

Attorney General Hanaway,

I just caught the last couple of minutes of you on the Justice and Journalism show a few weeks ago and you seem very reasonable. So I thought I would write and appeal to you to bring an end to a travesty of Justice that I'm in the middle of.

"He hath shewed thee, O man, what is good and what doth the LORD require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?" Micah 6:8, KJV.

My name is Jeffrey R. " Bulletinman " Weinhaus, I'm currently serving a thirty year sentence for "assaulting Sgt. Folsom by shooting him". Never mind I was the one shot, four times, twice in the chest and twice in the head on September 11, 2012, by Sgt. Folsom. Despite five eye witnesses, two of them FBI agents, who saw me fall "face first, hands empty" into the parking lot of the MFA gas station south of St. Clair. I was convicted of the crime that was perpetrated on me. The State painted a picture that Sgt. Folsom was a "good cop" beyond reproach and that he was credible, the BIG LIE! They failed to disclose, that at the time he assaulted me, he was under investigation for "departing from the truth" by his superiors at the patrol. They knew he lied in his report of the shoot. That before he assaulted me when, he told me, he had papers for me to sign and then he commanded me to take my hand off my holstered, legally carried, lawfully owned firearm. After he questioned my right to have a firearm in direct violation of Article 1 Section 23 of the Missouri Constitution. All of this according to the prosecution occurred in the span of 12 seconds. The audio that I recorded and the State had the night of 911, proved that Folsom lied in his report about the papers and his command to "remove" my hand off my gun. The recording revealed that Folsom asked why I had a gun, to which I replied, what are you doing with your gun (which he had drawn and was pointed at me) he told me he was authorized to which I replied, I too was authorized. He then told me to get on the ground which I began to do as I told him, he didn't have to shoot me, as soon as my words came out, he and his partner in crime fired at me six times! Folsom admitted at no time did he fear for he or his partners life. At trial when my ineffective counsel ask Folsom why he didn't tell me to get my hand off my holster, he replied he didn't have "time". My lawyer never confronted him with this BIG LIE. The prosecution additonly withheld from my counsel that before the trial, Folsom had failed to pass three fitness for duty examines. Which gave the MSHP grounds for dismissal, at trial Folsom told the jury he was on medical leave when in reality he was fired, another falsehood. He had tested positive for Ambien and Prozac, which he used to treat his PTSD. Which he was diagnosed with after he shot and killed a suspect in 2000. Amazing as it seems, the Highway Patrol never tested him for " drugs" despite the fact that he was the head of the highway patrol's division of drug and crime control for Troop I for years all the while a true criminal. One causing injury and loss! The MHP to say the least, neglected to do their due

diligence recklessly allowing Folsom to terrorize the citizens of Missouri, unabated for more than a decade. In a deposition taken on June 6, 2013 when asked what drugs he was on, he replied none, once again perjuring himself. For those of us keeping score that is six blatant lies he told that PA Bob Parks knew of before he called him, as his star witness at my trial on October 9, 2013. Don't you all call that a Naphue violation and suborning perjury in legal land? I understand that your office charged Tyler Bounds the former police chief in Bowling Green with perjury. Would not equal justice demand that Folsom be charged with perjury also? My lawyers never had a clue that Folsom was a train wreck until a week after my Federal Habeas was denied in August 2019. State actors AG Hawley and Schmitt continued withholding information from me until a opinion was issued on August 20, 2019 in Folsom v MSHP, where Folsom alleged he was disabled and discriminated against because of his PTSD. The documents Folsom filed in his lawsuit refer to other memorandum, reports and documents that contain additional exculpatory evidence regarding his misconduct and psychiatric impairments which remain undisclosed to this day. Writs of Habeas Corpus where filed and denied without a evidentiary hearing or explanation, at the local, appeals and Supreme Court. Despite proving numerous Brady violations and evidence which remains sealed by the State of Missouri. Who are well aware that disclosed would torpedo the SS. Missouri! Folsom in the Nash deposition taken in 2022, alleges that the MSHP knew that I had done nothing criminal or illegal but insisted that he "silence" me because I was making the patrol look bad in my print Bulletin and YouTube video's. I was using in my campaign for Coroner in Crawford County in the summer of 2012. Another lie or the Truth, you be the Judge? On August 22 Folsom took 4 hours to find a judge who would issue a warrant to seize my computers and cameras which I used to expose the malfeasance of the State of Missouri. The warrant was served in violation of RSMO 043.200 when Folsom failed to notify the Sheriff and have him accompanied him. On September 7, 2012 I filed a Writ of Replevin with the Court. Folsom contacted me on the morning of September 11 and told me that he had been ordered by the Court to return my publishing equipment, a "ruse" another lie to get me to meet him. . Twelve seconds after I arrived at the ambush, I was "silenced"! Though GOD had another plan! I walked out of the hospital a month after the assassination attempt. Here we are over 13 years later, I'm still in prison despite the fact I have harmed no one while officer Lee killer only got 15 years, Justice Missouri style?

Thanks for your time and attention

Re: Jeffrey R. Weinhaus

To the honorable Catherine L. Hanaway:

The most important part of this mailing is the letter from Jeffrey R. Weinhaus to you. It was sent out of the prison to me via electronic mail that I may forward to you. I've copied and pasted below (see page 2 and 3).

I desire to include a brief testimony regarding my friend Jeffrey Weinhaus, in order to share why I believe his desire is to be a selfless servant of others. These qualities are greatly needed in our current society. I'm trying to make this testimony brief as I know you are very busy; I can provide more detail and evidence of all the claims made in this letter if you so desire.

I've known Jeff for over 8 years. I learned of his case through a friend named Rudy Davis. When I first learned of Jeff's case, I started corresponding with him and also sent him money, on a monthly basis, through the channel provided by the prison. Jeff, after receiving the funds a time or two, ask that I send any funds to his ex-wife, who cared for his children, instead of himself. This continued over a number of years. I reminded Jeff on multiple occasions I would send him the funds rather than his ex wife and he always reaffirmed the funds were to be sent to his ex-wife. About 5 years ago I had a change in employment and didn't have funds to send. I then left off corresponding with Jeff. A couple years ago I fell ill with a grievous mold illness and about 1 year ago I hit a low point and was near to death and jobless. When Jeff learned of my condition, through a mutual friend, he started calling me on a daily basis using his limited resources to encourage me, engage in Christian fellowship and prayer. My point is Jeff had no hope to have any worldly gain from me in my sick to death state, yet he gave of his time and

resources to encourage me. He has repeatedly demonstrated he is a selfless servant of the Lord Jesus. Jeff has demonstrated a profound knowledge of God's word and strives to apply the same to his life in service of his fellow man.

Sincerely,

William Cullum
