# Good Things

A PUBLICATION BY THE  
VOLUNTEER SERVICES COUNCIL

It has been a super busy few weeks here at Brenham State Supported Living Center! Not only did residents get to participate in a Mardi Gras parade and a glow-in-the-dark March Madness, they also got to partake in a huge Easter Egg Hunt! The Volunteer Services Council was able to provide **1000 eggs** for the residents to hunt, as well as Easter goodie bags for **EVERY SINGLE RESIDENT!** During the hunt, each unit got to dance to their favorite songs, as well as do some karaoke. It was so nice to see residents smile and laugh, as well as interact with others and have fun with staff that came out to join! Shout out to Active Treatment & The Recreation Department for making easter so enjoyable for not only the residents, but for us too!

The Days have been sunnier and residents have been out and about. From swinging on the swings, to riding around campus on their bikes, residents are definitely enjoying the Spring weather! Campus is still slowly starting to open back up, but there are still lots of regulations in place. Hopefully things will start to get back to normal soon!

We hope everyone had a fun and safe Easter, and we can't wait to see you all soon!
