

General info, Costs, fees and tournaments

This first run will be about having fun and getting the experience. Although we would love to walk in a blow everyone away right out of the box being realistic we just want to show up and give the kids an opportunity to see what playing next level hockey is all about. Hopefully as word passes it will grow and we can have teams in several age groups, most tournaments run 6U to PRO.

Team Fees are \$300.00 and will include home and away jerseys with matching pants and the registration fees for the two tournaments mentioned below. Players will be responsible for their own travel and hotel expenses.

We would love to add more tournaments to the schedule but it will depend on the parents and what you are wanting and willing to do.

Tentative tournaments:

TCS Music City Roller Cup
