

I will generate a single-page HTML application that visualizes "The Neuro-Bridge Initiative" business proposal.

Plan & Narrative Structure

1. **Header:** "The Neuro-Bridge Initiative" – A high-impact hero section introducing the concept of cross-neurotype optimization.
2. **The Problem (Visualized):** An HTML/CSS reconstruction of the "Translation Gap" schematic, illustrating the friction between Neurotypical (NT) and Neurodivergent (ND) minds within a rigid system.
3. **The Hidden Tax (Data):** A **Donut Chart** visualizing the "Cognitive Churn," showing how 60% of ND energy is lost to "masking" rather than productive work.
4. **The Solution (Operational Micro-Adjustments):** Interactive-style cards explaining the "Rosetta Stone," "Traffic Light Protocol," and "User Manuals," utilizing a vibrant color coding system.
5. **Financial Impact (Analysis):** A **Grouped Bar Chart** displaying the Cost vs. Benefit analysis across four key categories (Implementation, Productivity, Recruitment, Management), highlighting the 10x ROI.
6. **Policy Roadmap:** A structured list section detailing the "Triple Empathy" fixes (Camera-Optional, No Agenda No Meeting) required to cement the change.
7. **Conclusion:** A summary statement reinforcing the "Retention Arbitrage" and "Innovation Premium."

Visualization Choices (No SVG/Mermaid)

- **The Translation Gap vs. The Bridge:** I will build this using **Tailwind Grid and Flexbox** with CSS borders to create the "flowchart" boxes and connectors, strictly avoiding Mermaid JS and SVG.
- **Cognitive Energy Distribution: Chart.js Doughnut Chart.** Justification: Best for showing a part-to-whole relationship (Energy Budget).
- **Cost/Benefit Analysis: Chart.js Grouped Bar Chart.** Justification: Best for comparing two distinct values (Cost vs Return) side-by-side across multiple categories.
- **ROI Indicators:** Large textual metrics styled as KPI cards.

Color Palette

"Electric Innovation" Palette:

- Primary Blue: #2563EB
- Vibrant Cyan: #06B6D4
- Success Green: #10B981
- Alert Orange: #F59E0B
- Background: #F8FAFC
