Annual Conference News

Dear Members, due to the Covid-19 Pandemic, the 2021 in-person Annual Conference that was going to be held in Orlando, Florida, has been cancelled. However, the Alpha Phi Sigma Executive Board is planning a virtual conference to be held on April 16-17, 2021.

The virtual conference is an abbreviated conference open to all members and will include Scholarships and Awards Ceremony, guest speakers on Cyber Crime and much, much more. Stay tuned for the conference program coming soon.

Keep up on the Alpha Phi Sigma news by going to our website at <http://www.alphaphisigma.org>

The website has upcoming events, chapter information, applications and a great APS official merchandise shop. Check it out!!

Executive Board Meeting

The Alpha Phi Sigma Executive Board meeting was held virtually on September 25-26, 2020.

The Board had a tough decision to make regarding the 2021 annual conference in Orlando, Florida. As Covid-19 case appeared to decrease in the late summer months, healthcare officials stated that there would be a surge in cases for the holidays. The APS Executive Board decided to cancel the in-person conference and ACJS soon followed with their decision to also cancel their in-person conference.

The decision led the board to discuss plans for a virtual conference. The details are still preliminary but the virtual conference will be held on Friday, April 16 and Saturday, April 17, 2020. The two-day conference will feature guest speakers on Cyber Crime and our Scholarships and Awards Ceremony. Other events such as the College Bowl and Crime Scene Investigation are being considered, as well as other activities that members will enjoy.

Please stay tuned to the Virtual Conference Program which will become available in early Spring 2021.

ATTENTION ADVISORS & STUDENT MEMBERS Membership Processing & Honor Regalia Orders

During COVID-19

NOVEMBER 2020—Due to the uncertainty of colleges and universities once again closing their campuses or using remote learning for the semester, Alpha Phi Sigma will continue to work with each chapter advisor to determine the best course of action for fulfilling membership applications and honor regalia orders this coming fall.

Alpha Phi Sigma remains committed to customer service. We will make sure students continue to receive their membership packets and honor regalia orders in a timely fashion.

For those advisors who will be working remotely, **we will continue to receive applications and orders via email.** We will invoice the student directly and ship to their home, if necessary, but students will have to pay the additional shipping and handling fee. For advisors at schools that are open, we will continue the standard method of shipping to the advisor at the school. Knowing that things may change at any time, we ask that you keep Headquarters informed of closings and shipping alternatives.

The current application for “online students” stipulates that we will ship directly to the member for a \$10 shipping and handling fee. We will use the same method for students who will not attend campus due to closures. Although we wish we could ship for free, APS is one of many non-profit organizations being financially impacted by the pandemic with furloughs and loss of revenue. We count on membership and regalia orders for sustainability through the steadfast support of each and every advisor and member.

Honor Regalia orders will also be received via email from the advisor. We will invoice the member and ship directly to their home. Each student must complete an order form and include S&H listed on the form.

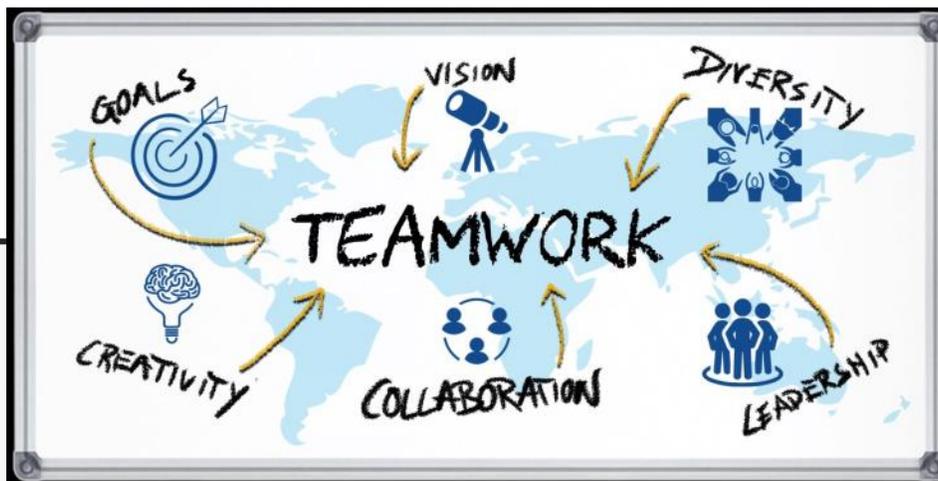

For students completing an application and ordering Honor Regalia at the same time, we will waive the S&H for the regalia. The shipping charge for the membership materials and regalia (regardless of pieces ordered) will remain at \$10.

Induction ceremonies, chapter meetings, and even community service projects are being conducted via zoom by many of our chapters. If your chapter has had success with one or more zoom meetings, please share the details with us so that we can share them with all our chapters.

Scholarships, Awards, and Grants will be accepted until the January 2021 deadline.

We are here to help you in any way we can and hope that we will continue to sustain our organization post this pandemic and for the next 80 years.

Thank you for all your support. Stay safe and healthy.

The Covid-19 Pandemic has caused turmoil in most states, at homes, nursing homes, work places, schools, and much more. As the country strives to reopen we cannot deny this “new” normal may be with us for a while.

When most colleges and universities closed back in March of this year, professors and students were sent scrambling to complete their semester classes online. A new learning curve began—one we are just beginning to settle into.

For Alpha Phi Sigma chapters, the pandemic created a disconnect in Unity, Leadership, and Community Service. For chapter advisors and members trying to close out the Spring semester, this became an unprecedented and arduous chore. Now, in the Fall we are seeing the same urgency and cases rising. Alpha Phi Sigma Headquarters stepped in and made sure that support for advisors and members alike was sustained, even through returns of packages, lost mail, and frustration over membership and regalia orders. Advisors became aware of the steps Alpha Phi Sigma Headquarters was taking to make sure that membership applications were received by email, students were invoice directly, and all was shipped directly to members when necessary.

We all adapted to a new way of doing things and it worked. Chapters and Headquarters alike were successful in fulfilling all membership and regalia orders. But what about chapter communication and activities? We don’t have to go further than the next few pages of this newsletter to see that students and advisor have an uncanny ability to adapt. Chapters found new innovative ways to have meetings and communicate, even have induction ceremonies on Zoom or Microsoft Teams for new members. Chapters also found ways to adapt service projects to the “new” normal.

Community Service, one of Alpha Phi Sigma’s ideals may seem to be restricted in these unprecedented times, but when you think about how much the community is suffering, now more than ever, we need to show solidarity for students who are struggling, the less fortunate, the sick, the front-line workers, the doctors, nurses, hospital employees, rescue workers, and those who put themselves in danger every day to keep the rest of the community safe. Many chapters have found ways to navigate the “new” normal and that is why we need your help!

We’d like to hear from you about the innovative ways you keep the chapter moving forward through this pandemic.

- * Please share with us so that we may share it with all chapters, the good, the bad, and the silly. Share what your chapter has done or is preparing to do this Fall or coming Spring.
- * How are you keeping all members engaged while maintaining physical distance?
- * How is the chapter engaged in a service, especially with so much needed during this time?
- * How is your chapter conducting, or will conduct, a wonderful induction ceremony online?
- * How will your chapter prepare for Fall/Spring graduation?
- * How have the leaders of the chapter stepped up and involved all members with communication?
- * As we end the Fall term and soon prepare for the Spring term, with many campuses closed or students learning remotely, how will your Alpha Phi Sigma chapter step up to the new challenges?

Send us a description, pictures, even a video of the mechanisms your chapter will employ to move forward and uphold the ideals of Alpha Phi Sigma . . . Leadership, Service, Unity.

Please post your events on our social media platforms so all chapters can see what your chapter is doing.

And don’t forget to share with Headquarters so that the stories may be featured on our Docket!!

And please stay safe and keep your loved ones safe.

A WORD FROM THE

EXECUTIVE OFFICERS

"Hello members of Alpha Phi Sigma! This year has been strange and unprecedented, and we are so sad that we don't get to see everyone in-person at conference this year. We are hoping that you all are being safe and taking care of yourselves!

We are so excited to be a part of Alpha Phi Sigma's FIRST EVER virtual conference and can't wait to hear and see from members and chapters from all over! Everyone is working so hard to make sure that we make this the best virtual conference that we can and we can't wait for you to be a part of it.

We hope everyone continues to stay safe and we'll see you all (virtually) in April."

Gamma Rho Chapter

The members at the Gamma Rho Chapter at California State University, Fullerton held a virtual game night of various online games to help relieve our members' stress from midterms. We played 'Kahoot!' (a quiz-based game) all together to test our knowledge in pop culture and some unique laws in the US. Then, we broke into breakout rooms of 3-4 members per room to play '2 truths and 1 lie' and 'Who can help Cinderella Escape?' (an online, puzzle game). We raffled a few e-gift cards to our members, so they can treat themselves to some goods after a stressful couple of weeks and, for most, semester. Our goal was to help our members get to know each other during this pandemic, so they know that they can rely on each other and Gamma Rho for support.

West Chester University of Pennsylvania

Nu Beta Chapter

Having classes online has been difficult for most students and being away from campus has left some feeling disconnected from their campus community. To combat this, the Nu Beta chapter has partnered with WCU's Office of Wellness Promotion on their distribution of wellness boxes. These boxes contain gratitude cards, positive affirmation cards, stress balls, handwritten notes, and other items to help uplift the spirits of our fellow students and feel supported by our campus. Through this service, we want to remind students that no matter how far apart we are, we're still in this together.

Below are photos of NAMI on Campus and Nu Beta students setting up their "Pay it with a Post-It" encouragement table. The event has drawn quite a number of supportive passers-by, as they have left behind an abundance of positive/encouraging post-it notes for the student body.

University of Guelph-Humber, Toronto

Phi Epsilon Chapter

The executive team for the Phi Epsilon Chapter, located at the University of Guelph-Humber in Toronto Ontario, has been hard at work planning events for the 2020-2021 school year.

This fall, the team plans to host online events that will provide society members and rookies an opportunity to network with industry professionals, learn about employment options, and expand their knowledge regarding all aspects of the criminal justice system.

The fall semester events include: First Meeting, Coffee with a Cop, and Wrongful Conviction Day.

Phi Epsilon's executive team is very excited to have the opportunity to meet and work with current and incoming members of Alpha Phi Sigma, whether in person or in an online capacity.

Stay safe and healthy Guelph-Humber and we will see you in the Spring!!

Alpha Phi Sigma
The Criminal Justice Honor Society
Est. 1942

On Thursday, September 17th, the University of Guelph Humber's Phi Epsilon Chapter held their Annual First Meeting and Orientation on Microsoft Teams. Over 70 members, rookies, and faculty were present to hear from guest speaker Danique McGregor, a correctional officer from Peace River Correctional Centre located in Alberta, Canada, and to launch this semester's schedule of events.

Faculty members Dr Glenn Hanna and Jessica Pilfold also had the opportunity to introduce themselves. The executives had a wonderful time meeting the members and rookies and were very impressed by the energy that was brought by all.

Requirements for chapter membership, rookie enrolment, and upcoming events were discussed.

All events for the fall semester will be delivered remotely. Time engaged with online chapter events and with working on organizing events will all count towards chapter (and rookie) hours. The bright spot with remote delivery is that we have access to guest speakers from across the country. This will be seen in our 7th Annual Wrongful Conviction Week- a very popular event with internationally recognized wrongfully convicted guest speakers and other awareness events.

Everyone is very excited to continue this semester and they can't wait for the next event!

Alumni Around the World

U.S. Marine PVT Howard Miller came home after 77 years KIA during WWII

Golden Alumni Bill Nay had the Honor of participating in the Escort of PVT Howard Miller, USMC. PVT Miller was Killed in Action on November 22, 1943 on the island of Betio in the Tarawa Atoll. His remains were not recovered until September 2019 and sent to the DPAA Laboratory in Hawaii for identification. Bill Nay stated "We were Honored to meet his sister and other family members and we met the flight from Hawaii and escorted them to Skyline Memorial Park." The San Mateo Police Motorcycle unit assisted with the Escort. Motor Officer Jason was presented with an Alpha Phi Sigma Coin.

GOLDEN ALUMNI BILL NAY

Stewards of the Coast and Redwoods

Volunteer Spotlight ~ Bill and Karen Nay

“Father Nayture” & “Mother Nayture”

Bill and Karen met in 1970 when he was stationed at Marine Corp Base Camp Pendleton. Bill had just returned from a tour of duty in Quang Tri, Vietnam. Karen’s father Raymond Latocki also served in the USMC in WW II, Korea and Vietnam. They were married in 1971 and will celebrate 50 years of marriage next year. Bill spent a career in Law Enforcement and National Security and Karen spent a career as a Registered Nurse.

In the 90’s Bill was assigned to a National Environmental Task Force created by Vice President Gore. He worked with 50 of the most prestigious scientist in America to assist them in getting access to environmental data in the federal government’s archives. The goal was to identify data bases that could shed light on the emerging issues of a global warming and climate change. Bill and Karen began teaching the Nature Merit badge to scouts at summer camp. On a hike in 1995 a young Scout called Karen “Mother NAYture”, with the accent on NAY because of our last name. The rest of the scouts chimed in and I became Father Nayture because I was married to Mother Nayture. The name stuck and we are still called Mother and Father Nayture.

When Bill and Karen retired they moved to Petaluma. They both started volunteer work with the Sonoma County Wildlife Rescue. In 2012 Bill aka “Father Nayture” was asked to conduct a seminar on the wildlife of Sonoma County as part of the Stewards lecture series. Karen came along as usual to assist in the presentation. We fell in love with the majesty of the Armstrong Redwoods and signed up as volunteers to lead hikes in the Redwoods.

Why did you choose Stewards of the Coast and Redwoods to volunteer?

Initially, we began to volunteer in the Redwoods because it was so beautiful and a great excuse to go for a walk in the woods. We quickly learned about the diversity of the outdoor experiences with the Stewards and began to attend the trainings and various seminars. We expanded our volunteer efforts from “The Forest to the Sea” as we started to assist with the Watershed Education Program, the Environmental Living Program and the Tidepool Education Program. Frequently, many of the local schools requested that “Father Nayture” come to the classroom when they could not take a field trip to one of the State Park locations.

What areas of interest are you concentrating on now?

The past couple of years most of our time has been supporting the Tidepool Education program. Most recently, Karen has spent many hours making facemasks to donate to the Stewards.

What improvements would you like to see at Armstrong Woods, and how would you go about improving the experience?

There needs to be more awareness of “Outdoor Ethics”. There are existing national programs that include “Tread Lightly” and “Leave No Trace”. We need to ensure that all our volunteers and staff are practicing the principles outlined in these programs and to include them in all of our presentations. By setting the example and making the principles visible to the public we will be able to help educate everyone to respect and take care of the planet, which is what it means to be a “Steward”.
