Dear brother Tommie,  
Greetings in Jesus, the Christ,  
Amen. You are in my  $\heartsuit$  and prayers.  
Life? As all about walking in the word,  
John 1:1, 14. It certainly can feel a bit  
like Twilight Zone at times, can't it?  
The scene to the right reminds us of  
just how great our God is.  $\heartsuit$

"He" is sure for "liberty". Many a  
petition on my behalf is before  
U.S. President Trump; at least one be-  
fore The International Court of Justice,  
others; and most importantly before  
our Redeemer's Bar.  $\heartsuit$  His, is  
the ONLY justice system, all other ground is sinking sand. Serpent's  
seed has gotten hold of their system as Evil's people drifted so  
far from the word.  $\heartsuit$

Recent push for prison and judicial reform during Lame Duck U.S.  
Congress. It is, as all, in the hands of our Lord — We shall  
no doubt see.  $\heartsuit$  Proverbs 26:2.

Here, I'm now in my 17<sup>th</sup> day of our being confined to our 6x10  
room. Sadly it started when an angry fellow took the life of a  
Christian brother I've known for over 1 year and assaulted an  
elderly (72) Christian brother with, it appears bad intent. By  
the grace of God the elderly fellow was ~~was~~ able to fend off the  
attacker and other intended victims were spared. I know  
practically none of the answers, i.e. Why? This too will pass.  
All is in our Lord's hands!

We were blessed with a good Thanksgiving meal, none-the-less.  
I pray you and loved ones there in Fanny were blessed, as  
well. We are now less than 4 weeks away from Christmas.  
The world in darkness blessed with the Light of Christ.

This "unlawful" trespass on the protected rights of every one of the People who are sending mail to someone here. The Universal Postal Union Treaty DOES NOT ALLOW anyone in the so-called government of the UNITED STATES to trespass on the People or their mail. We do not "consent" to such "unlawful", blatant trespasses on the Rights of The People who created the TRUE united States of America.

The real CRIME RING thinks to be allowed to VIOLATE The Peoples Rights by FRAUDULENT claim of consent. NO CON-

SENT!!! → Guy Cottrel, Chief Postal Inspector, 1730 Market St., HQ PIS, Saint Louis, Missouri (53155) and Post Master General, united States post office must obey Universal Postal Union Treaty and so must the "mere-employees" of the system. Never acceptable. And it is becoming more and more obvious their unlawful FORCE is going to be their undoing. → GOD is NOT mocked.

Real cowboys obey The WORD!

the autumn tree."

EMILY BRONTE

Here, though hard to see, the leaves are changing and falling. A few days ago we even had a skiff of snow, that quickly melted. The Qord is right on schedule. ☺

All things considered, like Paul, I am holding up well. Evil has a grip on these poor souls who do this to us. Their true colors are ever present. Pray for them.

You mention something called "Q". Such ploys are often to draw out people who see the Qlight so they can suffer persecution, as well. There is danger in revealing one's true identity—so it is hard to make a splash without setting off ripples and drawing the Water Moccasins out of the weeds. Who knows? CAUTION is wise.

Dann and I, and others were so naive that we felt if one was truthful and doing nothing wrong this could not happen to us. WRONG! The wicked DO NOT like to be EXPOSED by TRUTH. And do not hesitate to do WRONG when it protects their evil ways. ✖ An enemy has done this! In every case stand on The Rock! John 10:10.

Our "America First: Basics of Law" seminars drew fire like gasoline and a lit match. The enemies of TRUTH came out of the woodwork everywhere. Start overcoming in their so-called courts and they turn like a Cobra! Vicious! No such thing as justice! "As much money as you want Mr. Landers, All you've got to do is SHUT UP!" A clue perhaps?

☺

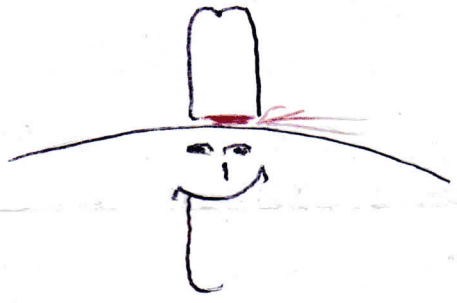

Evil is not sleeping. Everything is being done to steer our people into self-destructive, disobedient behavior. The means for destroying our people and our country. Pray and do all for encouraging each other to walk with Jesus, the Christ. Calling at all times on His name. Ephesians 6: 10-19, esp. v. 12. Psalms 37 & 91.

You can get "The Montana Freeman, The Rest of The Story" by Pat Shannon from: Oceana Management, 200 Hickory Nut Lane, Canton, Georgia (2015). I think it is about \$7<sup>00</sup> + about \$3 S&H. They have additional books you may find informative. There are sources of TRUTH from true Christian writers. ☺

Revelation 7:9 says a great deal about what is wrong on America and elsewhere. Usury - deadly says a lot to.

I pray you and yours are blessed as Christmas and a New year approach. May joy be yours no matter the circumstances.

with Love of Christ,  
in His service,
