The Keri Anne DeMott Foundation

ORGANIZATIONAL SPONSORSHIP OPPORTUNITIES

The Keri Anne DeMott Foundation was established in memory of Keri Anne DeMott, who was killed at just 20 years old by a multiple DUI offender.

Today, we honor Keri's life by working to prevent other families from experiencing similar tragedies. Through education, advocacy, community partnerships, and victim support, the Foundation encourages people of all ages to understand the impact of the decisions they make both behind the wheel and in their daily lives.

Our mission is to reduce traffic incidents through prevention and intervention programs that increase traffic-safety education while emphasizing personal accountability for the decisions made in our daily lives and relationships.
