Key Selling Points

Immunity + Hydration power contains key nutrients that promote consumers to boost their immune system while at the same time keep hydrate. It contains four essentials' vitamins + aminoacids

- 🌿 **Electrolytes-** May support performance and helps to regulate the balance of fluids in the body.
- 🌿 **Elderberry-** Rich in antioxidants and promotes immune system.
- 🌿 **Zinc-** Essential mineral that promotes cell growth, may enable protein and metabolism production.
- 🌿 **Ginger-** It provides anti-inflammatory properties, may lower blood sugar levels, and have a healthy digestion.

🌿 Made with:
Herbal Blend (Elderberry, Ginger, Turmeric)

Market Overview

- 🌿 The global effervescent market has been structured based on packaging type, product, application and regional sector. The tubes segment has been predominant over the packaging type segmentation on the market.
 - Effervescent tablet tubes are non-toxic and considered to be safe from microbiological attacks.
 - These tubes are consumer friendly and optimal for daily use.
- 🌿 The immune wellness market is expected to expand.
