

WILD ENCOUNTERS

Group Visits & Corporate Events

At Wild Encounters, we bring learning to life with our exciting group animal encounters, offering a unique and interactive way for groups to meet a fascinating range of animals.

Each visit is delivered by two experienced animal handlers, ensuring a safe, engaging and fully interactive experience from start to finish.

Our team are passionate about animals and education, helping participants learn about wildlife, habitats and conservation in a fun and memorable way.

INTERACTIVE ANIMAL ENCOUNTERS FOR GROUPS

Our 1-hour hands-on sessions are tailored to the needs of your group. Participants will have the opportunity to get up close to a carefully selected range of exotic animals and, where appropriate, safely handle them under expert supervision.

These sessions are both educational and entertaining, giving groups the chance to learn fascinating facts about different species while interacting with amazing animals.
