## TO WHOM IT MAY CONCERN

I had the opportunity to study at M.E.A when I owned an auto repair shop named as J.B. Auto Motive Repair Shop in New Jersey (U.S.A). I found an extremely dedicated and knowledgeable staff headed by Mr. Dave Schaller who not only taught automobiles but also knew how to fix them. If I could not fix it even after their guidance on the phone they will personally come and fix the problem in the automobile.

I am American citizen.

I am son of the founder Shri Prabhu Dayal Bhatia, the school is named as Prabhu Dayal Public School in Shalimar Bagh Delhi (India) which educates about 2500 students.

I requested Bill Wilcox who owns M.E.A. to help us in starting automobile classes on internet as vocational subject in the said school. There is another project I am working on to get the permission from Delhi Government to educate children in India on automobiles for which a Diploma could be issued which will be recognized by the Delhi State Government.
