PO MAFIA #20, of the DEEP STATE (07 JUL 2023) (This is TEXT OF a 07 JULY 2023 SNAIL MAIL that has the EXHIBITS mentioned herein attached):

* The enclosed CORONER'S REPORT is about John WOELFEL who was helping me. 6-months before he was killed, 2 FBI AGENTS "VISITED" him near the place where the "ACCIDENT" occurred and asked, "Why are you writing Northington"? These FEDS also asked him why he was writing a common friend, who I write every 6 to 12 months, who had asked the Parole Board to release me in 2004. John had offered me a place to stay upon release. John was the 3rd friend helping me who was killed in the last 36 years.

* In the 1990s, my 1st friend killed while helping me had been VISITED by feds or police before he had an "ACCIDENT" caused by "MECHANICAL FAILURE" of his transportation vehicle. In AUGUST 2002, someone had attempted to simultaneously cause an "ACCIDENT" to the common friend and my brother in 2 locations about 100-miles apart. Deliberately created "MECHANICAL FAILURE" was the modus operandi in the 2002 events of attempting to cause the "ACCIDENT" to my common friend and brother. In 2005, my 2nd friend killed while helping me was "ASSASSINATED". See enclosed Jackson Citizen Patriot news article. My 1st late friend would have been a witness to prove me innocent. My 2nd late friend would have helped me get released with a place to stay and job.

* A 4th friend helping me was "T-boned" by someone not stopping at an intersection. I don't have enough info to call this anything but a real accident but it feels like PTSD in regards to

those who help me.

* My youngest sister died from ??? ACCIDENTALLY ??? being given Penicillin to which she was allergic by a doctor who knew of the allergy. A prison guard told me a story about this before it happened in a very strange manner. My sister went into a 3-month coma, then died years later, on 21 JUNE 2017, from poor health after the coma.

* I am doing well since God opened the 100% blockage on my Right Coronary Artery. My paralyzed Left Leg is next, after the blockage of blood flow behind my Left Knee is fixed. I hope you are doing well.

. May God Bless and Protect You All!!!

. /s/ Gary M. Northington

Dear Rudy:

* My old email tablet died after 7-years because the battery quit in JULY. I just got this new and better one with help from a friend.

* It was disconcerting to hear about your recent problem with all the attacks of the devil done on good friends. To me it's a reminder of I Peter 5:8-9. I HOPE YOU ARE DOING WELL, as said in my snail mail, about 10 days ago.

!!! MAY JESUS BLESS AND PROTECT YOU IN ALL THINGS !!!

PSALM 83: (Rudy@end)

* PSALM 83

- * 1. Do not keep silent, O God! Do not hold Thy peace, and be not still, O God!
 - * 2. For behold, Thine enemies make a tumult; and they that hate Thee have lifted up the head.
 - * 3. They have taken crafty counsel against Thy people, and consulted together against Thy sheltered ones.
 - * 4. They have said, "Come and let us cut them off from being a nation; that the name of Israel may be remembered no more.
 - * 5. For they have consulted together with one consent; they are confederate against Thee.
 - * 6. The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagrites;
 - * 7. Gebal, and Ammon, and Amalek; the Philistia with the inhabitants of Tyre;
 - * 8. Assyria also is joined with them; they have helped the children of Lot.
- Selah
- * 9. Deal with them as with Midian; as with Sisera, as with Jabin at the brook of Kishon,
 - * 10. Who perished at En-dor; who became as dung on the earth.
 - * 11. Make their nobles like Oreb and like Zeeb; yea, all their princes as Zebah, and as Zalmunna,
 - * 12. Who said, "Let us take for ourselves the pastures of God for a possession".
 - * 13. O my God, make them like the whirling dust; like the chaff before the wind!"
 - * 14. As the fire burns the woods, and as the flame setteth the mountains on fire,
 - * 15. So pursue them with Thy tempest, and frighten them with Thy storm.
 - * 16. Fill their faces with shame; that they may seek Thy name, O Lord.
 - * 17. Let them be confounded and dismayed forever; yea, let them be put to shame and perish;
 - * 18. That they may know that Thou, whose name alone is the Lord, art the most high over all the earth. PSALM 83.

* Dear Rudy:

* I reread PSALM 83 because of current events. According to news media, the Terrorists own records say they get high on methamphetamines before they do things like the 07 OCTOBER 2023 GENOCIDE in Israel.

* (1) Months before Putin invaded Ukraine, President Biden said on national TV something like, "It's okay if Russia takes a little bit of Ukraine". (2) While Uncle Joe was VP, Hunter BIDEN got an \$80,000 per month job from Burisma in Ukraine. (3) While Uncle Joe was VP, Hunter BIDEN received about \$3-million from the wife of the mayor of Moscow. 2+1=???

* (1) In 2022, Uncle Joe sold most of the U.S. Strategic Petroleum Reserve to China (ABC Snewz (JAN 2023), from Deep State #30 (15 APR 2023)) and never replenished it (FNC, 15 OCT 2023). He said he would refill it when crude oil got down to \$70 a barrel but never refilled it when crude was down to \$70 a barrel in mid-2023 for two months. (2) According to news media: Iran was selling only \$500-million of crude oil a year under Trump restrictions. After entering office and upon pressure from China, Uncle Joe lifted the Trump restriction and Iran began selling about \$78-billion of crude oil a year, mostly to China. (3) Then in 2023, Uncle Joe freed-up \$6-billion of Iran's confiscated funds 2-months before Iran's HAMAS invaded Israel. (4) The BIDEN family received a total of about \$1.5-billion from China during and after Uncle Joe was Vice President. 3+1=???

* According to news media, Uncle Joe tested a tactical nuke in the Nevada desert on 15 OCTOBER 2023. ???

* Dear Rudy & Erin:

* Thank You very much, again, for your help over the years. You have made a difference because the Beast is afraid of what is done in darkness being brought into the Light. The Beast attacks me when I am well and doing good things because it is frustrated with having no effect, when I am doing the right thing which has made me STRONGER. I ALWAYS HOPE THE LORD HELPS YOU in the same way.

* Hopefully, I'm getting better medical care than I've had in decades. I speed walked 7,000 yards (3.977 miles), today, on my paralyzed left leg, and tried to make it push. I then ate 3 lunches with lots of Lettuce Salad at lunch, that other guys gave me. I'M HAPPY. All the food knocked me out for an hour nap, in my napsack with a blanket on to keep me toasty-warm. (JPay doesn't have any Mom's Day cards.)

.

* Please send me a copy of the new red card with our pictures on it VIA EMAIL because they, now, photocopy all our original mail to keep the massive amount of drugs out. Their practice has not even slowed the illegal drug trade down and lots of prisoners are dying on O-Ds. I avoid being around the crazies doing such things - when there is a choice. (Please enlarge the Card X2, if you can, so I can read it without a magnifying glass.)

* I hope you all have a BLESSED MOM'S DAY!!!

* RE: RECENT & PRESENT COLLAPSE OF DC

Dear Dr. BIDEN:

A. THE WORLD STAGE:

* With a horrendous exit from Afghanistan, Joe LOST FACE with MINORITIES, and leaders of China, France, Iran, Russia, etc. This exit incited the first 2 legs of WW3 in Ukraine and Gaza, and a 3rd coming leg of WW3 in Taiwan. We the People say: Joe's weak support for Ukraine obstructed ending the War in 6-months because CORNPOP Putin intimidated Joe. WW3 is inevitably coming to the Continental United States from 200,000-plus illegal alien TERRORISTS (who kill the LGBTQ) INVITED by Joe VIA the OPEN SOUTHWEST BORDER and Iran's nukes. Minorities say POTUS is "Chicken Joe" who consorts with CORNPOP Dictators.

* Joe financed HAMAS, Hezbollah, Houthies and Iran with \$10-billion he gave Iran to free hostages and by removing sanctions that allowed Iran to obtain \$90-billion in oil revenues. 92% of We the People dislike Joe's weakness of waning support for Israel and refusal to supply needed weapons (Jews are x3 in the U.S. as Muslims). Iranian officials lie then STAB YOU IN THE BACK because they intend to KILL ALL ISRAELIS AND AMERICANS, especially those who support LGBTQ+.

* Joe can't blame Israel for 30,000 alleged Gaza civilians killed in the HAMAS war, of which 66% support Hamas, when 107,000 U.S. civilians were KILLED by drugs IN 2023 that came through Joe's OPEN SOUTHWEST BORDER.

B. STATESIDE:

* In 2023, 42% OF BLACK MEN IN MICHIGAN left the Democrat Party saying, "WE DON'T LIKE BEING TOLD HOW TO THINK". NOW, most minority WOMEN HAVE BECOME REPUBLICANS BECAUSE of THE "BIDENFLATION TAX OF 50% or MORE on GROCERIES". Minorities remember the GREATEST MINORITY EMPLOYMENT EVER, \$2 per gallon gasoline with 1.4% inflation rate IN the TRUMP Years, and hate ILLEGAL IMMIGRANTS TAKING THEIR JOBS. Now MOST MINORITY MEN "support and IDENTIFY WITH DONALD TRUMP BECAUSE OF FAKE and ABUSIVE CRIMINAL PROSECUTIONS COMING OUT OF THE WHITE HOUSE". Minorities remember Donald Trump giving permanent funding to HBCU in 2018 which Joe falsely claimed Joe did in 2023. Many BLACK PEOPLE tell me Joe is "PRESIDENT JIM CROW" because "KKK SLAVEMASTER DEMOCRATS DON'T OWN US".

* On 31 MAY 2024, regarding aforesaid, Joe said, "The justice system should be respected". Minorities say, "Joe BIDEN disrespected the justice system for personal hatred against political opponents just like Joe has done to us. Karma is a terrible thing..."

* Women of all types are abandoning Joe because he allows men to abuse real women and girls in sports. Most people say that the "BLOODBATH" is what Joe does to them, and will worsen if he gets elected to a 2nd term. Most of Christianity in the U.S. is revolting against Joe's TOTALITARIAN ACTS.

* Military VETERANS say they support TRUMP at 65% to Joe at 30% because of Joe's "VICIOUS DOJ COURT actions against TRUMP", the "OPEN BORDER", and Joe's planned "BIDENFLATION TAX ON WORKING PEOPLE" which proves Joe hates DEMOCRACY.

* The GDP is allegedly up 5% because the 50% inflation rate since Joe took office drives it up. BIDENFLATION means the GDP is relatively down around 30% and relative wages are down about 25%. The reality is that: My and WORKING-CLASS FOOD and necessity PRICES ARE over 200% HIGHER than when Joe took office. However, my wages have not gone up, and ALL middle-class and poor PEOPLE'S WAGES have RELATIVELY DROPPED BY about 50%. The SNAP PROGRAM is NOT ENOUGH TO FEED STARVING CHILDREN, because of BIDENFLATION, while JOE IS FUNDING 17-MILLION (real number) ILLEGAL ALIENS TO LIVE IN LUXURY. A Left Wing poll says 92% of We the People feel oppressed by Joe, and 77% of We the People are struggling to survive and avoid starving.

* Joe calling everyone "White Supremacists" offends Blacks, Hispanics and ALL who have multiracial families. Only a couple thousand "White Supremacists" exist in the U.S.A. You CANNOT RUN a GOVERNMENT by FOMENTING HATRED against people who once supported Joe but became Independents or Republicans because hatred drove them away from Democrats. As in ancient times, Satan is "fighting for the soul of the nation" (Holy Bible, Book of Job) (quote of Joe).

* In all these, JOE GOT WHAT HE ASKED FOR.

. . Sincerely,

. . /s/ Gary M. Northington

* Dear Rudy & Erin:

* I filed a criminal negligence complaint against MDOC & the Parole Board as a civil action. It took 1.7 months to write because of MDOC OBSTRUCTIONS; one hostility of which I last wrote. I got the complaint done because of outside prison help. We will soon see what Michigan Courts say.

* I overrode MDOC & Parole Board OBSTRUCTIONS to get into College for Music so I can get a certificate for what I've done for decades. The OBSTRUCTIONS were used to block my release.

* I don't have a dog to walk, so I took my paralyzed Left Leg for a 9,000 yard walk this morning. Blocked Blood flow in the Leg began, in 2013, when Dr. Badawi Khader ABDELLATIF refused to treat a MRSA infection for 2.5 months. Walks increase blood flow in the Leg.

* I hope & pray you all are doing well despite intended destruction of the U.S. by Maoists/Marxists in D.C.

May YHWH BLESS & PROTECT YOU. Sincerely, Gary M (Roadrunner)!

RUDY & ERIN (04 JUL 2024):

* Dear Rudy & Erin:

* I am GREATLY THANKFUL THAT NO ONE WAS HURT WHEN THE TORNADO HIT YOUR PROPERTY in MAY. I may have seen your house on the national news after it happened because they showed your area. I prayed for everyone no matter where it was when the weather report came on. Having been through 2 tornadoes, of which one had a half-mile

wide path with twin funnels in 1965, I know how it feels. Friends were injured from flying debris on 11 APRIL 1965 (Palm Sunday) in Toledo. In JUNE 1976 in Omaha, I spent 48-hours straight without sleep while helping with clean-up. This year, this area of Michigan had more than normal with 11 tornadoes on one day in MAY 2024, then at least 5 more after that, similar to what occurred in 1965 in this area. It can be devastating but we can all be thankful that THE LORD GIVES US HIS PEACE even though turmoil surrounds us. JOHN 14:27; 16:33.

* I am back to teaching Music Theory Class that was years ago cancelled by COVID-19. It took pressure and persistence to get back what we lost during the COVID LOCKDOWNS because The Beast (Rev. 13) is always goes to and fro seeking to destroy and does not want to give back what it takes. Some students who do not serve the Lord gave up to despondency (The Slough of Despond). One GOD-FEARING student lost his dexterity in with the piano from not playing for years and effects of COVID-19 but I gave him interesting songs to use as exercise and he's getting it back. I'm thankful to be able to help.

* Your email was dated 24 JUNE 2024 but did not get to me until 02 JULY 2024. On 02-03 JULY 2024, the news said most MDOC Prisons are 20% understaffed but 3 are 50% understaffed; this is one of the 50% and it's off-the-hook with massive amounts of drugs - not brought in by prisoners. As Moses said, "Let my People go!!!"

* I've been taking my paralyzed leg for a walk everyday - since there's no dog to walk (smile). I won a handicapped 100-yard dash on JULY 4th in my class of disability, and inspired some wheelchair guys to race in their class.

* I hope and pray the Lord protects You in all things. God Bless, El Camino

----- 10 JUL 2024

* Hi!

* Since our JPay was inoperative a few days, I'm adding some new events. Our Chow Hall is out of money to buy food, so we many menu items are not given and no substitutes provided. For breakfast, I had Bran Flakes without milk, no rice for dinner, etc. On 10 JULY 2024, all food stewards except one did not come to work so emergency count was called. The one food steward who came to work walked out and went home at noon. If the legislature does not provide more money for food, then MDOC's future plans must change. This happened in JUNE 2023, so we'll see what they do.

* BERYL flooded some nearby areas but we're okay. I hope and pray you're okay. May the Lord be with you. Gary M.

Dear Rudy:

* I hope and pray your home is back together.

* DEEP STATE COUP D'ETAT #32:

* When I was in third grade, my Uncle Buck and dad went outside our house to speak about my Uncle Buck's experiences in Germany during World War II that they did not want us children to hear. I snuck out to the yard and overheard my Uncle Buck speak about the German Death Camps he liberated. YESTERDAY, I saw a video of what my Uncle Buck went through in Germany during World War II. The following explains the video and brought back memories of being with a Vietnam Support Group at Clark Air Base in 1970 to 1972 (2.3 years):

* When General Dwight Eisenhower and my Uncle Buck got to the NAZI Death Camps they saw horrendous sights. Bodies were STACKED like cordwood among which starving Jewish prisoners were forced to live as they dragged bodies off to the mass graves. These STACKS were not one-hundred or one-thousand bodies, but were each stacks of ten-thousands of bodies.

* For years, Democrat President Franklin Delano Roosevelt had refused to let Jewish refugees into the United States to escape Adolph Hitler. In 1939, the Democrat party held an anti-Semite rally at Madison Square Garden. When Jewish refugees finally were allowed into the United States, they had no synagogue nor money. Fred TRUMP sold the Jewish Refugees their first piece of land for \$10 and built their first synagogue in America which still stands to this day. Fred TRUMP also built the first Jewish Embassy in Jerusalem. I believe that old Jewish Embassy became the new U.S. Embassy in Jerusalem, in 2018, opened by the then President Donald Trump. Donald Trump knew all aforesaid facts.

* Donald Trump's daughter and son-in-law, Jared Kushner, are Jewish. In 2019, Kushner negotiated Middle-East peace agreements of the Abraham Accords. In 2023 to 2024, President Joe Biden attempted to delay and/or destroy those Peace Agreements by funding the terrorist Iranian Regime with \$100-billion when Biden removed sanctions on Iran. This released the funding used by Iran to support the 07 OCTOBER 2023 Hamas Genocide in Israel. Joe Biden, who supported KKK Grand Wizard Robert Byrd and whose ancestors were slave-owners, knowingly funded the 2023 Genocide, or merely decided to start a war by releasing funds to Iran because that's his character.

* For Kamala Harris, a useful idiot and Aunt Tom, to call Donald Trump a NAZI and Hitler violates Common Sense and logic of known historical facts. The Democrat Party is the historical party of slavery, Jim Crow, the KKK, segregation and Maoist/Marxist/NAZI Totalitarianism. Democrats have not changed their stripes since the days of slavery but have only changed their modus operandi from overt slavery to the covert practice of enslaving groups on the Government Welfare Plantation. Democrats covertly kill or attempt to kill all of their opponents. Fight! Fight! Fight!

* In the 1970s, when I flew on military transports at Clark Air Base to and from my temporary

assignments, the planes upon which I flew had a black curtain with hundreds of body bags of dead soldiers behind it. Sometimes, next to me would be an Airman, Soldier or Marine on a stretcher with I-Vs in him and a nurse at his side in the hope that he made it back to the United States for surgery before he bled to death. I got PTSD from only being in that environment, so I know what my friends in the War Zone of Vietnam went through. I was supposed to be in Camron Bay at Nha Trang Air Base on my birthday in 1969 but my orders got cancelled because of an accident on my then late mother's birthday. At the exact time I would have arrived at the Radio and Radar Shop on Nha Trang, the shop took a direct hit from a Viet Cong rocket. YHWH, or maybe mom, was looking out for me.

* Donald Trump having lived through what he knows about Jewish history involving his family, and based on my experiences, KAMALA HARRIS' false accusation are obviously the machinations of a PSYCHOPATHIC.

. . MY ENLIGHTENMENT ON EDUCATION ROAD

* My journey to higher learning began with encompassing love of a dedicated mother, teaching enjoyment of learning that directed my life. At age two, I learned the then thrilling experience of crayons filling in outlined LETTERS of a COLORING BOOK. Mom created my thirst for knowledge that has driven me on to colorful roads of extensive learning in: public schools, military avionics school, home-schooled music theory (I wrote EXHIBIT C), self-taught electronics, building construction, and alternative (green) energy. Because of mom, I am now in college with a 4.0 GPA.

* At age 4, on the first day of school, I felt mom's love as she rode the bus with me, then spoke

to my FIRST grade teacher, Mrs. Smith. Later, after writing the words "SOLDIER" and "SOLDER" on the blackboard, Mrs. Smith asked, "Who can pronounce these words?" I excitedly raised my hand and properly pronounced the words. Then, when asked I defined soldier as a man in the army (my dad, a war hero in the Bataan Death March) and solder as a metal plumbers use to hold copper pipes together. This greatly boosted my confidence in the new learning environment of public school, like a shot of adrenaline in the learning cortex of my brain.

* Mrs. Lynn's THIRD grade class was warmly memorable as she taught us of her Spanish heritage and family, then taught us to sing Cielito Lindo. We cherished her as a teacher who loved her students like family, like our moms loved us, which permanently impressed Mrs. Lynn as a picture in my memory.

* My FOURTH grade teacher, Mrs. Aschliman, was of the local Mennonite Church. She brought us clothes and food when we had become poor from instant costs of my youngest sister's death and extended hospitalization of mom, which exemplified the love she also showed students in her classroom. This was a period of severe and somber change in which I made greeting cards to send to mom while looking out for younger siblings, but led me to seek interesting learning in the warmth of Mrs. Aschliman's class.

* At age 8, my fourth grade science book intrigued me with a description of an American Old West telegraph system, made of battery-powered electromagnetic receivers and hand-keyed transmitter switches that spoke in Morse Code. This led me to read a school library book on the abstract thought of electron flow theory and electromagnetism. My actual building of the telegraph (EXHIBIT A) stimulated my imagination as I wound wires on steel nails to make the electromagnets. When I keyed the transmitter switches, the practical experience of seeing the electromagnetic receivers operating in Morse Code was a thrill that enhanced my understanding of basic electricity. I felt like Thomas Edison with a hunger for this then strange science.

* At age 11, I read "The Modern Wonder Book of Knowledge, mentioning Nickola Tesla and Thomas Edison, then began weekly 2-mile walks, during Summer, to public libraries to read books that further inspired me in electronics. This interest led me to tear apart an old black-and-white television my dad had left in the basement. At ages 11 to 14, I had learned enough to proficiently repair radios and televisions for profit (which funded my learning). At age 13, I used parts from dad's old television to build radio receivers and transmitters that communicated miles, build audio amplifiers, to do electrical design and construction, and to manufacture those designs.

* Finally, in SEVENTH and EIGHTH grades, Industrial Arts teacher Londa Van Helen taught me carpentry and architectural drafting, which is seen in my penmanship. This and all school years one to ten were fulfilling and memorable experiences in humanity and education that directed my later years. As a child, and as an adult, I still cherish them.

* Two years of basic electronics at T.A. DeVilbiss High School (Toledo) reinforced my self-taught electronics skills. In 1968 to 1969, 9-months of U.S. Air Force (USAF) Radio and Radar Navigation Technology School (301X1) taught me advanced aircraft and navigation

electronics; this included digital technology (from 1945) that entered the civilian market in the 1980s. From 1977 to 1987, I trained for one month of each year to learn new developments in electronics technology. I was happily a TOP STUDENT in all of these classes.

* As an adult, for decades, I self-studied the environment which led me to design and test a charge-controller/battery-protector (Exhibit B) for photovoltaic (solar electric) systems and solar-heating control systems. I learned more energy-efficient housing design which has led me toward architectural engineering.

* At age 75.9, I now have a 4.0 GPA in college, and am thrilled with the hope of getting degrees in music, psychology, and Architectural Engineering with emphasis on alternative energy. I am an ENVIRONMENTALIST who began this Educational Journey with the love of a Valedictorian mother and great teachers. I have enjoyed, and will enjoy, learning skills I will use for the next 20 to 30 years. I will be happy to finally get a diploma for what I've done for decades. Thanks, Mom!

Gr #464; KELLY #1 (23 DEC 2024):

* Dear Rudy & Erin, My following letter to Dietician KELLY shows how the MDOC TRIBE murders through denial of medical care. MDOC has 4 types of 2,200 calorie per day Medical Diets and tells everyone to make their illnesses fit into one by not eating certain items. This

leaves me with 1,300 calories, so I trade MDOC's junk food for good food. MDOC is attempting to turn all of us into diabetics. God Bless You All!! Gary M.

* From: Gary M. Northington 193035 JCF H/U F28 23 DEC 2024

* TO: RD Karlie KELLY, regarding your Kite Response of "12/17/2024."

* You said my high triglyceride level is not high. Medical Provider NP Krystal BRYANT, who has more training than you, said my triglycerides are too high for my life-threatening medical conditions which you are not qualified to diagnose. It, like my A1C, is prediabetic because you overdose me with a diet of 80% simple carbohydrates (sugars) that create triglycerides. Your letter tells me to do WHAT I TOLD you I am already DOING, WHICH proves you ignored me.

* You said, "A 'low triglyceride diet' does not exist at MDOC," and erroneously said I can lower my triglycerides by:

* (1) "increased physical activity" when NP Krystal BRYANT SAYS I EXERCISE TOO MUCH by speedwalking 3,000 yards (1.7 miles) to 8,000 yards (4.7 miles) a day. I cannot run with a paralyzed leg and AFO, and JCF does NOT provide enough yard time for more exercise;

* (2) "reducing ... intake of simple sugars" and "increasing ... fiber intake," when I EAT NO SIMPLE SUGARS except breakfast cakes (you force on me), and I eat all fiber available in my 2gm Sodium diet. NP BRYANT REPLACED my SENNAKOT (FIBER) WITH LACTULOSE (SIMPLE SUGAR); and

* (3) "limiting ... intake of saturated/trans fats," when I EAT ONLY what Food Service gives me in THE 2GM SODIUM DIET YOU PRESCRIBED. I have not used salt in 50-years unless it is in your 2gm Sodium Diet.

* (4) It is your job to see that MDOC has a low triglyceride diet with 2,200 and 2,600 calories. USCA 8.

* Your "Healthy Heart Diet and Information" handout, says:

* (1) Avoid "Trans Fats/Hydrogenated Oils found in processed foods," when you daily give me: (a) margarine that I don't eat; (b) processed cheese on grilled cheese sandwiches and Pizza, grated cheese from Kraft processed slices; and (c) such oils in breakfast cakes and cornbread;

* (2) "Avoid Saturated Fats" when you give me greasy hamburgers that could be Chicken;

* (3) Avoid "Added Sugars" when I eat only what you put in Breakfast Cakes and beans (which makes beans taste bad);

* (4) "Eat More Fiber" when I eat all diced carrots, Cheerios, regular oatmeal, field corn (animal feed) and green beans of my 2gm Sodium diet. Your menu says "Brown Rice" but Food Service gives only non-fibrous White Rice which I do NOT EAT;

* (5) "Eat Healthy Sources of Protein" when I eat all the Chicken, Fish and Beef you give in my 2gm Sodium diet to avoid starvation.

* (6) I have not bought food from the Prisoner Store in 30-years.

* Further, on your handout's comments about exercise:

* (1) Since I am disabled with a paralyzed left leg, Injured Back, scarred lungs, and Acute, Congestive and Ischemic Heart Failure: I cannot do "Free Weight Lifting," "Shooting Hoops," "Running," "Jumping Rope," "Basketball Game," "Jumping Jacks" (which NP Bryant said to not do), "Circuit Weight-Lifting," and "Boxing/Sparring." I only do SPEEDWALKING, squats, yoga, and arm exercises;

* (2) NP BRYANT said I cannot do my daily SPEEDWALKING because it requires Nitroglycerin to minimize the Angina and SOB of my Acute, Congestive and Ischemic Heart Failure but I SPEEDWALK anyway. If my Nitroglycerin is not refilled, then you can pay \$170,000 for the hospital if I have another Heart Attack with BP of 260/130 mmHg. SPEEDWALKING is the only AEROBIC EXERCISE I CAN DO FOR MY HEALTH (It opened my blocked Right Coronary Artery, "The WIDOWMAKER"). See accompanying "MEDICAL ABUSE CAUSED DISABILITY;"

* (3) You are not ADA compliant.

* You have me on a STARVATION DIET of 1,300 calories a day because I do not eat breads/noodles (except for Pizza), potatoes and white rice of your 2gm Sodium diet. I burn 700 to 1,300 calories in my exercise periods. I follow what you and NP BRYANT say that I cannot eat. e.g I trade my breads/pasta, sugar packs and white rice for Cheerios, chicken, fruits and/or peanut butter. I do my best under the CUSTOM OF THOSE WHO "ONLY FOLLOW ORDERS" (NUREMBERG PRINCIPLES, Section IV, 1945) to commit genocide. See following USDA RDA requirements which say I should have a 2,400 calorie per day diet because I am active:

USDA RDA; DIETARY GUIDELINES FOR AMERICANS (males):

AGES: SEDENTARY: MODERATELY ACTIVE: ACTIVE:

76-99: 2,000 2,200 2,400

To file a USDA DISCRIMINATION COMPLAINT:

* COMPLETE FORM AD-3027 (CALL (866) 632-9992 for form)

* Send completed form to USDA by: (1) mail: U.S. Dept. of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250; (2) FAX: (202) 690-7442; or (3) email: <program.intake@usda.gov>

* If you do not give me a low triglyceride and/or low saturated fat diet, you are deliberately indifferent to serious medical need and Imminent Danger of further severe physical injury or Premature Death.

* My Grievance #462 (my number) was written after I died and came back because MDOC is attempting to medicate me into a veggie. The event grieved was about this: On 29 OCTOBER 2024, at about 0830 hours, I became hot, cyanotic, diaphoretic, went into syncope and was unconscious about 5-minutes. This was about 30-minutes after I ate breakfast. It was triggered by a combination of blood pressure medications that my liver has difficulty metabolizing (due to smoke from drug addicts in Housing Unit F), and eating breakfast too long after a prior dinner (due to Food Service sloveness). During the event, I lost 5 pounds of body weight in 7 minutes from vomiting, defecating and diaphoresis which is slightly painful. It is Postprandial Hypotension Triggered Acute Heart Failure (Atrial Fibrillation) that began when I was exposed to Agent Orange in 1968.

BRYANT, NP Krystal, Gr #462, pp. 1 & 2 (16 DEC 2024) (See CARGOR Gr #463):

* On and after 12 DECEMBER 2024, NP BRYANT refused to prescribe smaller doses of Lisinopril and Lopressor after I told her of the bad side effects I have that are caused by the medications and gave her the note of which page 2 herein is the relevant part of my note. I am being over-medicated by present doses which make it difficult to function during daytime hours, and disturb my sleep patterns, in addition to being nauseated 24-7 and on the verge of going into symptoms described in #2 of page 2 (hot flash, vomiting and passing-out). I have a right to not take drugs that make me ill, and that degrade my abilities to cognitively, mentally and physically function. RIGGINS v NEVADA, 504 US 127, 128 (1992), and that degrade my functioning. Id., at 134. You are deliberately indifferent to serious medical need and Imminent Danger of further severe physical injury or Premature Death. Provide a lower level of

medication.

BRYANT, NP Krystal, Grievance #462, p. 2 (12 DEC 2024):

* From: Gary M. Northington 193035 JCF H/U F28

* TO: NP Krystal BRYANT, Ricky COLEMAN, Rachel MOLLOY, CMO Carmen
McINTYRE

* The following is relevant part of a note handed to NP Krystal BRYANT on 12 DECEMBER 2024 at Chronic Care Checkup:

* 1. Lisinopril: (a) makes my back, jaw and neck muscles so weak and painful that it is difficult to sit-up, eat or hold my head up, (b) makes my legs weak and wobbly, (c) degrades my equilibrium, and (d) degrades efficacy of Nitroglycerin in my body. I bite the 5 mg Lisinopril in half, which I take at 2100 hours, to minimize said bad effects, then trash the rest. (With no medications taken on 12 DECEMBER 2024 except one-half of cup of coffee, my blood pressure was 130/73 mmHg at 0800 hours. After daily exercise from 0830 to 0930 hours, my blood pressure is below 110/70 mmHg until near 0200 hours the next day, without Lisinopril.)

* 2. Lopressor makes me nauseated for 24-hours after taking one 25 mg pill. It has the same effect as Flowmax, Hytrin and Renexa, all of which have caused me to have a hot flash, then MASSIVE DEFECATING, SYNCOPE, VOMITING, AND ATRIAL FIBRILLATION shortly after I eat breakfast. This type of event also occurs during a warm shower, warm weather, in a warm room, eating a warm meal, etc. During such event, my blood pressure usually measures from 50/20 mmHg to 70/40 mmHg, and pulse measures from 23 to 48 beats per minute with missing beats. Every day, I bite the 25 mg Lopressor pill in half, trash the unused half, then drink one-half cup of coffee to prevent vomiting and passing-out.

Dear Rudy, (Originally attempted to send on 15 JAN 2025 but JPay failed, so I've sent it again on 17 JAN 2025.)

* Thank You, sincerely, for the 50 that came on 15 JAN 2025, and the picture that came on 17 JAN 2025. It may help me get Free.

* Speaking of Free, I sent him a few of my songs that he needs to put on a podcast to help him get funds. He needs to learn how to podcast. A New Beginning is one I sent so he can listen to my webpage to hear it, if needed. I'll write him soon.

* Amen to Amos 5:24. Right now, I hope to bring the two-edged Sword of the Lord's Justice to State corruption in NORTHINGTON v Christina CEKANDER, et al, Michigan Court of Appeals No. 372474. It took 2-years to write the Petition for Writ of Mandamus and/or Habeas Corpus about a fake conviction (no trial, no judgment) that a bribe-taking/ bribe-paying prosecutor paid an MDOC Records Administrator to put in my MDOC file. MDOC STAFF allegedly corrected that, in 2003, but I discovered it wasn't corrected in JANUARY 2022. I had to have someone help me by using Freedom of Information Act requests where the FOIA guy kept evading but finally got caught due to my persistence and the Lord's Help.

* I've been busy!!! May God Bless You; Elohim Barack Ato! Brother Gary M.

AGENT ORANGE (22 JAN 2025): Dear Rudy & Erin, The book will start with chunks, then I'll expand on each. This and my prior Memoir are chunks. Gary M

* From: Gary M. Northington 193035 JCF H/U F28
* TO: NP Krystal BRYANT 22 JAN 2025

* After being exposed to Agent Orange in AUGUST 1968: I began running a 100° fever for 4 months and unexpectedly "falling asleep." On 30 DECEMBER 1968 through 01 JANUARY 1969, I went into a 48-hour coma with higher fever. On 05 JANUARY 1969, I was hospitalized while running a 103.6° to 105° fever and being severely weak, then for 2.5 months thereafter. The USAF doctor said, "We don't know what you've got but we know you've got it." This began decades of unexpected passing-out events with a hot flash, nausea, slowly dimming vision, then syncope during or after which I profusely vomited and defecated. Over the years, I discovered this usually occurs about 30-minutes after eating warm food on an empty stomach or when I get warm such as in a shower or warm room. Seven (7) of twenty (20) Airmen on a cleanup detail in the Kessler AFB WAF Squadron, which had been evacuated after Agent Orange was used as a weed killer, immediately got medical discharges like Phil Rader of the Chicago area who days thereafter became severely ill.

* In NOVEMBER 1993, I passed-out while feeling warm, in 20° weather, after running 10-miles.

* In NOVEMBER 1995 while urinating, my vision dimmed, I began feeling warm and nauseated, then walked to the hall and sat down. The nurse told me it was a vagal nerve response and blood pressure was about 60/30 mmHg. I was on Hytrin medication.

* On 01 JUNE 2015, I passed-out and hit my head while attempting to get a cup of coffee to raise my blood pressure so I would not pass-out. This was during extreme nausea about 30-minutes after eating a Peanut Butter sandwich with 2-cups of water.

* On 24 JANUARY 2016, I got nauseated during a warm shower after breakfast and had a manual blood pressure of 50/20 mmHg in my room. Health-Service had me on their gurney for 5-hours with blood pressure near 70/40 mmHg until I asked for a cup of coffee that raised my blood pressure.

* On 18 NOVEMBER 2016, I felt my blood pressure drop, then passed-out in the Chow Hall after eating a bowl of warm oatmeal. One hour later, Health-Service check my blood pressure at 189/85 mmHg, and said I was okay.

* On 01 JULY 2019, I ate a Peanut Butter sandwich at 0430 hours, then became nauseated at 0500 hours. Health-Service found an extra pulse in my heartbeat which was 73 on the EKG but 35 or less at my arm. I watched my Oxygen go from 99% to below 80%, blood pressure go from 70/40 mmHg to much less, and my pulse/ox at my arm go below 35 beats per minute.

* On 30 MAY 2023, this type of event occurred after eating a holiday lunch as I left the Chow Hall. I labored to get to shade where I sat on my Walker for 10-minutes when a guy gave me ice-water which ended the hypotensive event.

* On 19 OCTOBER 2022, while walking in 20° weather, I began feeling nauseated and weak, my right eye vision went out and left eye dimmed with tunnel vision, my left leg quit working so I used my right leg to drag myself to a fence which I grabbed with my right hand because my left hand did not work. I stood holding the fence for 20-minutes until the event was about 90% dissipated. My left leg was about 50% dysfunctional for a week or so.

* On 29 OCTOBER 2024, I ate a warm breakfast of oatmeal and gravy at 0800 hours. At about 0830 hours, at Henry Ford Hospital, my legs got numb so I moved from a chair to my Walker. My right eye vision went out and left eye vision dimmed with tunnel vision as I moved to the Walker. I barely recall a hot flash and becoming soaking wet, then became conscious with 2 nurses standing in front of me. My medical record says I became cyanotic, diaphoretic, and had syncope. Upon consciousness, I asked the nurses to get me a trash can where I vomited profusely, then to get me to a toilet where I defecated profusely. They had to change my clothes. I was then hospitalized for 2-days and my meds changed from COREG, IMDUR and 10 mg of LISINOPRIL to 25 mg of LOPRESSOR and 5 mg of LISINOPRIL which I bit in half.

* As of 22 JANUARY 2025, my new blood pressure medication is 12.5 mg of LOPRESSOR. On most mornings, I pass-out on my bed after breakfast, and sometimes after lunch. Once in a while these events get extreme, like in OCTOBER 2024.
