<!-- Application Structure Plan:
  The app is designed as a "Manifesto Dashboard" for potential investors or partners.
  1. Hero Section: High-impact thesis statement ("Receiver" vs "Pathology").
  2. The Paradigm Shift (Research): A 3-column layout comparing historical archetypes (Rishi, Tesla,
  Prophet) to validate the core thesis.
  3. The Ecosystem (Business Model): Interactive cards detailing the 3 Divisions (Acoustics,
  Academy, Sanctuary).
  4. Financial Architecture (Data):
    - Value Ladder: Horizontal Bar Chart showing the price progression.
    - Risk Analysis: Bar/Scatter chart showing Probability vs Impact.
  5. The Timeline (Strategy): Vertical timeline for Entry -> Exit strategy.
  6. Idea Bank: Grid of specific products.
  This structure moves from "Philosophy" -> "Execution" -> "Financials", mirroring a pitch deck flow.
-->

```

```

<!-- Visualization & Content Choices:
  1. Research Synthesis: Text Cards. Goal: Inform/Connect. Chosen because complex historical
  context needs reading, not charting.
  2. Value Ladder: Horizontal Bar Chart (Chart.js). Goal: Compare. Justification: Shows the steep
  climb in revenue potential per user clearly.
  3. Risk/Probabilities: Bar Chart (Chart.js). Goal: Compare. Justification: Clearly visualizes the
  likelihood of market variables.
  4. Strategy Timeline: HTML/CSS Vertical Layout. Goal: Change (Time). Justification: Linear
  progression best suited for timelines (No SVG allowed).
