Subject: Protonotory!

Dear Erin and Rudy:

That is exactly what I needed thanks. This is how we are going to change the face of America. By working together. My Letter re all this and much more is going out to : the Senior Ecclesiastical Clerk Protonotory of Court
UNITED STATES DISTRICT COURT_ NEW HAMPSHIRE
IT FITS PERFECTLY! I am using only ECclesiastical Conon Law. I have gone through th eentire 1752 Conons of book one and found them VERY revealing, All the courts in These UNITED STATES OF AMERICA: CORPORATION are conducting business under a throw off of ecclesiastical Canon law. They even are operating under the Roman Catholic form of government. I need to get to the President and maybe it is happening as I write this. I have a great dealo of resolution for the country and I am seeing it working in the court, so far.

The Khazarian Vatican ideological inspired Jesuits are the army for the Papacy and are controlling Washington D.C. and Europe at the least and remember that Pope Francis, who for the first time in Vatican history is a Pope serving God for theJesuits who are the Vatican assassins that are behind all of our woes Many dots are connected and the recorded proof is in hand.WE can't wait any longer.

Note! The two judges that put the boys, Elaine and I in prison are Ranking Jesuits, Who were paid 25,000 for each guilty verdict, and the Protonotory receives part of that revenue. I got this info right our of title 5 of the United States Code. They all receive their own seperate bonuses.

I have prepared The Qui Tam Action Case and It must go forward now. Again! It can no longer wait for everyone to catch up. Its another go it alone or nothing happens. I must contact the President.
