

SPECIAL RULES and ELIGIBLE CRYPTANTHUS for CRYPTANTHUS SOCIETY SHOW AWARDS

Compiled by

Geoff Lawn, Carole Richtmyer, Larry Giroux, Derek Butcher, Ed Edmiston

Revised by Larry Giroux—January 2025

Rules adopted 26 Oct 1989, revised 31 Dec 2006 and revised 20 Sept 2009

Lists adopted 26 Oct 1989, updated 31 Dec 2006, 14 Sept 2009,

Sept 2014, 12 Jul 2015, 10 Jun 2016, Jun 2017, May 2018, May 2019, Sept 2021, Apr 2022, Oct 2023 and May 2024.

1. Open annually to all Bromeliad Societies which are financial member Affiliates of the Cryptanthus Society.
2. An Award-winning exhibit may be single or multiple, blooming or non-blooming.
3. Only the above exhibits are eligible for the Warren Loose Best Cryptanthus Group Hybrid Award and/ or the Bob Whitman Best Cryptanthus Group Species Award and MUST be shown in standard containers, e.g. clay, plastic, unglazed bonsai , unadorned dish garden containers or self-watering pots. Decorative containers, artistic arrangements, terrariums or mounted exhibits (exhibits growing in / on wood, tree fern, rock, etc.) are NOT permitted to win either Cryptanthus Society Award.
4. Best Hybrid Cryptanthus MUST be given to an exhibit (subject to Rule 7) which has been at least one of the following:
 - A. registered or listed in the Bromeliad Society International's Bromeliad Cultivar Registry.
 - B. listed by parentage (formula) if an unnamed hybrid.
 - C. hybrid published in the Cryptanthus Society Journal with color photo and description.
 - D. published in the Cryptanthus Society's Cumulative Reference of Cryptanthus Cultivars (1992) where parentage is listed.
 - E. listed in the approved, updated Hybrid checklist (2023) printed herein.
5. Best Species Award MUST be given to an exhibit (subject to Rule 7) which has been at least one of the following:
 - A. a validly published taxon listed in Bromeliad Binomials (2008), compiled by the Bromeliad Identification Centre, Marie Selby Botanical Gardens, Sarasota Florida.
 - B. a described, named Cryptanthus Group species, species variety or species forma printed in a botanical publication.
 - C. Cultivars of species are ONLY eligible for the Best Species Award. The approved, updated list (2023) of named species cultivars herein and periodically updated lists are eligible to win the Best Species Award. Various color forms of described species are eligible, even though unnamed cultivars. e.g. *C. bahianus* (red form), *C. cf. bromelioides* (red, silver, lavender, copper form)
6. Identification numbers and collection numbers are acceptable on entries but must be accompanied by the relevant species, species cultivar or hybrid name, when known, to be eligible. By a vote of the CS Board of Directors in September 2009, a motion was passed that non-identified numbered cryptanthus will be eligible for the cryptanthus awards when entered with a listed "numbered cryptanthus" name (i.e Cryptanthus 'SE-8'). BAB's, Bello's, SE's and SEL's numbered cryptanthus are eligible for the CS Best Species award. All other unidentified numbered cryptanthus on this list will be eligible for the CS

Best Hybrid award.

7. To qualify for the Cryptanthus Society Awards, a plant MUST be a blue ribbon entry or higher. In a Standard BSI Show a plant MUST be an Award of Merit Winner.
8. If a Judges Section is included in the show which has exhibits which meet the required criteria, they shall be eligible for the Cryptanthus Society Awards.
9. Affiliates are requested to photograph the winning entries for publication in the *Cryptanthus Society Journal*. In addition photos of other winning cryptanthus entries (i.e. divisions, sections, artistic categories and their pertinent information are solicited for publication.
10. Affiliates are required to fill out the Affiliate Show Report and should include decorative containers and artistic arrangements in the total number of Cryptanthus exhibits in the show.
11. Show Reports MUST be returned to the Cryptanthus Society Affiliate Show Chairman within 20 days from the close of the show for inclusion in the *Cryptanthus Society Journal*.
12. The Cryptanthus Society Show Awards packets are presented as a service to member Affiliates of the Cryptanthus Society to promote the exhibition of the Cryptanthus Group Plants. The Affiliates' Chairperson shall send one Show Packet free of charge each year, upon request, to an Affiliate in good standing with the CS.

This shall include: one each of Best Species and Best Hybrid Award plaques; list of eligible plants; rules, report forms and a master copy of the Cultural Flier for reproduction. Cultural Fliers may be ordered at cost plus postage, both for U.S.A and International Affiliates from the Society's Sales Chair person. Additional Cryptanthus Society Awards Packets may be ordered at \$30.00 each, plus postage.
13. Affiliates failing to comply with the rules or those who do not return the completed forms will be denied the free-of-charge awards packets for a period of one year. Affiliates wishing to give the show awards during this year shall be required to pay \$30.00 for each packet plus postage, subject to all rules as outlined.
14. Non-affiliated Plant Societies (Bromeliad, Garden Clubs, etc.) may request Show Packets from the Affiliates' Chairperson at \$30.00 each plus postage in order to award the CS Awards at their Shows; however, they are also subject to all rules as outlined (excepting Rule 1).

Please note that as of 2017 and 2022 major revisions of the GENUS CRYPTANTHUS were published by Elton Leme et al. The *GENUS CRYPTANTHUS* has been divided into 5 GENERA (the Cryptanthus Society refers to these 5 Genera as the "Cryptanthus Group". This Eligibility List DOES reflect those changes except for new bigeneric hybrids resultant from these changes.

Cryptanthus Hybrids

	'Aurora'	'Black Prince'	'Burgundy Ripple Kay'
	'Australian Sunrise'	'Black Raspberry'	'Burl'
'Absolute Zero'	'Autumn' (syn. 'Couters #50')	'Black Star'	'Burnt Copper'
'Admal'	'Autumn Glow'	'Black Sunset'	'Burnt Offering'
'After Dark'	'Autumn Kay'	'Black Tie'	'Buttermilk Sky'
'After Dusk'	'Autumn Leaves'	'Black Tiger'	'Butterscotch'
