

Personal Note!

The following attached letter is a Compendium of a massive research work OF the Second Greatest Story Ever Told in Infamy.

However, this letter is in part, a warning for all to get their houses in order for extreme oppressive coming events created by the corporate commercial principles of the Deep State.

The Report is primarily for the American People but includes the entire world, as record reveals a single ideological chain conspiracy group with intense dedicated drive for personal enrichment; like a parasite.

All of this is beyond my ability but I go with what I've got. I must remain outside of the commercial, Corporate USA INC. and remain with The Kingdom of God: Three laws / Ten Commandments first and the organic founding laws second. I cannot receive any governments.

Erin and Rudy,

If what is happening here at Ashland F.C.I. is any indication of what is happening in the outside world we're really finished as an ethical or moral Union of nation Republics.

The B.O.P. has always been a knowingly corrupt and immoral institution at its best from its inception, however! Since 2016 and being an observer by nature, as I had watched the 1960's Social ^{moral} character of these United States begin slipping into the abyss of its own depraved social order of disgusting lust, filth, greed and social decadence, which is now dropping straight into hell, which all began for me with the J.F.K. Assassination, along with the silencing of the church bells. So it began against God and man.

We can feel a final phase of America's Social barometer drop into hell as we draw near to the anniversary of the assassination of J.F.K.: November 22, 1963.

I ponder the plight of Rory Kahl and his losses all these years and humbly

understand. my heart has been with him since it happened. Only now that I have walked a mile in his shoes do I realize the degree of loss he has endured. Yes! I do.

Being gassed at the private, Wyatt, Federal, Detention Center in Central Falls, Rhode Island by the staff in October 5th, 6th and 7th 2007 using Chlorine over three days gave me an idea of what the Jews⁺ at the Nazi death camps went through during WWII.

I still carry the ^{small} burn scars to remind me.

and luckily the incident made the media of the events. By then, I knew my life was forfeit.

and the following eighteen years revealed a continuing stream of Administrative abuses and Verbal Conflict (Narcissistic Gaslighting) with Deliberate Indifference/Intent, dozens of times since 2007-Present.

When the Article:1, Administrative (judge) of the 1933 H.J.R. 192 US Bankruptcy stated, on the record of September 21, 2020 resentencing hearing: "Mr Brown has shown no remorse; he must be broken". Twice George Z. Singal noted that Edward Brown must be broken". That was when I knew they were trying to kill me, which continues.

Side
note!

I have submitted a picture of my wife Elaine (Pilgrim) and myself back in the 1990's., of course... I miss her. We were very much alike. But, she was smarter. Oh well! Perhaps we will meet again; God willing.

I thought you should at least see who we are. Scarlet Johansen in the larger photo is my close guess of Elaine in her younger years. Perhaps God will assist me in this matter.

Due to past-currant and for the sake of the future of America and the world's protracted 'Deep State' Socio-Political/Religious agenda...

Report on The True
Condition of State of the
United States(s) Constitution, Common-

with Honorable Bill of Rights.

Brief of (the document)

The Conditions of State of The United States 1791 Constitution Common-Law Union Republic(s) with the Honorable Bill of Rights. By Authority of The United States Constitution Rangers whose authority comes from the People of the original 13 colonies who also created the Continental Congress, who then created the United States Constitution Rangers in 1777, The United States Constitution 1787 and the 1791 Seat of government (Washington City), with the Honorable Bill of Rights, of, for and by The People who defeated the British under the authority of Declaration of Independence under God of all Creation.

We as a Union Republic with the greatest of faith in God's guidance, set sail on an unsure destination unfettered by all oppression of anyone else's idea of how to be free. "We the People" for the first time in the history of man, chooses his own direction in life and as Martin Luther King Jr. stated: "Free At Last, Free At Last! God Almighty, Free At Last," and we were, as "we" were including all the "we's" of mankind. This is still Christian America.

"There Are Only Three Laws"

Leviticus: Chapter 19 King James 1611

The Ten Commandments are Commandments not laws, they are 'Commands' that we 'SHALL' obey or realize the loss of the kingdom OF God on Earth or in Heaven! They are commands you are not allowed to chose to disobey under Free-will.

The Three Laws: for man

1. "Do not harm anyone or murder anyone in defense of life and property" you are allowed to use equal or greater force under both God and mans law, with extrem prejudice and Killing if necessary. IF you or another innocent is endangered.
2. "Do not harm or destroy anyones property"
3. "Do not be dishonest in your business both Public or Private."

Obey these laws and you enter the kingdom OF God on Earth. He will judge you for Heaven.

Note! "If there is no victim There is no crime"
God made all things simple to understand
He gave us the tools to discern.

man has no authority over Gods law. None!

USA CORP. ARTICLE I BANKRUPTCY COURTS

1861 We have been under Martial Law Since
march 28, 1861, the day That the U.S. Congress

1865 later President Lincoln had Mr. Lieber create

still under martial law. (There is much
more here, that most people have never heard).

AS a result all the Courts operate

note! Though we have many other Seditious
Acts done/doing to the United States Republic(s)

The Federal Side of Government has always been a tool of the European Deep State Commercial elite. The United States ¹⁷⁷⁷ Continental Congress; Constitution Rangers were and still are Anti-Federalists. In the 1700's They were working for the Rothschild dynasty. We have been connecting the dots for a very long time. No one can hide from the truth any longer. Thank God for the computer. Info only takes seconds now. 'We are Aware'.

I am authorized to openly express some of the historical facts and all facts of record. and once we have completed some two dozen depositions to the President - U.S. Attorney General, or any lawful American Government Union, Republic Loyalist... we will contact the Principles of the Deep State and request/demand an accounting through international/commercial/Treaty law as to their (known) agenda's and goals. Therefore, AS a lawful Commander-In-Chief of the United States 1777 Continental Congress, Constitution Rangers I am obligated and stand in interposition between the 'DEEP STATE' et, al. et, alii and Those who cannot speak and Those who chose to remain silent... but still wish to be heard.

I will highlight a few for this work..
Trying to keep them chronological. I have
much of my mail-destroyed - Communication
have been under extreme monitoring since
my BOP incarceration in 2007 (being placed
in a C.m.U. (Communication Management
Unit in July 2008.. I am denied to
do National Security Depositions for the

Mr. Charles Kirk assassination might have
been prevented with notice of some
of this information that we are have been
trying to present since 2016 when we finally
elected a President (Trump) that actually
wanted to do something right for America...

What am I doing?

I'm writing a book and I don't even know
how to write. This could go on for many
month's. This all needs to be done correctly.

This record of History must be done in
Layers in chronological order and titled

Told - In INFamy". The First one
ever told is an Incredible whopper!

Therefore, I should take this down a notch and tell you all that I regard your loyalty and faith in me as one of my highest standards. God above all else... There is another: Jean Grey out of Maine. She was a friend of Elaine and I.

Her e-mail is jean.grey1900@gmail.com. Her contact info was lost to me along with the file it was in. Could you let her know my thoughts are with her as I review the great photos she had sent me and as I noted her literary article in the American Free Press a few weeks ago. Jean is a supporter and friend of Ron Paul. Coincidentally I have just sent out a request to Mr. Paul Son Senator Rand Paul with a second attempt to assist me in securing my depositions to be taken to the President and U.S. Attorney General Pamela Bondi. Let's pray my currently blocked communications get through. She's a wonderful lady. She is absolutely breathless.

Someone came up with the idea to create an oversight committee or organization to watch over the new budding Republic(s) and report back to the Continental Congress with information, Good or bad from time to time, in order to keep them up to date of the people's thoughts and actions and act as a form of ambassador.
