Dear Attorney Dotson,

Attached is my notarized Affidavit and along with my friend, Editha's notarized Affidavit. We are sending these Affidavits to you because we are in support of Anthony T. Williams, as we have been advised that you are assisting him with his appeal process. We are one of the "We the People," who are very concern and very upset about the result of Judge Kobayashi's rulings at the sentencing of Henry Malinay and Anabel Cabebe. Judge Kobayashi's rulings did not resonate in our hearts and in our spirit. By remaining to be silent and not tell the truth, as to what we know about Henry and Anabel, is worse than "turning a blind eye" and allowed or condoned their ill intents to get away with their lies, their perjury and their collusions made with their lawyers and the court system, as the court had unconstitutionally sentenced Anthony, for 20 years of incarceration, treated worse than a murderer. "We the People" will NOT and could NOT tolerate these injustices anymore, nor continue to "turn a blind eye" from their concerted efforts to make a fool out of lay people like us.

Ms. Dotson, as a designated Appeal Counsel for Mr. Williams, we believe that with your expertise, untiring efforts, compassion and kindness, in assisting Mr. Williams, we're strongly hopeful that you will work very hard to uncover the convoluted and the deceptive lies perpetrated against him, especially by those who prosecuted him, because we believe that Truths always prevails, for he surely is not the culprit of those allegations held against him. May it be that our Affidavits, will somehow, be a "guiding Light," to your path of uncovering the genuine truths on how Mr. Williams has been wrongfully misconstrued. We believe that Mr. Williams is an honest human being and because of his "trusting" nature and that his sincere love and willingness to assist the local people in Hawaii who were already faced with foreclosures before they seek his assistance, he was unfortunately, and very sadly, was taken advantage of by certain individuals whose greed and lust for money was their primary intent.

More and more, "We the People," are "waking up" to the gruesome and inhumane injustices being done by our government and judiciary systems throughout our country against "We the People," which are no longer being overlooked nor tolerated. These are widely evident in our current, chaotic geopolitical systems that can no longer be denied. "We the People" wanted Truths and equal justice for ALL.

We are hopeful and continue to have the Faith that there are still honest Lawyers left in our judiciary systems, like yourself, where lawful, and fair justice for all Americans in our country, could receive due process of the law, that the Constitutional Laws that our Founding Fathers implemented for "We the People" are upheld and respected to this day. Therefore, we are counting on your compassion and your expertise in assisting Mr. Williams, in his endeavor of winning his appeal process that he could be exonerated from all the wrongdoings being perpetrated against him.

Respectfully yours,

Dear Attorney Dolson,

Attached is my notarized Affidavit and along with my friend, Judge's Notarized Affidavit. We are sending these Affidavits to you because we are in support of William T. Williams. We were first made aware advised that you are assisting him with his appeal process. We are one of the "We the People" who are very concerned and very upset about the result of Judge Kobayashi's rulings on the sentencing of Henry Maloney and Anibal Colvete. Judge Kobayashi's rulings did not recognize what happened in the court. By remaining to sit silent and not tell the truth, as to what we know about Henry and Anibal, is more than "turning a blind eye" and allowed or condoned their ill-treatment and mistreatment. Their perjury and that conduct was made with their lawyers and the court system as the court had unconscionably sentenced Henry, for 20 years of imprisonment, treated worse than a murderer. "We the People" will not and would not tolerate these injustices anymore, but we should be "turning a blind eye" from their intended effects to make a fool out of the people who sit.

Mr. Dolson, as a designated Agent Counsel for Mr. Williams, we believe that with your expertise, writing efforts, compassion and kindness, in assisting Mr. Williams, you are strongly in perjury and will work very hard to prevent the re-evaluated and the deceptive lies perpetrated against him, especially by those who testified against him, because we believe that Truth always prevails, for he surely is not the culprit of these allegations made against him. May it be that our Affidavits will somewhat, like "bringing Light" to your path, preserving the genuine truths on how Mr. Williams has been wrongfully misjudged. We believe that Mr. Williams is an honest human being and because of his "humanity" nature and that his sincere love and willingness to assist the local people in Hawaii, who were wrongly faced with foreclosures before they seek his assistance, he was performing acts, and very sadly, was taken advantage of by certain individuals whose greed and lust for money was their primary intent.

More and more, "We the People," are "waking up" to the injustices and inhumane injustices being done by our government and judiciary systems throughout our country against "We the People" who are no longer to be overlooked nor tolerated. These are widely evident in our current, where governmental systems Law can no longer be denied. "We the People" wants Truth and real Justice for All.

We are hopeful and continue to have the Faith that there are still honest lawyers in our judiciary system, like yourself, where lawful and fair justice for all Americans in our country, through our process of the law, that the Constitutional Laws that our Four-Big Fathers imply justice for "We the People" are upheld and respected to this day. Therefore, we are counting on you, in particular, and your expertise in assisting Mr. Williams, in his endeavor of winning his appeal process that he could be exonerated from all the wrongdoings being perpetrated against him.
