6/15-6/20/20

## Age Group Updates

### 8 and unders

The 8 and unders have had so much improvement in the last week! We've seen some swimmers begin to learn a second stroke for the first time and others have mastered the art of the flip turn! This weekend they will test their skills at Time Trials!

### 9-12s

This age group is quite the mix of swimmers and skills. They are in all 5 of our practices from the fastest lane at 8am to the beginner lanes at 10am, but they have the most spirit of any age group. This group is the most consistent at coming to practice and it will serve them well this weekend at Time Trials

### 13-15s

The 13-15s might not have the best attendance... but they are beyond thrilled to meet their Little Gators this week and help them at Time Trials this weekend. This group is beginning to bond with one another and are starting to become the leaders of the team that they've seen others before them be. Watch them lead cheers this weekend!

### Swimmers of the Week

This girl has been on the team for many years and is the only member from her family. She is a leader in her lane in the earliest morning practice and always has a positive attitude. No complaints are heard from her when the water is cold at 8am!

This boy is always making those around him smile with his goofy antics. He is in our latest practice and is always a welcome sight for the coaches, who might have gotten tired out over the course of the morning. This week he was sporting an extra cool mask and the Force is quite strong with him.
