

# MEMOIRS : Thoughts OF EDWARD

January 27, 2026

Dear Brother Will:

I will be sending steadily my documents as time funds and capability allows. All of these documents are briefs, records, laws, Affidavits, TRUST Forms, Bond Forms etc, etc, that are all tutorials that need to be put into a computer file and onto a High gig memory stick for future reference. They are all of historical record for everyone that is studious. And they tell a story of the who what where when why and how, in infamy. They are well written and carry resolution. They are priceless in knowledge.

IF I were on the street I would put them all in a story form chronological Book of Record titled  
The Greatist Story Ever Told in Infamy by

E. Lewis Brown

My inner Light of Creation : OR ENSOF : Below, We / Body - mind - Spirit, Edward : of the Kingdom of God, on Earth (which is within me)... as a Light of Creation : OR EN SOF : (meditation) : ... "The OR EN SOF Light Surrounds me" ... "The Light is within me" ... "I am the Light of Creation" and God is The Light, which is Love in its truest form: The love of ALL existence ... which is the Center of "ALL" .....

## Caution

As of January 1, of 2026, <sup>subtle</sup> Begin the days of Reemergence and conciliation of the new Awareness of all mankind.

A higher consciousness is about to be noticed. One of the Avatars will appear and softly be presented as Savior... We must be cautious of this acceptance.

Note! My Growing Inner Source (Guess) of Existence

Note: The OR ENSOF: 1. The Brain Controls all functions of the mind and all the body's deeds, internal/external: (The captain of the ship). 2. The gut is the body's Engineer that controls the maintenance that constantly speaks to us letting us know how we are operating good or bad. 3. The Heart is the OR ENSOF, Light of Creation spark-center that sets all else in the body in motion, a piece of God within me, us, you, everything, everywhere. The entire universe and each nano, micro, macro, atom has a center for itself... which brings to mind:

"If one hears the sound of a distant drummer... let him step to that sound no matter how different or far away".

"Waldens Pond", David Thoreau

Will! All of these things that I speak/write about, I could write a book or two about them and each one would be only the tip of the iceberg on the subject matter. I have at least twenty two depositions to do for Trump and his MAGA team. I need to dump what I have in my head

into a computer, organize it chronologically with the right known assists and together we will change the face of evil with the biggest slap it has ever known. I believe God is waiting and watching us to see if we will. I have already won two cases by:

The Federal courts 1. declaring an emergency  
2. Recusing the entire Court in totus.

(U.S. Federal court: Concord N.H. and the U.S. Appellate court in Boston 1st circuit.

Then both courts abandoned those two cases. They can't, but they did.

The Supreme Court is next but I need to know which one to go to. All USA INC. courts are de facto Administrative Courts of the 1933 HJR. 292 New Deal and have gone insolvent and lost their sovereignty. They are just bankrupt Commercial entities. This is part of my QUI Tam Action National Security Emergency, De Son Tort, For Fraud case:

Under Admiralty under Common Law / equity Jurisdiction For this I need:

The Barnes Review, White Plains Md. and The American Free Press, LaPlatt Md.

continue

IF I could convince a few people to contact them: Asking these two giants to work with me. Their acceptance would cause the heart of the world to skip a beat in joy.

I mean it, we, all three speak the same language.

# Administrative and Public Notice

**KNOW ALL MEN BY THESE PRESENTS** this notice is to inform you of the existence, authority and purpose of the United States Constitution Rangers (hereafter "Rangers").

The founders of our states, commonwealths, republics and freeholds and the authors of our state and federal Constitutions (hereafter, "Constitutions") wrote that all rights are unalienable and came from our Creator (God) to each of God's children; we, the Sovereign Citizens. The unanimous Declaration of the thirteen united States of America (hereafter, the "Declaration of Independence", or "Declaration") clearly states the following concepts. People create governments. Since the created owe their existence to the creator, governments must be accountable to, and serve at the pleasure of the Sovereign Citizens. Should governments become tyrannical, should they unduly burden and enslave, the Declaration clearly explains that it is the duty of the citizens to see that such government is altered or abolished. The Declaration states that this is not just an option, but that it is a prerogative and solemn duty of the Sovereign Citizen. In delivering the lead opinion of the Supreme Court in *Yick Wo v. Hopkins* 118 U.S. 356, 370 (1886), Justice Mathews wrote, "Sovereignty itself is, of course, not subject to law, for it is the author and source of law; but, in our system, while sovereign powers are delegated to the agencies of government, sovereignty itself remains with the people, by whom and for whom all government exists and acts." We the people are the Sovereigns and we receive our rights from God, The Creator, and then we created Constitutions to form our limited governments. With that same authority and responsibility from our Creator, we the Sovereigns have created the United States Constitution Rangers to watch over our creations (governments).

The Rangers protect and defend the Constitution Republic ~~for~~ the United States of America (hereafter, the "Republic") and ensure that government servants comply with the Constitution for the United States of America (hereafter, the "Constitution"), the highest law of the land (Art. VI, Sec. 2). Sovereign Citizen Lawrence Robertson re-organized the Rangers to defend the Republic and the Citizens of the United States of America (hereafter, "Citizens"). With the aid of Congressman Eldon Rudd the charter of the Rangers was recorded in the Library of Congress in 1980, Copyright-Registration # TXu 42-453, establishing the Rangers as an organization created by Sovereigns to police the offices of public trust.

Rangers are sworn to protect and serve the Constitutional Republics of the Several States, the Constitutional Republic of the United States of America and the Citizens thereof. The jurisdiction of the Rangers includes all 50 states of the union. Rangers pledge to defend our republican form of government provided by the Constitutions and to protect the rights of the Citizens as granted by God, The Creator, and as enumerated in the original Bill of Rights. When called upon by the Citizens, the Rangers aid in the defense of their rights as "Officers of Peace" (Isaiah 60:17).

The purpose of the Rangers is to remind all Citizens that the Constitution for the United States of America is the supreme law of the land, and to investigate and expose that which is repugnant to our Constitutions. Rangers promote the original meaning and intent of the original Bill of Rights, and work to restore public awareness that the Constitutions limit the size, power and scope of governments. Rangers seek to hold government servants accountable to their oaths of office. The Rangers office is an "Office of Honor" with the inherent power and authority of policing the created governments, and must be respected as a legitimate and lawful investigatory body. Rangers are not law enforcement agents, per se. Supreme authority is Ecclesiastic by Exodus, Chapter 18: 21, 22, 23.

When corruption is found, when an unalienable constitutional right is violated, or when an oath of office is ignored or violated, the Rangers will inform the public and other bodies including but not limited to, District Attorneys, U.S. Attorneys, Sheriffs, and other government servants, responsible for investigating and/or correcting such matters. If these agencies fail to act swiftly and appropriately, or are themselves in violation of their prescribed charter, the Rangers will act within our powers to lawfully correct the problem.

Our governments only exist to serve its creator The People, not to prey upon its creator or to serve themselves. Government servants must act lawfully. They may not unduly enrich themselves or their offices to the detriment of Citizens. They may not unlawfully act to expand the powers of their administrative, executive, legislative or judicial roles. Since unlawful acts by government servants are rampant, the Rangers are needed now, more than ever, to expose threats to life, liberty and property. The God given unalienable rights of life, liberty and property are the birthright and inheritance of Citizens from our Creator and are guaranteed to Citizens by our Constitutions. These rights precede and are superior to government. These rights are not subservient to any actions by any government agent, servant or functionary. These concepts are all clearly defined in law, and supported by Supreme Court rulings too numerous to mention here.

The Rangers are not supported by any government budget, and this allows complete independence from financial conflicts of interests and corruption. Reported violations will be investigated with the highest standards of fairness, impartiality, credibility and integrity. Every Ranger has been commissioned by the Rangers and taken an oath to uphold and defend the Constitution from all enemies both foreign and domestic. Rangers may be recognized by their uniforms, badges and/or identification cards, all of which bear the logo and name of the United States Constitution Rangers.

This three page document satisfies our legal requirement to notify you, our servants.

It is necessary that you inform us in writing if you have any questions or concerns relating to this Administrative and Public Notice. If we do not receive a written response from you within 30 days, we shall presume your recognition and acceptance of this notice, and dissemination of its contents to your subordinates, and any other interested parties over which you may have influence. We recommended that this notice be posted on bulletin boards and wherever your policy requires. The Rangers welcome the opportunity to speak with public or governmental agencies for training purposes.

## Commanders Address

Ranger,

With the best intentions of heart, mind, spirit, and honor, we present to you the United States Constitution Rangers. The United States Constitution Rangers is a Chartered Organization of peace officers defending the Constitution and the people of the United States Republic with a history back to the Country's formation. A new Charter was accepted by Congress in 1980 reestablishing the USC Rangers Charter, Registration # Txu 42-453, with charter # 37817.

Growing numbers of Americans, having lost their confidence and faith in the Administrators within our government, have decided to prepare to protect the United States of America from any conflict against any and all enemies both foreign and domestic. This organization therefore among other efforts shall investigate Citizen complaints regarding Constitutional violations by public officials and administrative agencies and make recommendations and reports to Congress, District Attorneys, and other interested parties along with taking any and all lawful actions available to it.

The U.S.C. Rangers, as should all good Americans and God loving people everywhere, stand on center of all things and keep a check and balance on the extremes. We have no known enemies and will take no sides, save one exception: We will protect and defend the Constitution Republics of the united States of America against all her enemies, and the people thereof, under God.

We will abide by the original, organic Constitution and Bill of Rights contracts of the several States and of the United States of America, all Republics, under one God. We will ignore, (as law dictates), any laws or orders that violate these Constitutions and their corresponding Bill of Rights, including any revised laws, statutes, treaties, regulations, etc., that violate these Supreme Laws of the land.

We will in good faith and brotherly love notify anyone that violates the lawful supreme laws of the States and Nation and give them the opportunity to correct the errors in a timely manner. If they do not, they will be charged accordingly at law and under the lawful law of the land.

All Rangers are living souls and should learn and understand the difference between themselves and others designated as persons. You are the created of the One God, Creator of all. Not the creatures of the State or of Statute.

All United States Constitution Rangers will endeavor to be proficient in their understanding of the Constitution of the United States of America, its Bill of Rights, along with the Constitution for the State of which one inhabits. Rangers will educate others whenever possible to the best of their ability.

All United States Constitution Rangers will always appear in public in a clean, neat, and appropriate manner. Rangers will be polite and respectful to all parties in every situation. Rangers shall keep the peace and aid and work with any lawful law enforcement officers, County Sheriffs, police or peace officers whenever possible or needing assistance. Thank you and welcome aboard.
