 - a. Timeline:
 - i. Practice - 50m @ 1500 EDT/ 1200 PDT
 - ii. Qualifying - 10m @ 1550 EDT / 1250 PDT
4. This is NAIR's second event. Technology is still being figured out. This first preseason event will be partially staffed. As a result, expect this to be a learning endeavor for the admin. The reason we are doing these Preseason events in the first place is to begin practicing, and preparing for the main season. We want to hit the ground running on the first race with a premium production. Which means that we need practice. So just bear with us for the first few please :)
5. This event is subject to a special prize. 1 Trak Racer TR40S Racing Simulator aluminum frame to the school's sim org who has a car win!
6. Entry is Free!
7. We require that you have a university livery with a NAIR Logo on it.
8. 1 Pit Stop required.
9. Balance of Power

Car	Fuel	Weight Penalty	Power Adjust
-----	------	----------------	--------------

NAIR

Acura NSX GT3 EVO 22	68%	7kg	-1.00%
