Dear friend [REDACTED]

GREETINGS! I pray you're well and The Lord's presence is a comfort. It was so good to have your recent letter. Many interesting things in the meantime. Knowing the words, I trust such would not surprise you.

I have been abruptly moved from CMU in my 11th year, without notice. I had shared my answer to appeal of the International Court on the inferior law-clerks, so-called judges along with certified copy of a recent foreign appointment - less than a week, in dishonor of the Court's Order, still due honor, I'm shuffled over here and coerced by threats for the ~~appt~~, void on its face signature. Clearly the superior treaty court has those who resort to abuses for continuing culture of lawlessness and corruption. As to no avail as our Lord Jesus, the Christ is in total control. I suspect the Court will secure proper intervention and honor for its honorable Orders and directives. Our Lord Jesus will surely see to it.

Did I ever identify the three cases corruptly and fraudulently leveled against me ever? In North Carolina 5:96-cr-00034-BR~~4~~; then Montana 1:95-cr-00117-M; and last Western Dist. of Oklahoma, CR-07-154-D(T) or 3:15-cr-00154-D(T). And of course my appeal to the International Aboriginal Court over rides them all, not to mention their honorable settlements in 2001. Can you believe it? 2019 and I'm still being unlawfully detained - and no, I've NEVER consented - ^{ever} been coerced by threats, duress and coercion, yes! That's largely why the just secession is the Int'l Court.

I just received a catalogue from Christianbook Distributors. These are largely geared for church suppliers, with an Easter theme. Many bulletins for printing for worship services, so many! They are: Christianbook.com. 🙄

As I'm writing, I must wait for my Bibles and my property for arriving — maybe 2 weeks or more. They are only a few steps away but unlawful censorship may occur.

I just learned from a lifelong "former" Mormon, how the rituals common for temple worship are exact, as in Free Masonry. How nice! 🙄 Kind of like Federal looks as if legit but it is NOT United States government. How many are fooled? How will they endure the coming storm? The TRUTH must be revealed and honored! 🙄

Thankfully I have my pocket KJV Guideon's text. It allows me to continue with the jobs even under these conditions. (The rest; what a mess in the gulags!)

Such injustice! Forcefully shuffling one around to avoid honoring the TRUTH and the law. The TRUTH is certain to win all. It is kind a like KJV/AV vs. all the other mess.

This catalogue even offers war powers flags for the 501(c)(3) bunch. O' my! 🙄 Caution: consumers.

Here, you would never imagine what people are dragged into and how they're abused — 21st century terror against "We-the-People", absolutely. When the Treasury cashes in on this massive corruption and abuse; it multiplies.

I wrote the Court and called for intervention for honor of the Order. Nothing less should be allowed to prevail. And clearly the Appellant is in no position for completing honor by himself. Judge/Chief Stamp, Sr. may well call on intervention

The Lord Jesus certainly has plenty of work for us, as the whole people have a sore abundance of evil being doled out. Surely it is due time for repentance and calling on the name of The Lord Jesus, the Christ, Amen. 😊

I was just thinking of this unconscionable waste! Not only all of these 10s of 1000s of people imprisoned, but 10-20 times that many producing "NO THINGS" putting others in prison and keeping them there. Yet, they all want the groceries, clothing, transportation, housing... on and on for their "nothing". It is at or near critical mass. Wheelbarrows full of money — "nothing" to eat. Satan never had it so good!

May the Word, the Love of Christ, the Holy Spirit bless you and keep you — Rome is doomed.

With courage; love of Christ,
your friend and fellow
worker in The Kingdom,
rex - russell - sean
