

# Email Newsletter Agent Panel

Join 4 of our top agents to learn how they are generating leads, strengthening relationships, and building brand awareness through their email newsletters! We are going to be learning from powerhouse agents Beth Delrose, Grace Lamoureux, Bridget Carroll, and Anne Rosen! They are going to be sharing examples of their email newsletters and discussing the following:

- What platforms you can use to create and send your email newsletters
- How to track your open rate
- What content you should add to your newsletters
- How to use your newsletters to generate clients and receive referrals
- 

Bring your questions, as we will also have a Q&A at the end as well. We can't wait to see you there!
