Greetings.

Hope this letter finds you in the Best of health and spirits.

Sorry ya'll for not sending no mail recently, but you know how I'm treated here in Sunny Florida, this counts as my 28<sup>th</sup> prison in 4 years here & supposedly this is <possible> my final stop till the good old Fedrales come to get me for my last 5 years... Sheesh - it's been a bumpy Road.

Let Me Give a brief testimony here a little to the ones who are not sure that God is Real, or that Jesus truly walked amongst us.

Just a few years ago, I ran the FIA Chapter of one of the biggest - Deadliest Street Gangs in the States, I've broke every Law known to man, other than hurting a woman or child in anyway - there's not a crime I've not committed I don't think..

Drugs, Guns and organized Crime was my whole life from the tender age of 13 and I rapidly grew Rank for many of years as being the the Captain & chief violator of the Southern States.

I ran Dope in the prison system where I had all the administration in fear of not bidding my demands of looking the other way on our illegal moves & yes - Hits...

Gangland T.V Show was turned Down 12 times to do an episode on me and my collections & leadership..

2.

There's not a law that was not broke that was passed down By the Father.. (not one) I was the most Evil one who thrived off of others pain & Fear.. simple..

A child opened my eyes, A child opened my heart and got me to my knees..

I've not ever cryed as I did when I sought our father christ.... I was a spirituly broke man, a sinner as not many people can comprehend in there lifes..

I hurt so bad, Tears and snot and vomit spewed from my body as I was on my knees begging God to please forgive me, to take away these sins to take my life away for I dont want it no more.

TO please Remove this pain so I'll not hurt no more.. my heart hurt bad ya'll, & I never felt Remorse as I did that

3 hours upon my knees screaming in pain..

I took on the Lord and lost,, he broke me to the point I was as fresh as a new born child ya'll,, I humbled myself and Allowed Christ into my body, my heart and Gave the Father my soul..

That was the most hardest thing to do Family,, The hardest thing to do for me was to admit that I was weak, that I hurt & needed help, that I needed God.

Has it been easy?

Sheesh, of course not...

My "ex" brothers try'd to Kill Me by  
stabbing Me to Death, my neck  
back and legs, Stomach was stabbed,  
eye socket Stattered, Jaw broke and  
Im permittly protected from GERAL population  
in Florida prison...

I've been Attacked over 8 times and  
Moved to over 28 prisons because of  
who ~~was~~ I am and the organization  
I Denounced.

I write letters to GERAL population to  
Recruite christ believing brothers to  
put down there collors "Rags" and  
to pick up the cross, to join me  
in Christs army, 'that theres a  
much better way of Life...

The Lord opened my eyes to so much  
these last few years that Im ashamed  
that Ive not followed him my entire  
Life...

I lost and Gave up everything I had  
in posessions on this earth, a female  
who I thought I loved turned away  
to walk in the spotlight of a member  
of SANTANS GANG instead of Christs  
army...

I turned my back on people Ive known  
for over 30 years to pick up this  
cross and follow Jesus.

Im Like that fisherman christ said  
(Drop that net & follow Me)  
I Did So " and Praise Jesus.

4

Im so proud to be here today ,, basking  
in the fathers Glory..

Im honored to be forgiving by the  
Father, to be able to just sit here  
and reach out to brothers and sisters  
around the world.

To be able to have met brother and sister  
Rudy and Erin Davis,, who belssed me  
with so many friendships, people who  
I truly care about in my life who teach  
me about God's ways .....

Please, if anybody would like to write  
to me, feel free.

Richard Franklin

I need to hear from brothers & sisters please !!

I need ya'll's correspondence and insights..

There is a God, there is a Jesus  
and he loves ya- all and will forgive you  
of all wrong.

Do trust this ya'll.. it's true.

I love you to and you all in my  
prayer...

your brother.
