

IT'S TIME FOR A REVIVAL IN AMERICA FOR MEN

YOU CAN HELP BRING MEN BACK TO JESUS CHRIST! I believe that God is working in the hearts of tens of thousands of men in America today and He is preparing them to bring change to our world and place Jesus Christ in His rightful place.

For the past several years we have been working with church leaders throughout the country to create and launch a new national men's ministry, **In The Zone**. Our first event "*GameDay 2019*" will be Saturday, March 30th, 2019. The live event will be held in one of the largest churches in America, Champion Forest Baptist Church in Houston, Texas. The great news is your men won't have to travel to Houston because you can host this exciting simulcast at your church! This will be a fantastic opportunity for your men to invite their friends to listen to some of the most successful Christian men in the world right in their own church.

I know the Holy Spirit will speak through our guests as they encourage today's men to live their lives for Christ Jesus. With a roster full of many of the most recognized Christian speakers in our country, this event will kick off a year of discipleship that will shape our culture for generations to come.

Will you consider hosting this incredible event in your church? Will you also consider forwarding this email to other Christians, church leaders, and especially pastors and encourage them to check this out? You have received my "*Daily Huddle*" devotionals over the past few months, and hopefully, by now, you have gotten to know us and our heart for Jesus Christ.

We have a passion for men in the prime of their lives that are not attending church and don't have a relationship with Jesus Christ. We also are dedicated to seeing Christian men grow in their faith. It is time for a revival for men in America, and you can help make it happen.

I prayerfully ask you to help us bring back men to Jesus Christ.

Joe,
In The Zone Ministries
