; and as such this state is Venued in De jure Common Law; and all of the rights of the Citizens come directly from Natures God; and all Legal Process and or Venue is preserved only in De jure Common Law; using only Statutes At Large. Statutes At Large are thus contra-distinctive to Statute Law.

**DE FACTO CITIZEN:** Is an Individual and/or Person, as defined; who thinks that he is a citizen of a government body that has been fraudulently incorporated; and as it is legally impossible to be a Citizen of a Corporation, they are in fact Corporate Chattel Property of said governmental De facto Corporation; and all legal process and/or Venues to be preserved only in the De facto Statutory Law and all rights are defined as Civil in Nature, and are known as Civil Rights.

**RIGHT OF REDRESS:** Is the right to file a grievance, by Petition, pursuant to the De jure Constitution, for the United States of America, and the De facto Constitution for the United States under the right to enter in a Contract.

**PRUDENT MAN RULE IN COMMON LAW:** Is a concept whereas, you state that what you have done would have been done by a Prudent Man. This is a good Common Law concept.

Land not currently claimed or owned - Fee Simple Absolute is not a De jure type of ownership.

Even the Federal Government that was originally created by the Republic States, were to always remain in the De jure Venue (see Seventh Amendment and Article Four Section Four). Therefore the Republic States were and are still supposed to be De jure, the United States of American was a De jure Common Law Treaty Document, that allowed legal process in only the 10 Miles Square (see Article One Section Eight Clause Seventeen), but we note, that to include the Seventh Amendment making it mandatory that all Legal Civil Process still remain in the Common Law, if any controversy exceeds \$20.00, shows that the founding fathers had no intention of allowing any process including Civil Process to be adjudicated in any court except for a court that had the Common Venue. This is why Individuals who claim to be U.S. Citizens have "Civil Rights". Note that all Statute Laws are entirely Civil in Nature. When I used to use the Seventh Amendment against the Federal Government the Agents would run away and hide.

De Jure Citizens have a God Given Right to Claim any Unappropriate Lands within any state. Note that the new Corporate Federal Government changed the name of the Unappropriated Lands to now be called Public Lands. This is a scheme to Cancel the Republican Form of Government.

No real money is now used in any transaction; even transactions that involve ownership of property.

Before the Civil War Deed Poles were used to Claim Ownership of Unappropriated Lands. The Grantor was our Savior Jesus Christ. Then all ownership was maintained and proven using what was called as an Abstract of Title. I found this information when I went to the UNLV Federal Archives with Charles Crum. I also found a Post Civil War De facto U.S. Supreme Court Ruling, that stated that a Deed Poll takes president over a federal land patent; even when issue before the Civil War. Therefore, a Patent is a De facto Corporate Process, that is a fraudulent title conveyance.

Anytime a Controversy Exceeds Twenty Dollars in Lawful money or value, they have to adjudicate any controversy only using a Common Law Court. This is a problem for them, as they really can not go into the this Venue; at all. I have witnessed them run and hide, in the same mane as they portray Vampires Hiding from the Golden or Silver Crosses; as they really just shake.

They will not cross this boundary, as their God is not the God of Creation, and they will not Truss Pass in the Venue of Jesus Christ; as this could be fatal for them; this is the only concept that would explain their total fear; I'm not the one who is paranoid. We just need to invite them in across this line. I can remember when I asked my Bishop in Las Vegas, if he would put my name in the proper Nom De Guerr (David Roland; Hinkson) and he said "no problem" and then he called Salt Lake, and they said we don't have a Typewriter, that has lower case letters. Really! They would not print my name Christian when I offered them \$10,000 in Tithes.

So the way to handle Deed Poles, is you file them in the De facto Venue in the Recorders Office and/or the BLM Office. Then once they are filed you use the UCC Concepts, to now give them the first thirty days to respond, and then 10 more days (using Registered Mail). The Wording is to go something like this. I checked the Record and learned that no De jure Citizen has ever previously Deed Polled these Unappropriated Lands in question.

My abstract of Title goes back to 1840; and this is a new Deed Poll Update; to clarify who is now the new owner. This is your last chance to address this controversy which exceeds \$20.00; if you have some claim to make; and failure to address this controversy without using a Common Law Jury Trial will constitution a violation of my rights (even so called Civil Rights), pursuant to the Seventh Amendment. You should have no problem, if you are legitimate, in responding with the power that was given to you by you Constitution, in a prompt manner.

I checked the Ownership of all of the BLM Lands when I lived in Las Vegas, and all of these Lands are shown to belong and are owned by the entity that is known as the De jure, United States of/for American; and that Ain't them. It was not in the Recorders Office as being owned by the United States or the U.S. it plainly states United States Of America. Note that even on Indictments they use the upper and main Heading of the document saying United States of America, and then pursuant to the U.S. Styles Manual they then drop the the words Of America on and in the lower heading. They are playing Style Word Games. I want to address the real issues.

I have found that they never respond to the real law. I can remember when they figured out that they could not take back the 30,000,000 property that was next to a Casino on Boulder Hiway. There final response was to snip the power lines before they entered the property; that now belonged to Ron Allen. That is ok with us, as we have a real GALT Motor and don't need to have any of their Babylonian Power. Unless they go out of their way to pay us for it and we will use there Federal Reserve notes to purchase Gold or Silver.

# Common Law Concepts

**DEFINITION OF DE JURE REDRESS:** Is the right of a De jure Citizen in a Republican State/Form of Government to Petition his De Jure Elected Officials using a Common Law, Statutes at Large, Judicial Process in the Venue of the Common Law.

**IMPERSONATING A De FACTO FEDERAL OFFICER:** Any De facto Federal Employee, who is an affiant of the De facto or the De jure Constitution or an Employee of the De facto U.S. Corporation, that represents himself as a De facto Agent of the Executive Branch; or enforces De facto Federal Law Law, without first receiving a signed Delegation of Authority, From a dully elected De facto President is guilty of Perjury of Oath and Treason, against the De jure Republican Form of Government and or the De facto Corporate Democracy.

**DE JURE FEDERAL AGENT:** An agent that works for a De jure Federal Agency, that was duly created under a grant of De jure Constitutional Authority, under the Authority of a De jure Constitution, in a De jure Republic; has taken a De jure Oath to be an affiant of a real De jure Constitution; and has been issued a De jure Delegation of Authority Order.

**CONSTITUTIONAL RIGHT VIOLATION:** Any actual attempt or the processes of actually Canceling a De jure Common Law Lien, in any De facto Judicial Venue or Proceeding, will constitute a violation of Liener's Constitutional Rights, pursuant to the Seventh Amendment and Article Four Section Four, and Perjury of Oath of Office, and Treason of Oath of Office, pursuant to both De facto Constitution of the United States, and the De jure Constitution of the United States of/for America.

**WRIT:** Is a Court Filing that is only used in a De jure Common Law Venued, Court and/or a proceeding, that only uses Statutes At Large. Therefore a Writ can only be used to adjudicate a Common Law Document or Proceeding. Therefore, a Writ is contradictive to any and all Statutory De facto Motions.

**MOTION:** Is a Court Filing that is only used in a De facto Corporate, Statutory, Venued Court. Therefore, a Motion can not be used to adjudicate, plead or cancel any Common Law Document. Therefore, a Motion is contradictive to any and all Statutes at Large, and the Common Law Venue. Therefore, to file any De facto Legal Process against any De jure Commercial Lien, would constitute a De jure act of Treason against the De jure Process, or a De jure Lien and/or the Republican From of Government. Therefore, any De facto or De jure Citizen or De jure person or De jure individual, who uses a Motion or participates in a process to cancel a De jure Writ and has received legal and proper notice, will be liable under a De jure Common Law Lien, and will have deemed to have excepted this legal process and provisions against their De Jure and/or De facto Nom de Guer or their De facto/De jure Entity[ies].

**SEVENTH AMENDMENT:** Guarantees that "in any controversy that exceeds \$20.00 (De jure and/or De Facto Money), the Right of a Common Law Jury shall be Preserved", and the De facto Government known as the United States, has no Common Law Venue; see *Erie Rail Road v. Thompson*. Therefore, to adjudicate in a Statutory Court is a Violation of the Seventh Amendment. Note-that all Statute Laws are Civil in Nature.

**DE JURE GOVERNMENT:** is a term used to describe a Republican Form of Government, that was originally created by and under the original De jure, Common Law Venued, Republican States, and is therefore, contradistinctive to a De facto Government; therefore all legal process and filings, and legal contracts created before the Civil War are De jure in Nature and are Contradistinctive to a Corporate De facto form of Government, that was created after the Civil War.

**DE FACTO GOVERNMENT:** Is the term used to describe a Government that is created or is converted into a De facto Corporation, in a fraudulent scheme to cancel the guaranteed and protected De jure Republican form of Government. Therefore, De facto in this context, is all things pretending to be Legal/Correct/Lawful or real, but is really based on a scheme of fraudulent conversion also known as Constructive Fraud.

**TREASON DE FACTO AND DE JURE:** Is any activity that gives Aid and Comfort to a Domestic Enemy; Therefore when you become an affiant to the a De jure Constitution, you become an Affiant by swearing an Oath to the De jure Constitution, whereas you swear to defend the De jure Constitution against all Enemies Domestic and Foreign and when Affiant goes forth and gives Aid and Comfort to a De facto Corporation known as the U.S. Incorporated, you are thus guilty of Treason, as you are and have participated in the fraudulent scheme of conversion, and Constructive Fraud, that actually canceled the Republican Form of Government, in dire violation of Article Four Section Four, to support the New World Order Take Over.

**DOMESTIC ENEMY:** Any De facto person, individual or De facto Corporation, who conspires or attempts to conspire in any scheme to cancel or violate any part of the official De jure constitution, or De jure Statutes At Large, is a Domestic Enemy and is guilty of Treason; therefore, De jure or De facto individuals or person's who conspire to cancel the De jure Republican Form of Government in violation of Article Four Section Four by converting the De jure republican Form of Government into a New World Order Scheme of conversion as a Demonacracy, or Conspires to cancel all of the De jure Common Law Venue in violation of Article Four Section Four, and the Seventh Amendment, and Article One Section Eight Clause Seventeen as found in both the De jure and De facto Constitutions for the United States of American, and/or the De facto Corporate By-Laws known as the U.S. Constitution or the United States Constitution, are Domestic Enemies and are guilty of Treason upon their Oaths of Office.

**LIEN NULLIFICATION PROCESS:** This is a De jure Common Law Lien and/or Lawsuit filed in the Venue of a De jure Republic State under the right of Redress, as Guaranteed by the De jure Constitution of the United States of America; and as this stated controversy exceeds \$20 the right of a Common Law Jury or Venue in Common Law must be preserved pursuant to the Seventh Amendment of the De jure Constitution for the United States of/for America and/or the De facto Constitution (Corporate By-Law) of the United States (territory); Therefore, only a De jure Common Law Process convened in a De jure Common Law Venue, can be used to file Writs and argue the Statutes at Large, to adjudicate or remove or settle any Common Law Writ or Lien.

**SETTLEMENT PROCESS:** Only the De jure Liener can release cancel or negotiate or settle a Common Law Lien; and all properly notified parties, must adjudicate this De jure Common Law Lien in a De jure Common Law Court, pursuant to Article Four Section Four, and the Seventh Amendment of the De jure Constitution for the United States of America, and the De facto Constitution known as the U.S. Constitution or the Constitution of the United States.

**CONSIDERATION:** Must consist of any De jure money that is based and/or backed by any precious metal such as Gold, Silver, Platinum or any other real and/or tangible property, such as equipment as long as the Bill of Laden, is also supplied, or any real property that is actually owned and the title is supported by an abstract of title, under the Common Law, except that Real Property that is held in Fee Simple Absolute, or any other property of any kind or other terms expectable to Liener, including but not limited to digital Money, such as Bit Coin can be excepted by Liener if negotiated and agreed to by both parties in writing.

**EXCEPTION OF THIS OFFICIAL NOTICE:** Any De fact or De jure person, or individual, corporation or representative of some such entity, in either a De jure or De facto capacity who can be proven to have read the Common Law presentment, or can be shown to have actually been served a copy of the Common Law Text; or who lives in any De facto or De jure Territory, where Public Notice is properly placed, will be considered to have been served and have received proper notice. and will be deemed to have/had knowledge of this text, and it's provision, and will therefore have acknowledged the fact, that he understands this text and has been officially noticed of his liability or potential liability, that will occur if any attempt is made on his part to cancel impair, circumvent or attempt to cancel, impair or circumvent this Common Law Lien, that is Venued in the De jure Republic Venue; and further acknowledges that affecting any such De jure or De facto signature on any legal or Judiciary Process, will create an excepted Liability, that is both Criminal and/or Civil in Nature, against all of his De jure and/or De facto property, including his physical self.

**BORROWING FUNDS:** Hypothecating any funds De facto or De jure that are borrowed against any real or personal property or other collateral held by De jure or a De facto person, individual or Corporation, are now officially Liened pursuant to this De jure Common Law Lien; and any funds that are wrongfully given or release to said Lienee will constitute a De facto and/or De jure fraud, that will further allow this Lien to directly attach to said lender/giver of said lender 's property, and the actual funds borrowed, and/or any thing else of value purchased with said borrowed funds.

Any De facto or De jure person individual or corporation having read this text and then acknowledges or responds in any manner to this Common Law Lien will be shown to have excepted official Notice and Service of their excepted liability, under this Common Law Lien and the provisions of these stipulation herein.

**ACCOUNTS RECEIVABLE:** Any funds, De facto or De jure, that are owed to Liener, now are Liened pursuant to this Common Law Lien; and any funds De jure or De facto wrongfully released to said Lienee, will constitute a De facto and or De jure Fraud, that further allows and attaches to this Lien, directly to said payor and/or Payee's funds, and/or payor and/or Payee's property, or any other real or personal object of value purchased with these liened funds. Any De facto or De jure person or entity having acknowledged the existence or public Notice of this Common Law Lien, and/or further acknowledges its existence with any correspondence in any other manner, will be shown to have acknowledged and excepted official Notice of these excepted De jure and/or De facto liabilities under this Lien and the provision of these Stipulation and particulars.

**BENEFITS AND PENSION:** Any Benefit, De facto or De jure, that are owed to Lienee from any De facto or De jure Pension, or Government, including, but not limited to, Social Security, VA or any other De jure or De facto Federal Entitlement, including Retirement benefits, are now Liened by De jure Lienee, pursuant to this Common Law Lien; and any funds De jure or De facto that are wrongfully released to said Lienee, will constitute a De jure and De facto Fraud, that further allows this Lien to directly attach to said payor's funds, that were wrongfully paid and/or Payor's property that was wrongfully transferred, or any other real or tangible property or objects of value, purchased with these funds.

Any De facto or De jure Government Agency or Corporation having acknowledged the existence or Public Notice, or having been served Notice of this Common Law Lien, and/or acknowledges verbally, or with any correspondence; or is Noticed in either the De facto or De jure U.S. Mail, or any other manner prescribed by Law, and/or custom to this official Common Law Lien, will be shown to have acknowledged and/or excepted this Official Notice of their except Liability under this Lien and the provision of these Stipulations.

**COMMON LAW LIEN:** This De jure Common Law Lien was filed to give De jure and/or De facto Official Public, Private and Commercial Notice of De jure Money or other De facto or De jure valuables officially owed to De jure Lienee for Property damage and Common Law Statutes At Large, crimes and/or survivor benefits.

This Common Law Lien process is protected by De jure, Article Four Section Four and the Seventh Amendment, and the De facto, Article Four Section Four and the Seventh Amendment.

**REMOVAL OF LIEN:** When payment is excepted, only the De jure Lienee can remove said Common Law Lien in the De jure Venue known as Common Law.

**ESTOPPEL AND PENALTIES FOR IMPROPER VENUE:** Any and all effected Parties in this action, are estopped from moving forward or filing any De facto Process in any Court, unless they use the De jure Common Law Venue, as this total De jure presentment and/or Lien filing, is protected by the Seventh Amendment and Article Four, Section Four of the De jure Constitution for/of the United States of America and the De facto U.S. Constitution. Any de facto or De jure individual who uses any process except for a De jure Common Law Venue, or attempts to release or settle this Common Law Lien without using a Common Law Venue, will be subject to this Common Law Lien and all of it's attached provision and/or definitions found herein; as described; and are further estopped from removing this De jure Lien from their De facto/De jure selves, pursuant to not being able to seek De jure redress in a De jure Common Law Venue Court, as it guaranteed and protected by the Seven Amendment and Article Four Section Four of the De jure Constitution for the United States of/for America.

This enforcement action and penalty will be provable if and when service or Public Notice can be proven to have been served upon any judiciary agent. Therefore, any attempt to subvert any these De jure rights will transfer the full Common Law Lien amount, written within this text and all acting provision within, to become a De jure liability upon the De facto or the De jure person or individuals who participate wrongfully, in any way to attempt to Subvert this De jure process, using the De facto Statutory Venue. Therefore, to subvert this process cancels the right of a Liener's Redress, within a De jure/De facto Republic. Note that the Republic was allowed to sini die and the De facto Statutory Civil Court is not a Court pursuant to the Republican Form of Government, as is guaranteed and protected by the Seventh Amendment and Article Four Section Four, of the De facto Sub Corporate By-Laws, of the U.S. Constitution or De jure Constitution of the United States of/for America.

U.S. Styles Manual: Is a De facto Corporate U.S. Styles Manual, that was fraudulently created some time after the Civil War, to define the proper use of English Words that are used in their Statutory Venue; to distinguish between all future De facto Statutory Process and De jure Common Law Process, using different letter types (i.e. Bold and Upper Case and Lower Case and Word Styles (i.e. Section 33.3 defines a name or nom de geurre that is written in all Capital letters, as a Vivid Personification, which means that the written name is now being used to describe an inadament object, with no birth right to God; this Fraudulent Legal scheme, is a concept that is now being used to distinguish the De facto Corporate U.S. Citizen's who have become Corporate Chattel Property, from the De jure Citizens of a real Republic; as Corporation can only conduct legal process against or with other Corporate De facto Entities or Individuals, within a Civil Statutory Corporate Venue.

Note that by their legal nature in all law, and legal concepts, Corporate Entities have no real citizenship and never had citizens as Corporations can only own Chattel Property; In *Erie Railroad v. Thompson*, the De facto U.S. Supreme Court also ruled that the De facto U.S. Government can not use nor has any Common Law Venue. This is why the Republic States never even drafted Citizen Text, into their original, De jure Common Law Constitution (as a treaty for a new Sovereign Nation), of/for the United States of America, to create citizens, or a new class of citizens.

Note that this fraudulent scheme was created after the Civil War. Therefore the U.S. Styles Manual was created as a fraudulent scheme, to be used by the Carpet Baggers, to support the fraudulent conversion schemes of fraud, against Natures Law, directly into the De facto Statute Laws, to create a new class of Citizen, that is now called Color [ed] Citizen (Colored of law = new class of citizen), as a U.S. or Citizen of the United States. Social Security, later was offered to the non Colored, De jure Citizens, a chance to also be converted directly into being De facto Colored People. This is a scheme called the New World Order.

**BROKEN VENUE:** After the Civil War, the a new De facto, Corporate Federal Government was created, in direct violation of Article Four Section Four and the Seventh Amendment, of both the De facto U.S. Corporate Constitution and the De jure Constitution of/for the United States of America; then Carpet Baggers were dispatched to re construct this fraud upon the conquered De jure, Republic States, to recreate each of the Republic States, as now being a fraudulent Sub-Corporate Entity, and now each and every De jure State was canceled or allowed to *sini die*; as the Republican form of Government within it's own territory or boundaries was terminated. Article Four Section Four, in both the De jure Constitution of the United States and the De facto U.S. Constitution (i.e. State of California (now a State of)) are a fraudulent conversion scheme.

Therefore, the De facto U.S. Corporate Venue was expanded fraudulently to overlay upon all of the territories found within the De jure Republic States, in direct violation of Article One, Section Eight, Clause Seventeen and Article Four Section Four, and the Seventh Amendment. Therefore, the new fraudulent scheme violates its own Corporate By-Laws that are now known as the Constitution of the United States; Inc.

**COMMON LAW LIEN:** Is a De jure Lien, that can be filed or Noticed by a De jure Citizen in a Republican Form of Government, and all Process is to be venued only in the Common Law, pursuant to having a guaranteed right to have all legal process adjudicated in only a Common Law Venue; as is protected and or provided by Article Four Section Four, and the Seventh Amendment. Therefore the right to have a Common Law Venue can be found in both the De jure Constitution (that is and was a Common Law treaty, created by Common Law States), of the United States of/for America; and Article Four Section Four of the De facto Corporate (*Corporate By-Laws*) text, known as the U.S. Constitution or Constitution of the United States; and these rights are further guaranteed and protected under the Equal Protection Clause and the right to seek Redress in both Constitutions.

**DEFINITION OF US CONSTITUTION:** Is a document that is similar in working or text to the Constitution for the United States of America, as the text within, in part, was directly copied and then incorporated, as the new corporate By-Laws fraudulently into becoming the U.S. Constitution; and this act violated Article Four Section Four in the original De jure Constitution of the United States of America. This fraudulent scheme was conducted and created to trick or fool/scam, the Citizens of the Republic States, into believing that their De jure Republican form of Government, had not been conquered, or taken over by a Domestic Enemies in direct violation of their Oaths of Office.

This scheme violated the De jure Constitution for the United States of America and also even the Corporate De facto their Text, of the newly created Corporate By-Laws that are now known as the U.S. Constitution or the Constitution of the United States.

**DEFINITION OF THE CONSTITUTION OF THE UNITED STATES OF AMERICA:** As the Republic States were all venued in Common Law, they created this document as a Common Law Treaty, that was passed and Ratified by the original De jure Republic States; that each had a vested interest in preserving and protecting their Sovereignty as a Republican Form of Government. Therefore, these De jure States drafted the De jure Constitution of the United States for America and incorporated Article Four, Section Four, and the Seventh Amendment directly into this Common Law Treaty Document to provide that a guaranteed of a Republican Form of Government be preserved. Note that this Common Law Treaty created the Original U.S. Territory and a new and separate federal Government, within said Republic State of Virginia. The Common Law Venue was thus directly passed from the Republic States directly to the newly created De jure Federal Government and their specified territorial area, including (only) an area described as being only 10 miles square, to be forever known as the District of Columbia.

**DEFINITION OF A REPUBLICAN FORM OF GOVERNMENT:** Is a de jure Governmental Body, that was created by a people within a Territory, for the Sole purpose of self governance and this territory was venued only in Common Law (Laws are called Statutes At Large, in the Common Law Venue - See Magna Carta). De jure Common Law is contradistinctive, to De facto Statutory Law and/or Civil Law (Statute Law is Corporate Law).

**DEFINITION OF A DEMONACRACY:** Is a De facto Governmental Body, created by a fraudulent Conversion Scheme, whereas the De jure Republican Form of Government and it's Accompanying Common Law Venue is cancelled, by allowing the Republican Form of Government to Sini die, and being replaced by a new form of fraudulent Government, known as a Corporate Democracy, that is in fact a Corporation and therefore all Corporation use only Civil Statutory Process that is contradistinctive to the Common Law. This fraud is done for the purpose of Canceling the Birthright and Citizenship in a Republic and replacing it with a Demigod society that has no morals as it also cancels God from the hearts of the people.

**COMMON LAW:** Is the form of "Law" that is found in countries that had or still have a Republican Form of Government, and is contradistinctive to Statutory or Civil Law; that is only used by Corporations.

**CIVIL LAW:** Is a Corporate Statutory Law Scheme, that is contradistinctive to Common Law, therefore, Civil Rights are Corporate Statutory Rights, granted by or in a fraudulently created Corporate Democracy; and this Corporate Statutory Law has only a Statutory Venue, that is contra distinctive to Common Law.

**DEFINITION OF CONSTITUTIONAL FRAUD:** There is no time bar or limitation of any claim of fraud. Therefore, an illegal and un-constitutional scheme of trickery, to steal and/or cancel someone's constitutional rights and/or property can be adjudicated when discovered at any time.

**CONSTITUTIONAL OATH:** Is the Oath that is given by a De jure person or individual who want to become an Affiant by Affirmation to Honor and up hold his pledge to the real De jure Constitution. Note that most all pledges are to the given in the name of the lost Republic (of America).

**DE JURE REPUBLIC OATH:** Is the correct Oath to give for the Original Republican Form of Government; and is still in use today by the De facto U.S. Government; is a scheme of fraud and trickery to coerce new affiants to give the correct form of De jure oath; all while working in collusion with the De facto Domestic Enemy U.S. Government to create an ongoing condition of Treason by her De facto Citizens, against the De jure Republic. This scheme is done to deceive and to keep the New World Order Scheme in place.

**DELEGATION OF AUTHORITY ORDER:** Is an executive order or decree, officially issued by the Executive Branch, to grant official Executive Powers; so that an agent can work in the Executive Branch, that has been duly created by a De facto or De jure Congressional Body.

This order is signed by a De jure president of the De jure United States of America or a De facto president of the De facto United States, that now delegates his official De facto or De jure authority to an agent in the De jure or De facto United States [of America]. DOAO's are only issued to De jure and or De facto Federal Agents, who operate within a De jure or De facto Executive Branch, that has been duly created by a De jure or a De facto Congress, and if a De facto agency like the CIA, IRS or the FDA was never created by Congress, they will not be issued a DOAO, and are thus operating outside of the law as rouge agents, without real authority and are as such not Federal Agents and are in fact Enemies of the Country.

To hold office as an affiant, and control a De facto Government, is actually a violation of the De jure Oath and Affirmation and as such is therefore Treason.

## Part 1 Common Law Lien

Common Law Lien/Official Notice of a Common Law Lien/Seventh Amendment Common Law Lien.

Rights and privileges Protected by both the De jure, Article Four Section Four and the 7th Amendment of the Constitution of the United States and the De facto Constitution of the United States.

**OFFICIAL NOTICE:** This Common Law Lien has been officially filed against De jure Ste.. Hin and De facto Stev.. Hine., who resides in the De facto county of Madison, State of Idaho; herein after known as the Lienee.

**David Roland Hinkson;** who is a De jure Citizen of the California Republic, hereby files and/or Posts this official Common Law Lien against De jure Stev.. Hin., and/or the De facto Stev.. Hin., for the following Common Law Crimes to wit; Against the Republic States pursuant to his Oath of De jure Public Office; the Common Law and/or their Statutes at Large Venue; the Common Law rights were violated, and/or any and all De facto Statutory Rights of David Roland; Hinkson, herein after known as the Liner.

**COMMON LAW CRIMES COMMITTED:** Include, but are not limited to Treason, Kidnapping, attempted Murder, Theft, Perjury Suborning Perjury, and Giving Aid and Comfort to a Domestic Enemy. None of these committed crimes can be adjudicated outside of a Common Law Venue, without written consent of the Liener; and the Liener has the right to seek redress for all of the adverse activities of said Lienee, against his Republican Form of Government; and Liener's Family, pursuant to the De jure California Republic, and the De jure Constitution of the United States of America and the De fact Sub-Corporate "State of California, and the Pledgerized Corporate By-Laws known as the United States Constitution.

**OATH AND AFFIRMATION:** Lienee Swore and Oath and became an Affiant to the De jure Constitution for/of the United States of America, hereinafter known as the De jure Republic and then proceeded to work for in collusion giving Aid and Comfort to a Domestic Enemy Corporation, hereinafter known and referred to as the De facto Corporate Democracy, known as the "United States Government. This ongoing fraudulent conversion scheme activity is Treason, upon Lienee's Oath; the De jure Republican form of Government, hereinafter known as the United States of America, and her De jure Citizens of the Republic. The ongoing activity of the Lienee have further violated the actual written text of the De jure Constitution for the United States of American and the de facto United States Constitution to wit, Article Four Section Four, in both the De jure Constitution for the United States of America and the Corporate By-Laws hereinafter known as the De facto United States Constitution both equally State and guarantee that a Republican Form of Government shall be preserved.

The De facto Corporate Democracy is not a Republican Form of Government, because all legal process can only be Venued in the De facto Civil Statutory Law Venue of the Corporation known that uses only Law that is defined as Statutory Law; in direct violation and contradistinction to Common Law; which is further guaranteed in both the De jure California Republic and the United States of America, and the De facto Corporate By-Laws of the United States Constitution, in the Seventh Amendment, which in part guarantees "That The "Right Of a Common Law Trial And Venue Shall Be Preserved In Any Controversies That Exceeds \$20.00", and Article Four Section Four, which states' "that a Republican Form Of Government Shall Be Preserved."

Therefore, giving ongoing Aid and Comfort to the Domestic Enemy, knowing that the said Enemy is a De facto Domestic Enemy Corporation, is an ongoing crime of Treason in direct violation of Lienee/Affiants Oath of Public Office, made pursuant to the De jure Constitutional Republic, in further violation of Article One Section Eight Clause Seventeen, as Lienee expanded his treasonous activities beyond the defined De jure Jurisdiction, as specified and described in both the De facto Constitutions of the De facto United States Constitution and the De jure Constitution of the United States of America, beyond the 10 miles square Jurisdiction of the supposed De facto United States Government.

The reason that Lienee has violated Article One, Section Eight Clause Seventeen, in both the De facto Constitution of the United States and the De jure Constitution of the United States of America, is that President Lincoln violated and usurped the planks of the De jure Constitution and James Manrow (1913) fraudulently Pleadgerized the entire De jure text of the Common Law Treaty known as the Constitution of the United States of America, as the new By-Law as his new De facto Corporation now known as the United States and/or U.S. Constitution, in direct violation of the actual written text in both of these document; known in both as, Article Four Section Four; Section, One, Eight and Seventeen; and the Seventh Amendment; Tenth Amendment and the Amendment that gave us the right of the Writ and Writ for Habeas Corpus.

Therefore, all unofficial activity done by or under even a De facto fraudulent U.S. Corporation in their Statutory Legal Venue against or towards a De jure Citizen would be classified as giving Aid and Comfort to a domestic Enemy.

Further the IRS, FDA, FBI and CIA agencies were never actually created legally even by the so called De facto United States Corporate Government; and this is why the De facto United States Government, does not now give or issue any Official Delegation Of Authority Orders to any of their De facto Agents, in these so name agencies or the Agents, who claim to be employed therein. Therefore non of these Agencies exit in even the Fraudulent Statutory Law.

Therefore, Stev. Hin.. is now actually committing Treason while impersonating and Officer of a De facto United States Federal Agency, that is not Federal and has no Jurisdiction; that does not even exist in Common Law, under Statutes at Large or Statutory Law.

In conclusion all on going activity by Stev.. Hin.. that was conducted without having a delegation of authority order from the De facto United States Executive Branch, deprives him of Constitutional Authority to act as an Agent of the De facto United States Corporate Government, and if he had actually received a Delegation of Authority Order, he would still be committing Treason on his Oath of Office, to the De jure United States of America; and is therefore, guilty of Treason upon his Oath.

Using the De facto United States Mail, Ste.. Hin.. mailed fraudulent letters to liener, making legal representation and threats pursuant to quoting De facto Congressional Law Text, to wit: Lienee, checked all of these said De facto Legal Quotes and under the De facto Statutory Law scheme, discovered that none of these quoted De facto Statutory Laws are even in existence, within the De facto Congressional Record. Therefore, Lienee officially notified and accused my Mr. Stev.. Hin. in writing of personally creating and manufacturing and mailing these fraudulent, forged legal presentments in a scheme of Mail Fraud, using the U.S. Mail; in a conspiracy to cancel Lienee's De facto Corporate Statute Right, of Due Process and/or his De jure Common Law Right of Due Process.

Acting under the fraudulent authority of a De facto Search Warrant, without a Constitutional Delegation of Authority and/or Jurisdiction, pursuant to both Article One Section Eight and Clause Seventeen of the Constitution, of both the U.S. and the United States of America. Lienee, therefore, trespassed, to wit: Used Battering Rams to actually enter my Home and Factory, stole Firearms in violation of the Second Amendment; stole a safe that had private documents in it, and over 2,000, De jure Silver Coins that were Minted by the Treasury of the United States of America; stole 12 Computers, Kidnapped Lienee, taking him to Coeur d llene Idaho; all in violation of Lienee's De jure and De facto rights of Due Process and is thus guilty of actual Kidnapping.

Acting without a Delegation of Authority Order and/or Jurisdiction, or under the authority of the De facto United States Treasury, Lienee, created a Document which he labeled "a Notice of Lien", which is not a Lien pursuant to a lien issued by the De facto U.S. Treasury. Then he filed said fraudulent Notice of Lien, to provide De facto Public Notice in order to attempt to steal lienee's private and real property in direct violation of Due Process.

Acting without a DOAO, Jurisdiction, Subject Matter Jurisdiction, all while impersonating a De jure/De facto U.S. Agent, Ste. Hin. testified in front of a Coeur d' llene Grand Jury fraudulently, that lienee had written a book against the IRS, was not paying federal income taxes, was head of two militias, was an international machine gun dealer, lives in a compound; and owes over 8,000,000 in Federal Income Taxes.

Lienee had also met with Joe Swisher, and coached him to Suborn Perjury upon Oath concerning Mr. Swisher's actual testing of Liener's WatetrOz Products for FDA Labeling Compliance, being injured in the Korean War by a hand grenade; that he never owned the North West Laboratory; and had not done the FDA Testing, that he had only met liener one time and that they were not friends.

Lienee further witnessed the fact at all meetings even before the perjurous testimony from Mr. Swisher that Mr. Swisher was unable to walk and was in a Wheel Chair, as an invalid. Therefore, Lienee, knew that to use Mr. Swisher as witness to lie about being able to be a hit man was perjury.

On or about May 28th Lienee also learned that Mr. Swisher's Blood Pressure was over 180, had a heart attack, had been air lifted to the Spokane VA Hospital and had remained in a Coma for four months; and that the Grand Jury had been canceled and without reinstating on June 1st of 2002, and that a new Grand Jury was never empanelled. Thus Lienee orchestrated with De facto United States Attorney Nancy Cook to create and file a fraudulent indictment (see docket sheet) and proceeded to have this fraudulent phony indictment sealed; to bring forth later as they new liener was overseas in Russia.

This phony sealed indictment now accused De jure Liener of De facto Structuring a Transaction to avoid reporting; that all De facto currency, had been withdrawn in increments, from the WaterOz bank account, to equal more than \$10,000 total, and were strictly used for payroll, and that Payroll is exempt, even under this De facto Statutory Legal Scheme, and that this law only pertained to Bank Employees; that Liener Liener was overseas, could not have withdrawn any of these funds.

That Geri Gray the WaterOz Office Manager had actually withdrawn these De facto funds, and therefore proceeded to Indict De jure Liener of these 20 bogus De fact charges; and the fact that De facto Swisher, had never accused De jure Liener even in front of the Grand Jury of making threats against anyone. Therefore, de facto Lienee was indicting De jure Liener for withdrawing his own De facto funds from his own De facto Bank account, therefore committing no crime. When if fact, De jure Lienee had not even been in any U.S. Territory, as Lienee orchestrated to hide the Liener's Passport.

On or about 2004, De facto Lienee appeared as a spectator in the Idaho County Court room to witness De facto Mr. Swisher attempted to win a De facto lawsuit against De jure Liner; as De facto Swisher had used a phony De facto Temporarily Restraining Order against Liener; and then lost his take over attempt of WaterOz, while being Wheel Chair Bound.

On or about November 2005, De jure Lienee met with De jure Swisher in Boise Id, and Suborned perjury as he orchestrated to help De jure Mr. Swisher construct a story to have De jure Mr. Swisher testify that Liener had hired De jure Mr. Swisher back in July of 2002, to be a hit man to kill De facto Steven Hines, Nancy Cook and Judge Lodge. Lienee thus knew that De jure Mr. Swisher was in a Coma in the De facto VA Hospital during same said period of time. Now De jure Steven Hines committed perjury during the trial for Structuring a Transaction to Avoid Reporting, as he knew there was no crime and De facto income taxes owed were not mentioned at this time.

The De facto Lienee was awarded monetary damages by the De facto Court as as restitution, for the supposed threats that they all knew were never made and never happened.

Than without De jure or De facto DOAO, Subject Matter Jurisdiction, ; while impersonating a De jure/De facto U.S. Agent, Lienee created a document which he labeled "Notice of Lien", which is not a lien pursuant to a lien issued by the De jure or De facto U.S. Treasury. Then he filed said Notice of Lien to provide Public Notice that De jure Lienee would owe him \$8,000,000, in order to steal Lieners property in violation of Due Process.

Tom

Please share this email with the Bundy's.

I have thought a lot about our conversation yesterday. I was really quite intrigued.

Here is the point I have a whole lot of things to send to you about all of these Common Law Land Issues.

In short it would be like sending you complete course on the past Common Law Land Concepts and how we can now use them now in today's Satanic Corporate Venue to bring back our republic one piece of land or Ranch at a time. In fact we could now help the Buddy's use the real last legal concepts and law to really claim all of their land; as they really are the lawful owners of it. So, I would really like to bring everybody in this up to speed in all of the concepts, and that would include the Buddy's and everybody in our small group. There is a big prize that would now be available here for all that stand together for justice and God; and bring God's real law back.

We could for instance help the Buddies Deed Poll and actually own their property in the Territory of Nevada. I have done this in the past for a claim and it worked and the BLM totally surrendered. The record can be found in the Name "Ron Allen" at the BLM office in Las Vegas Nevada. We won, but they only turned off the power to the said ex BLM Land in question. But remember we don't care about the A.C. Energy as we have the real GALT Motor. (see Y Tube Video at "GALTgenerator").

We could also help me right now Deed Poll the entire 750,000 acres, known as the "Valley Wells Ranch", in the Territory of California (on the boarder near Las Vegas).

We could help me Deed Poll 5,000 acres of the Land out near the Buddies as a mining Claim.

We could Deed Poll all of the land that is now between the Buddy Ranch and the Valley Wells Ranch.

While doing all of these Deed Poles we would actually be bringing back the Republic as the United States Of America De Jure in a small island area (surrounded by evil). Now we would be fixing the real problem.

All of this land that is now owned by our new and educated rare class of Citizens, would be available to be claimed, as land held by real citizens of the lost Republic. Now we would have created an island of territory directly within the Corporate State of California and Nevada.

We might even have to teach and bring up to speed all of these citizens, so that they understand the real law and truth as given by God. We could even start another run of Saints upon the land. Thousands of new Citizens could carve out homesteads in this new Country, that will start out as an isolated island of land and territories. Then we can slowly re construct the republic right in the middle of their mists. But remember they defaulted in the past and could not deal with the truth. Evil will run and hide, if the truth is brought to life.

Now would be the time to have this fight, as we have President Trump in the White House; and he said he wants to drain the swamp. The Bundy fight is really not over as it is just beginning and this is really Sage Brush Rebellion number Three (I was number two). If the Bundy's don't right now finish proving they own the land the BLM is now going to regroup and find a new way to come at them even if it means committing murder. The only protection that they have right now is that President Trump needs to learn the whole story. One way to get his attention might be to Deed Poll the Trump Towers in N.Y.

But he does not know my story and my story is the story that brings the Bundy's recognition of who really owns their ranch. I like the Bundy's come from a long line of pioneers that claimed all of these lands when the Mormon Saints migrated West. These Saints, filed Deed Poles and used the Common Law to claim the land. Most people don't know that the Government seized and stole all of the Temples from my church and that the U.S. De facto Supreme Court ruled against George Romney; and I find it interesting that they now built a building (Ricks College) to honor him, when he in fact, is the person who lost all of the temples and other assets. There is now no record that the De facto Government ever gave back any of the property to the Mormon People. (see Church of Jesus Christ of Latter-day Saints v. United States). This is not a theory, as I can prove that it was all taken away and never returned. Who owns it now???. Most or all, really do not want to hear the real truth. But the truth in our current situation is all that we have left. We either fight right now or forever surrender, to the Satanic Corporate De facto United States Corporation.

I have thought a lot about these many issues and I'm ready to fight for God and with God and with any other person who will stand with me and now do what is right; even while being a political prisoner. They really can't do any more to me that what they have already done.

They have already stolen my birth right, as 750,000 acres, Stolen my Platinum Mining Claims, Fire Bombed my Factory and destroyed and conquered what is left of the Church that I was raised up in. And now I'm told that I can not even get a U.S. Patent for my seven Energy Devices, as there is no such thing as perpetual motion. If God can create a Sun that burns for billions of years, who are they to say what is possible.

President Trump said he wants to drain the swamp. It is time. I want my Republic Form of Government back, and that is my idea of draining the swamp. I also want my real-estate back that they stole; as it is real. Note that Article Four Section Four of the Constitution of the United States of/and for and even the U.S. Constitution (Corporate) all guarantee a Republican Form of Government.

My past legal concepts and understandings were actually used and are all tried true and tested. The BLM has surrendered many times and every time. Now is the time to bring these issues to a final conclusion. Remember it was John Paul Jones who stated "we have yet to begin to fight".

In the past, I have proven that they do not own even Yellow Stone Park. Who are they to make Laws? Are they God? They seem to think that they are? I know what they really are as they really are the spawns of Satan.

Now they want to charge us \$300.00 per Mining Claim out there near the Buddy Ranch; and it used to only be \$200.00 a year rent. I think that maybe we should right now start doing these Deed Polls as fast as possible; pay no rent and put them on notice that they do not own the public lands. The next step would be to notify the BLM and even President Trump and of course they will all default; in silence.

If we stand together they will not be able to pick us off one by one, as they have done in the past. The Radio should be our format and we should start a school to teach these concepts over the radio. We need to bring back our God Given rights as De Jure Citizens in a real Republic.

In the past they have surrendered for a few years and waited for the person who is standing up to them to just die off, and then they try to divide and conquer again and even put innocent people in prison; and then when they attack again they don't stick to the truth and bring in liars; in summary they seem to always win in the end. The only defense you have against these wicked people, is to learn and teach your children and others the truth about the real law maker and that is God. Only God makes the laws in a Republic. In a Republic we stand on the truth for all to see and to bear witness to; in the name of God.

All of these Lands in question, were pioneered by the Mormon Saints before the Civil War, and these Pioneers are my relatives and the relatives of the Bundy's. In fact it was a Kartchner who even claimed the Kartchner Caverns in Arizona before the Civil War. These Saints claimed land in many states from Kansas all the way to California and the headquarters was in Salt Lake. They created towns every 50 miles in all directions. This new territory was named new "Zion."

The U.S. Corporate Government has really fought and worked very hard to cancel all of the claims and rights that were made and gained by these early Pioneers, as they converted everybody and all of their assets, into their new un Constitutional Corporate De facto, Demon-ocracy scheme, using this new Corporation type of scam; know as the "New World Order".

**IF YOU DON'T KNOW THE TRUTH AND STAND WITH GOD, YOU WILL NOT BE ABLE TO FIGHT BACK AND GET GOD'S HELP.**

We have much to now work with. We have the Valley Wells Ranch and all of Death Valley, and the other lands that were used by Ranchers over the years, that all need to be removed from this Corporate Venue Scam. But it would now seem that only the Bundy's are left to fight, as all of the other so called De Jure land owners have surrendered, or fled out of what is left of their Zion.

In summary here, we can create a whole new real country inside of this new Corporate Land Mass. I propose to name this area "The United States Of America De Jure". Let's see them argue about this or even the name.

I look forward in sharing all of the De Jure and other Common Law Concepts with all those who will listen. Let's reclaim our birth rights and our lost honor.

## **Common Law**

### **SHORT STATEMENTS OF INTEREST.**

**COMMON LAW LIEN/DEMAND FOR DAMAGES TO SATISFY A LIEN:** This Common Law Lien attaches to the De facto incorporated Statutory name known as Se.. Hin..., that correlates with the U.S. Styles Manual; and the De jure Non de guere Name Se. Hin..

Richard Tallman deprived Liener of the De jure Seventh Amendment Right, when he charged Court Costs and Restitution.

United States Attorney's are not found in the Constitution, and the very creation of these USA'S or Attorney Generals is provable wrong, as to Attorn something is to cancel De jure. Also, the Constitution never Authorized a so called Attorney General to even create Assistant Attorney Generals.

A Deed Poll could also be used as a Lien; as there is no De jure Citizen who has claimed the supposed property in the past.

**NOTICE OF LIEN:** Is not a Lien it is a notice. The IRS is now using this Notice of Lien's as if it is a real Lien. This is fraud and Treason upon their Oaths, especially if they are Affiants.

Filing a Deed Poll with a Notary Stamp on it does not appoint an attorney in fact or a holder in due course, if you record a Copy and not the original; and especially if you put this statement, on the front page and the Notary Signature Page.

Regular De facto Lien, is based on fraudulent De facto scheme of Treason and Fraud, Misrepresentation.

We are forced to purchase land and all property using a De facto Money that is Debt-based; you can not legally buy something using debt. This means that the Land, could still unclaimed or paid for, as the De facto Government stole this land (Carpet Baggers), in the first place.

Fee Simple absolute is a fraudulent scheme, whereas your property was already stolen - as this means that if you pay the fee you simply get to keep your property. Real property ownership before the Civil War did not allow them to sell your property on the courthouse steps without due process. But when you put your name in all Capital Letters, it means that you are an inanimate object (see U.S. Styles Manual); place the Corporate State Seal on the Document and pay the Transfer Stamp Tax, this gives the real title to the State of Corporation; and when you give up the original and settle now for a certified copy, you make the State Corporation your Holder in Due Course and Attorney in Fact. Now, you pay your supposed taxes using Debt Instruments. Every aspect of this entire process takes you away from being the real owner. Even a Certificate of Title on your Car, means you don't own the Car. You have a Certificate of Title. It is the OF that cancels the ownership and the word "OF" is described in the U.S. Styles Manual as the tool to cancel the real title.

That is why the new Corporate States are called "State of California" and the California Republic is not being used any more. Note that the Church Of Jesus Christ Of Later day Saints was the new name that was given to the church after it incorporated underneath the State of Utah. Then of course the agents seized the property and never gave it back. It was George Romney who lost the Lawsuit at the Supreme Court Level. See, Church Of Jesus Christ Of Latter-day Saints v. U.S. The old name of my church was the church for Christ. Note a few less "OF's" and letters not being Capitalized.

So, anyway all of the Land was re surveyed by the U.S. Coast Guard. They used a Oceanic Survey called Condestian; whereas they place Brass Caps, as Brass is not bothered by Salt in the Sea. Note that the number one Brass Cap was placed on Mount Diablo (on the Valley Wells Ranch), so now we are using a scheme De facto scheme where we call the area the legal description and even the word legal is part of the De facto scheme; as the correct word is Lawful (not legal).

So, overall what we now need to do is move the ownership of all of our property so that it is held with no assigned Attorney in Fact or Holder's in due course. This is why we should probably go ahead and file Deed Poles on all land that is now even already owned in the Babylonian De facto Corporate Venue. Now when they want to charge for property taxes we can say, here is what we want to pay and if you don't like it lump it. Idaho County kept raising my property taxes above all others in the country as they figured I would not complain.

Steven Hines, conspired to falsely accuse Liener of making threats against Federal Officials, While knowing that he has no Delegation of Authority Order, and is in fact not a Federal Agent. Note I noticed him of all of this.

Lienee was angry that Liener was not the legal owner of said properties that he wanted to steal. **Note** that the 16th Amendment is De facto and is not part of the De jure Constitution of the United States of America. Even if the 16th Amendment was real and legitimate this so called Amendment never address or canceled Article One, which states in part that all taxation shall be by Apportionment. This is why they had a Census. Note that I told them that I was not a U.S. Citizen when they came by. It is the truth. I have never been hatch in the ten mile square, as that is the real definition that can be found in even the Blacks Legal Dictionary of 1776.

Fraudulent Scheme: to use the upper and lower case letters in an indictment to cancel De jure rights of Citizens.

Using a Notary is De facto without protection is like using Rubbers and expecting to not get a VD. Must use a Notary in such a way as to force them to stay at bay and you still need to be the owner of the property.

I will remain owner and I do not need to be attorned in any way, and I will keep the original Deed Pole so that I'm to remain the Holder in Due Course.

Forcing me or trying to force me into the De facto Venue, violated my Constitutional Rights, to be secure in a Republican Form of Government.

Deed Poll/Common Law Lien, can both be used to Lien a property to the De jure Venue to force the argument to now be in kept in the correct Venue.

Therefore, the De jure Citizen of the Republic state, now should now file his Deed Pole pursuant to Common Law in the Records Office.

I have a God given De jure right to self Redress in the De jure Venue as I'm not a corporate Chattel Property. What Freedom.

There is no Justice if they can treat you as an inadament object.

I have the right to demand the Common Law Venue, and the right to be defended by a Counselor of my choice (not an attorney), even if I'm the Councilor. I do not need to be Represented.

You can use a Writ of Lien on all Equipment and personal property also. Must give public notice. Lien everything in the records office; or the BLM Office. Don't have to be a De facto Citizen to use Public Notice; you can do it as a De jure Citizen. Note that we can Deed Pole any of my properties, that are now not even in my name and take ownership and possession and control back.

I have chosen to Lien this property as the De facto entity has committed a trespass on my right to be De jure and hold my property De jure.

If they want this property back they need to reach into the De jure Venue for the fight and we are ready.

No Consideration in past was used to purchase these properties. This is why we really need to now use a Deed Pole to clean up the Abstract of Title; which is a Common Law Concept the proves ownership in the De jure Venue of a Republic State.

The BOP/Department of Justice, was never created even De facto, as all of title 18 is not positive law and was not Voted on by a full De facto Senate.

There are no Citizens of the United States of America De jure in existence; but anyone who was born anywhere on the American land mass can now claim to be native American and De jure.

No Injured Party! Most charged legal crimes that are now prosecuted do not have an Injured Party. You must have an injured party to charge someone with any crime in the De jure Venue of the Common Law.

The State of Nevada now has the elected officials all post a Bond after they are elected. Failure to Post a Bond constitutes an admission that the elected official is not elected. See Nevada State Law. A Bond is not an Insurance Policy. They are in de fault and are not even holding public office; not even for the De jure entity.

The U.S. Navy is not the Naval Forces of the United States of America.

We want to make them pay endlessly, for their conspiracy, if they file a Lawsuit to stop me from being De jure. It will cost us nothing. We will make them crawl out of their satanic covens to deal with the Real Natures God.

David Roland; Hinkson. Blessing on you.  
DAVID ROLAND HINKSON (08795023)  
8/31/2018 12:21:19 PM  
Subject: Terms And Conditions

I had a dream and all of this was given to me. I wrote it in the SHU Dungeon at Hazelton VA. It kind of rambles, but it should be a good source for ideas as we move forward with our other concepts. I got this information in the same manner as Edgar Casey. Let me know if you like it. Maybe some of the concepts are now needed by our desire to move forward with our Deed Polls and helping the B's.

David Roland; Hinkson a Citizen of the De jure California Republic, hereby files this de jure Common Law, Law Suit under the right to redress grievances against Defendants, pursuant to \_\_\_\_\_ (see the Amendment that guarantees the Right of Redress); to adjudicate this controversy, that now exceeds \$20 value, pursuant to the De jure, 7th Amendment of the Constitution for the United States of/for America and the De facto's 7th Amendment in the United States Constitution and/or Constitution of the United States; for the total monetary sum of \$ 1 Billion De jure dollars, to be paid with De jure minted U.S. Coins, pursuant to \_\_\_\_\_ (see the Article that guarantees the right of Congress to Coin Money) from the Treasury of the De jure United States of America or the De facto U.S. Treasure Pursuant to \_\_\_\_\_.

**PUBLIC NOTICE & VENUE:** This Common Law Lawsuit is hereby filed to provide for Public Notice in the De facto Statutory Venue, known as the U.S. District Court, for and in the De facto state of Nevada, which is a De facto Sub-Corporate District, in and of said De facto United States; as it was and is the only current Venue available at the time of this filing, to provide for any or proper Public or Private Notice; as the De jure Republic Venue known as the De jure United States of/for America was officially allowed to Sini Dei, immediately after the Civil War; and the De facto Sub-Corporate, "state of Nevada," was created directly after the Civil War, and has never been a De jure Republican State thereafter, and was thus created in direct opposition and counterdistinction to it's own Corporate By Laws, hereinafter referred to as the Defacto Constitution for the Corporation known as the United States Inc.

**FRAUDULENT CONVERSION:** There is no De jure Statutes at Large Limitation or De facto Statutes of Fraud Limitation for fraud, therefore the illegal and unconstitutional scheme to fraudulently convert said De jure Federal Republic into a De facto U.S. Corporation with associated De facto Sub-Corporate States, directly underneath, under the Latin Concept of Local Parente, now and forever has created an ongoing Constitutional Violation Scheme, of the protected and guaranteed right of Habeas Corpus, as the de facto U.S. Corporation now can not legally adjudicate with any De jure Common Law and/or a De jure Common Law Writ or any other Common Law Process, as proved and guaranteed pursuant to the De jure, Article Four Section Four and/or the De facto Article Four Section Four, and therefore, the right of Writ of Habeas Corpus, as found in A \_\_\_\_\_ of the Constitution for the United States of America, and/or the De facto Corporate bylaws in either the United States or the U.S. Constitution has been canceled; therefore any Constitutional violation of the guaranteed right of a Republican form of Government, by said De facto U.S. Corporation, can not be adjudicated with or within a De jure Common Law Venue or a Common Law Venue Republic State; as the Common Law is Contradistinctive to De facto Statutory Law, and a Constitutional violation of the protected and guaranteed right of Common Law and/or Statutes at Large, by the De facto U.S.

Corporation can not be adjudicated with or within a De jure Common Law Venue that is also contradistinctive to De facto Statutory Law; See De facto Erie Railroad v. Thompson, as the United States has no common Law Venue. Therefore, the De facto United States of American and all of her Subordiantes is forever estopelled from entering into any Judicail Process unless it is given under acceptance.

**TREASON:** Currently, when the Oath of Office is sworn to by all Members of the Armed Forces and other Elected Officals, they always use the De Jure Oath of Office. Therefore, when a De jure Citizen of the Republic, or a De facto sub corporate Citizen of the United States Corporation or her sub entities in the Democracy swears, or affirms or pledges by oath, becoming an affiant to the De jure Constitution of the United States of America, and then proceeds to participate in the Fraudulent Scheme of Conversion that canceled the Writ of Habeas Corpus; the Law of the Republic known as Common Law (*See 7th Amendment United States and United States of America*); and the Republican form of Government (*See Art 4 Section 4, in the Constitution of United States; United states of America; U.S. Constitution*); and further gives Aid and Comfort to this De facto, Domestic Enemy, known as the Corporate United States, he or she is directly committing Treason upon his oath; and Treason against his Republican Form of Government; and Treason against the De jure Plaintiff in any civil or crimianl action.

**VENUE: FILING PROCESS AND ADJUDICATION:** De jure Plaintiff, now demands that all Legal Filings and Legal Processes used to adjudicate this De jure Common Law Suit and/or Lien, be conducted only using Writs and the process of Writs (De jure Common Law Writs are Contradistinctive to all De facto Statutory Motions), Statues at Large (Statutes at Large are Common Law and Contradistinctive to De facto Statute Law); in the Venue of a De jure Common Law Court; pursuant to the De jure Article 4 Section 4 in the Constitution of the United States of America, and/or the De facto Article 4 Section 4 in the Corporate By-Laws, known as the United States Constitution and/or the U.S. Constitution, all of which guarantee that a Republican form of Government be preserved.

In the Defacto "By-Laws" known as the United States Corporation, and/or the De Facto United States and/or U.S. Constitutions, which both in part guarantee that the Writ of Habeas Corpus shall not be suspended, as the right to use a Common Law Writ should be preserved, and the very act of creating a De facto Corporation known as the U.S. Constitution canceled and barred the guaranteed right to use any and all Writs, including the Writ of Habeas Corpus; as the new Statutory Corporate Venue that can only use Statutory Law; that is totally contradistinctive to the Common Law Venue, pursuant to the De jure 7th Amendment of the Constitution for the United States of America, and the De facto 7th Amendment in the Corporate By-Laws, known as the United States and/or U.S. Constitution, which both in part guarantee that if there is any controversy that exceeds \$20.00 the right of a Common Law Trial and Jury shall be preserved and the very act of creating a De facto Corporation known as the United States Constitution, further canceled the guaranteed right to use Common Law Courts and/or Common Law and any and all Writs; in the newly created Statutory Corporate Venue; hereinafter known as Statute Law; that is totally Contra-distinctive to Common Law.

**NOTES:** The De facto United States and/or U.S. Corporation; are fraudulently and statutorily in violation of Amendment \_\_\_\_\_, in both the De jure Constitution for the United States of America and the De facto Corporate By-Laws known as the Constitution of the United States and/or U.S. Constitution; created and allowed and Private and de facto created Federal Reserve, in 1913, to issue Notes of Debt Obligation; and further allowed them to fraudulently be used, as Legal Tender, in all De facto Sub-Corporate States and Territories; further canceling most De jure Coined Money, that was backed by Gold and/or Silver in a Fraudulent De facto Usury Scheme, to Defraud and Steal all wealth and value of all goods and services, purchased and/or owned by the/a De jure society, therefore the canceling of the De jure Dollars, of the United States of/for America, has deprived Plaintiff the ability to Discharge Debts public and private, for over 60 years.

Therefore, if De jure Plaintiff, is mandated to pay any court filing or processing fee's, using any of these De facto Corporate Usury Script Notes, known as Federal Reserve Note Debt Obligations, it will further violate his De Jure Constitutional rights to a Republican Form of Government, as is Guaranteed to be preserved in Article Four Section 4 in both the De jure Constitution for the United States of America and the pledged Articles of Incorporation also known as the U.S. and/or United States Constitution.

Therefore, to demand or require De jure Plaintiff to pay any filing fees pursuant to filing or adjudicating this Common Law, Law Suit will be considered, Treason upon his or her Official Oath of Office, and further create more damages to be adjudicated for De jure Plaintiff.

Therefore pursuant to the Common Law, any Law Suit that could be filed in any attempt to Discharge any Debt Public and/or Private debt, using any de facto Notes or De jure Notes (Congressional Notes), in no way appoints an attorney in fact or a holder in due Course.

**HOLDER IN DUE COURSE:** The filing of this De jure Common Law, Law Suit or Writ of Lien in either the Venue of the De facto United States, or U.S. Constitution, known as the United States, or any of her Sub-Corporate States (i.e. State of CA; Puerto Rico), or the De jure United States of America, in no way appoints a Holder In Due Course or an Attorney in Fact, for or against said De jure Plaintiff, who is a Citizen of the De jure California Republic.

**NOTARY FRAUD:** Liener is mandated to have all of his De jure Documents Notarized in order to be able to file, record and/or register any Official Notice of Lien, within the De facto Venue. The very act of attaching De facto Notary Seal is mandated, for the sole purpose of canceling Liener's Article 4 Section 4 right of Due Process, within a De jure Venue; therefore the use of a De facto Notary officer, by collusion to commit Venue Fraud, in no way appoints a Holder in Due Course or an Attorney in Fact.

**FIRST SETTLEMENT OPTION:** De jure Plaintiff, wants the fraudulent scheme, that canceled his De jure Republic form of Government terminated, and since this event it unlikely to happen, he wants to give proper notice that he no longer wants to participate in the fraudulent De facto Citizenship program, of the De facto United States and/or U.S. Corporation, scheme of Conversion, and does not want to reside or participate or conduct any future business in the De facto Sub-Corporate U.S. territory known as the United States Territory and/or the U.S. territory; and no longer wants to be a Corporate Chattel Property Slave of said De facto United States and/or U.S. Corporation; as he is a real Citizen of the De jure Republic, of California, that has Sini Died. Therefore, with prejudice, De jure Plaintiff, formally request to be transported out and away from all said De facto United States Territories, including the Sub-Corporate State known as the State of Kentucky. Therefore, De jure Plaintiff asks that his De jure United States of America Passport be returned, and that he be escorted to any other State or Territory or Province any where in the entire world, that will except his De jure Passport, that was issued to him, by the De facto U.S. Corporation for the purpose of securing Asylum. *(Note that all Passports are issued in the name of the United States of America).*

Plaintiff, now agrees to cancel and/or terminate this common Law, Lawsuit and/or Lien and agrees to discharge any and all Public and Private Debt Obligations, as soon as these conditions are met.
