

The line emanating from the line break in the header transects the word "kalasa" after the "ala" portion, and in the 17x17 grid, the location of Dalia Ali encoded also ends with the "ala" portion of the T. Furthermore, the slope from the "N" in "Ningishzida" also crosses the center of the "ala" sequence.

(2) The list of the kings of Sumer and Akkad mentions Gilgamesh as a king of Uruk. (2) As there is no reason to doubt the names of many of the other kings in that list, there is likewise no reason to doubt the historical existence of Gilgamesh. Moreover, since the name of Mes-anni-padda, the founder of the First Dynasty of Ur, is proved to be historical by his son's inscriptions, (3) it seems illogical to doubt the historicity of the First Dynasty of Uruk. Of course, the length of reign is legendary, but the names are not invented.

(3) There are omens connected with the name of Gilgamesh. *Amût Gilgameš*, "the omen of Gilgamesh," *amût Rimûs, amût arâm-Sîn, amût Šarâm-Sîn*, *amût Šarâm-Sîn*, *amût Šarâm-Sîn*. These omens refer to the ruler over the whole land.

"The omen of the usurper who shall become the ruler of the whole land." Gilgamesh became the ruler over all Babylonia after he had freed the country from Humbaba's raids. After he had turned to the west and conquered it he was the ruler of the world. All the other omens of Gilgamesh refer to his undisputed rule:

Dalia "all-ee" (Ali): Ningishzida Reincarnated.
