194 Shepard Rd. Waverly, NY 14892
607-565-2859 StrayHavenSPCA.org

Congratulations and thank you for adopting a new friend from our animal shelter. You will be rewarded with affection and love from your grateful pal. In return, be sure to offer your new pet with the care it needs to thrive in your home. The following veterinarians have agreed to give your new pet a FREE or DISCOUNTED physical examination if you call within 10 days of the adoption to schedule an appointment. **Be sure to take a copy of your adoption agreement and a fresh stool sample with you or office charges may apply.** Please note that this office covers the cost of the examination only. ***Any additional services and their charges will be your financial responsibility.***

The following are good samaritan veterinarians that have chosen to participate in the free examination program:

Remember, proper veterinary care is an essential part of your pet's life. Yearly examinations, vaccinations, quality nutrition and a watchful eye are the best preventative medicine. Daily exercise is also essential for good health and temperament. Most behavior problems are a direct result of lack of proper exercise. Please keep your pet healthy in body and mind. Feel free to call the shelter with any questions regarding care or behavior of your new pet.
