

BUILD & EXECUTE

Solo Agent Series

Build & Execute is a **90-minute working session** for solo agents ready to turn ideas into action. Each session is structured to keep you **focused**, **accountable**, and **moving forward** — You'll review your numbers, revisit commitments, workshop real challenges, and set clear goals for the next 30 days.

You'll walk away with:

- **Clarity** on what's working (and what's not)
- A focused 30-day **plan**
- **Solutions** to real challenges
- **Accountability** to follow through
