

# We Were Born

We were born not knowing how to love, that we would be loved by our Father in heaven.

We were born not knowing how to forgive, to know that Jesus died on the cross, to show us that he forgave us.

We were born to doubt, that we may learn to have faith and hope.

We were born to die, so we could receive eternal life with our Father in heaven.

We were born to be slaves, that we might be kings in the kingdom Of God, our Father.

We were born to be last; to be the first ones in heaven to receive our crowns of diamonds and pearls.

We were born to be sinners, that we might become Saints.

We were born with broken hearts, to receive our Lord's sacred heart.

We became orphans to become children of Our Blessed Mother.

We were born to be poor, to know that everything around us belongs to us.

I thank God that his Son was born, so we each could know, with all our heart, mind, and soul that "I, too, received the greatest gift, that I WAS BORN"!!

Amen!! *Article by one of our AFM Ministers*

# New Center

The Ambassador's *Louis Constancio Life Center*, the newest building to be used for the temporary chapel and future retreats, is taking shape as the building framing nears completion. We are weeks away from getting the tin roof and siding in place. The 3 following pictures below are the front of the building.

## Looking Good, Feeling Good Retreat January 26-28, 2019

For a long time I felt hopeless whenever I tried to lose weight. I wanted so badly to look and feel better. I tried and tried, being strict with myself, exercising, but it was no use, all the while feeling so angry and guilty that it wasn't working. Methods that worked in the past no longer helped. I had cried out to the Lord, because I was so frustrated I was ready to give up and die with my obesity. And every day my health got worse along with my weight.

Maybe you can relate. My back hurt. Sometimes I couldn't bend over or walk because of the pain. I had severe headaches, where the pain was so intense I threw up. I had difficulty walking, and I had lost hope of ever feeling good again. At night I had trouble sleeping because of acid reflux, so I'd often sit up till the wee hours of the morning, getting a late start the next day because I needed to sleep in. I was tired all the time. I was more and more limited with my physical abilities every day, and, of course, my fatigue kept me from spiritual growth, too. All this started to interfere with my ability to serve in the ministry, so I needed help. That was just me.

My husband's diabetes was out-of-control. Even with medication, his blood sugar levels were like a roller-coaster ride: Sometimes his glucose level was up so high he was irritable and jittery, and then crashing to low levels that were scary with his eyesight blurry and his body off balance. We both took prescription meds to alleviate our symptoms, but that didn't help the cause. And then the door opened to healing. Thank you, Lord!

Come to hear how I lost 65 lbs. and my husband and I both reduced or totally eliminated our medications. We both feel great and are so thankful. We've found a new grace to control the illnesses that tried to kill us, and I have a deep desire to help others claim this healing, too.

If you're tired and frustrated of having chronic pain, inflammation, headaches, diabetes, high blood pressure, or any number of chronic diseases, you've got to hear the good news that you, too, can receive this grace. Start 2019 with hope!
