

PRESS RELEASE

September 2, 2018

Nebraska Federal Court Judge **John Gerrard** in violation of US and international law, on August 29, 2018 refused to allow Chilcotin Ambassador & USCT ACJ, Michael Parsons to address or submit evidence to the Nebraska court proving his Ambassadorship and immunity from prosecution, despite President Donald Trump's acceptance of Ambassador Parsons's ambassadorship from the new country of the Chilcotin located in the heart of former British Columbia, Canada. The Chilcotin National Congress is outraged at this unprecedented diplomatic violation and calls on the USA to disbar Judge John Gerrard for his misconduct and gross contempt and disregard for the rule of law. The Chilcotin National Congress will be seeking jail time against Judge John Gerrard, Judge Joseph Walker of Tennessee and other US State and Federal judges at the International Court of Justice for jailing Ambassador Parsons for the past 20 months.
