30 SEP 2019

Dear Rudy & Erin,,

The above is a copy of my handwritten note to Nurse Practitioner Susan H. Wilson who I was scheduled to see at 1150 hours on 20 SEP 2019. They cancelled the appointment at 1000 hours. (I believe her husband is a doctor at War Memorial Hospital in Sault St. Marie.) On 24 SEPTEMBER 2019, they rescheduled me to see NP BRENDA L. BUCHANAN to whom I gave the same note.

Nurse Practitioner Brenda L. Buchanan put in a request, based on my 31 JULY 2019 MRI, for a "neurosurgeon consult" on back surgery. On 24 JUNE 1996, a jailhouse snitch working for then Deputy Warden Allen Gary Haigh (who lost his job) did an assault and battery that fractured 3 of my Thoracic Vertebrae and ruptured 3 Lumbar Discs. I may finally get corrective surgery after years of pain and dysfunction caused by this.

NP Buchanan also put in for surgery on an inguinal hernia that occurred in FEBRUARY 2018 around 0200 hours while I was sleeping. This showed up as an inguinal hernia during the 31 JULY 2019 MRI on my Lumbar Spine. Dr. Charles S. JAMSEN (Jackson, MI) refused to request surgery in 2018. An inguinal hernia can turn into GANGRENE within 6-hours when it pops out. I pushed the hernia in many times from FEBRUARY 2018 to SEPTEMBER 2019 to avoid getting GANGRENE and IMMINENT DEATH therefrom. JAMSEN endangered my life but, hopefully, relief is soon to come. Thank You, Jesus.

The 27 to 29 AUGUST 2019 transfer was intended by the PUBLIC OFFICE MAFIA, inter alia, to delay or deny me surgery for the hernia, back and left leg, and possibly to cause my death. MATTHEW 7:12; LUKE 6:38; PSALM 91 & 105:15.

I'm thoroughly enjoying the BLESSINGS with my Friends and Family of Christ who are here. PTL!!!

May God Bless You All! Gary M.
