Commitment to achieving Net Zero: Pathway CPL Ltd is committed to achieving Net Zero emissions by 2050 in line with UK Government targets.

Pathway CPL Ltd supports safe and sustainable residential environments through proactive compliance services.

1. Baseline Emissions Footprint

As a growing SME established in February 2025, Pathway CPL Ltd is in the early stages of formal carbon measurement. This Carbon Reduction Plan establishes our baseline using available operational data.

Baseline Reporting Period: February 2025 – March 2026

Emissions Source	tCO ₂ e
Scope 1 (Direct – fuel, vehicles)	2.5
Scope 2 (Purchased electricity)	1.2
Scope 3 (Business travel, materials, waste)	3.0
Total Emissions	6.7 tCO₂e

These figures are estimated based on operational activity and will be refined as data collection improves.

2. Current Emissions Reporting

Pathway CPL Ltd will review and update emissions annually using management data and operational records. As the business grows, more detailed measurement tools will be adopted to improve accuracy.

3. Carbon Reduction Measures

Pathway CPL Ltd is committed to reducing emissions through the following actions:
