PO MAFIA #20, of the DEEP STATE (07 JUL 2023) (This is TEXT OF a 07 JULY 2023 SNAIL MAIL that has the EXHIBITS mentioned herein attached):

* The enclosed CORONER'S REPORT is about John WOELFEL who was helping me. 6-months before he was killed, 2 FBI AGENTS "VISITED" him near the place where the "ACCIDENT" occurred and asked, "Why are you writing Northington"? These FEDS also asked him why he was writing a common friend, who I write every 6 to 12 months, who had asked the Parole Board to release me in 2004. John had offered me a place to stay upon release. John was the 3rd friend helping me who was killed in the last 36 years.

* In the 1990s, my 1st friend killed while helping me had been VISITED by feds or police before he had an "ACCIDENT" caused by "MECHANICAL FAILURE" of his transportation vehicle. In AUGUST 2002, someone had attempted to simultaneously cause an "ACCIDENT" to the common friend and my brother in 2 locations about 100-miles apart. Deliberately created "MECHANICAL FAILURE" was the modus operandi in the 2002 events of attempting to cause the "ACCIDENT" to my common friend and brother. In 2005, my 2nd friend killed while helping me was "ASSASSINATED". See enclosed Jackson Citizen Patriot news article. My 1st late friend would have been a witness to prove me innocent. My 2nd late friend would have helped me get released with a place to stay and job.

* A 4th friend helping me was "T-boned" by someone not stopping at an intersection. I don't have enough info to call this anything but a real accident but it feels like PTSD in regards to those who help me.

* My youngest sister died from ??? ACCIDENTALLY ??? being given Penicillin to which she was allergic by a doctor who knew of the allergy. A prison guard told me a story about this before it happened in a very strange manner. My sister went into a 3-month coma, then died years later, on 21 JUNE 2017, from poor health after the coma.

* I am doing well since God opened the 100% blockage on my Right Coronary Artery. My paralyzed Left Leg is next, after the blockage of blood flow behind my Left Knee is fixed. I hope you are doing well.

. May God Bless and Protect You All!!!
